**NATIONAL LEVEL SEMINAR ON
VALUE CREATION THROUGH
ENTERPRINURSHIP**

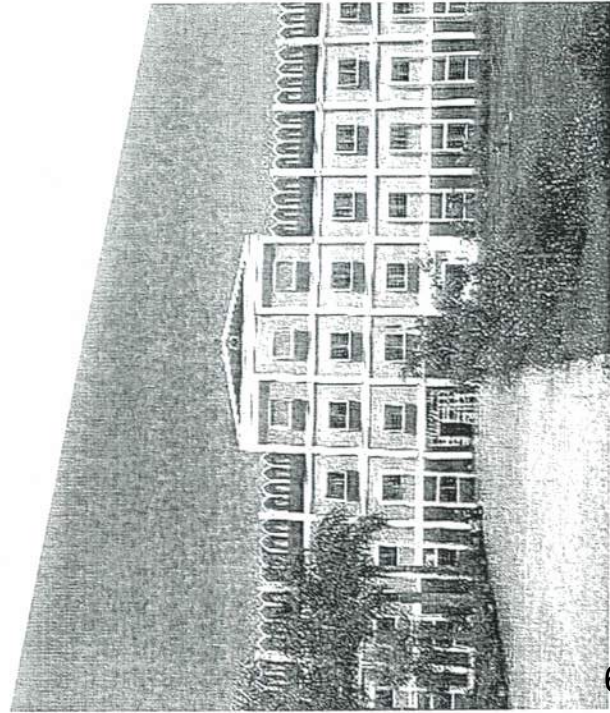

DATE: 11th & 12th January 2023

.... Organized by

**GANDHI ACADEMY OF
TECHNOLOGY & ENGINEERING**
Golanthara, Berhampur, Odisha (India)

ABOUT THE INSTITUTION

Begin its journey in the year 2009 at Berhampur, the Silk City of Odisha, Gandhi Academy of Technology and Engineering is managed by "Tarini Educational Trust". GATE, an Institute, is approved by AICTE New Delhi & Affiliated to BPUT, Rourkela, Odisha. The Institute works with a mission to provide quality education of international standards for producing technocrats and future leaders in a disciplined and conducive environment as an integral part of our social commitment to promote education globally. GATE offer graduate programmes in Mechanical Engineering, Civil Engineering, Electronics Engineering, Computer Science Engineering, Automobile Engineering and Electrical Engineering and Post Graduate Program in Mechanical Engineering. More than 3000 graduate and post graduate students are being groomed here to excel in their area of specialization. GATE's alumni have been well accepted by both public sector and private sector companies and many are holding important positions in their respective organizations.

ABOUT THE SEMINAR:

Entrepreneurship is one of the important aspects of the economy. The concept of entrepreneurship differs from place to place and person to person. It is therefore, imperative to have basic understanding of the concept of entrepreneurship. Focusing on Entrepreneurship, Dr. A P J Abdul Kalam, Former President of India, has said: The characteristics required in an entrepreneur are Desire, Drive, Discipline and Determination of late Entrepreneurship is being seen as the key driver and despite the challenging economic times and high rate of unemployment across the country, especially amongst the fresh graduates, there is a glimmer of hope which is born from the rise of the entrepreneurial spirit – which promotes capital formation, creates large scale employment opportunities, provides significant social benefits by creating social value, structures and institutions, sets the ground for innovations and most importantly promotes regional development and reduce concentration of economic power improving the standard of living and ultimately facilitating overall development of the country. Since Indian economy is one of the fastest growing economies in the world, this provides tremendous scope for the growth of entrepreneurs. However, due to the lack of awareness and non accessibility of resources that can greatly be attributed to the prevailing social structure of our country, many social and sectoral groups have not fully realized the fruits of globalization and did not foray into Entrepreneurship. Hence, there is a need to follow a dynamic and pragmatic approach to motivate and create trained entrepreneurs at the government as well as at the educational level by a balanced approach through public-private partnership and a host of other arrangements for the growth and development of India. Against this backdrop, this seminar aims at providing a platform to share the ideas and research results and obtain feedback

OBJECTIVE OF THE SEMINAR:

- ▶ Finding out various new avenues, challenges, opportunities and the emerging trends in Entrepreneurship
- ▶ To create an environment conducive to Entrepreneurship by knitting together all relevant players viz. support system institutions, governments and potential and existing entrepreneurs.
- ▶ Unleashing rural Entrepreneurship.
- ▶ Reaching out to the young minds, aspiring for Entrepreneurship both at the micro and macro level.
- ▶ Facilitating interaction among academicians and existing pool of entrepreneurs.
- ▶ To undertake and support research in Entrepreneurship and disseminate the findings through this seminar and publish them in an editorial volume.

SEMINAR THEMES:

- * Emerging trends in Entrepreneurship
- * Role of Entrepreneurship in economic development/development of India/Jharkhand
- * Entrepreneurship development initiatives by Govt. and Private educational institutions
- * Role of industry, organizations, civil society and NGOs in Entrepreneurship
- * Role of MSME Development Institutes in promoting entrepreneurship
- * Role of technology for success of entrepreneurs
- * Role of social/media in creating avenues for Entrepreneurship
- * Contribution of SHGs in Entrepreneurship Development
- * Management education for Entrepreneurship skill development
- * Entrepreneurship development training and competence building
- * Challenges for MSMEs – (Starting/growing small business)
- * Innovation in Entrepreneurship
- * Rural Entrepreneurship in India

Activity Report

Theme: National Level Seminar on Value Creation through Entrepreneurship

Introduction GANDHI ACADEMY OF TECHNOLOGY AND ENGINEERING, BERHAMPUR, Organized a national level seminar on Value Creation through Entrepreneurship . The convergence of finance and technology is rapidly reshaping the landscape of entrepreneurship, creating exciting new opportunities and challenges for aspiring business owners. A seminar exploring this synergy in the new era could yield several valuable outcomes for participants.

Objective The primary objectives of the seminar are:

- To educate about the close linkage between academic and R&D institutions on one hand and industry on the other.
- To promote entrepreneurship among Science and Technology persons, many of whom were otherwise seeking jobs soon after their graduation.
- To provide R&D support to the small-scale industry.
- To promote innovation based enterprises.

Outcomes

1. Participants were able to gain a comprehensive understanding of the Fintech landscape.
2. Participants were able to understand the enhanced importance of Fintech in entrepreneurship.
3. Participants gained knowledge about the leverage of Fintech solutions for the growth of entrepreneurship.
4. Workshops and brainstorming sessions helped participants to connect with investors and financial institutions.

Resource Persons/ Key Speakers Prof. H. Venkateshwarlu, Senior Professor and Dean to the Faculty, Osmania University, Hyderabad, Telangana State, India

No of participants 87

Valedictory Session

In the valedictory session Dr. Gouri Shankar Mohapatro, the Principal of Gandhi Academy of Technology and Engineering, expressed his gratitude to all the speakers and participants. He highlighted the importance of such programs in providing opportunities for young engineering students and faculty members to learn from experts and keep themselves up-to-date with the latest advancements in their respective fields.

The program coordinator extended a vote of thanks to all the speakers and participants for their active participation and making the program a success. He encouraged everyone to continue their learning journey and apply the knowledge gained in their research and professional work.

Subject: Invitation to be the Chief Speaker at the International Conference on Managing Trends in Technology, Economics, Tourism & Entrepreneurship

Dear Sir,

I hope this letter finds you in the best of health and spirits. It is with great honour and immense pleasure that I extend this invitation to you to serve as the Chief Speaker at our upcoming International Conference on Managing Trends in Technology, Economics, Tourism & Entrepreneurship at Gandhi Academy Of Technology and Engineering, Berhampur, Odisha, India on 18th January 2023 to 19th January 2023.

Your insights and expertise would immensely benefit the audience comprising researchers, scholars, and professionals. Your presence would undoubtedly inspire and motivate participants to delve deeper into the domains. It gives us an immense pleasure to invite you as the Chief Speaker of the inaugural session of our International Conference on 18th January at 10.00 AM

Kindly Accept our invitation and grace the occasion with your benign presence.

Thanking you in anticipation,

Yours sincerely,

INTERNATIONAL CONFERENCE ON MANAGING TRENDS IN TECHNOLOGY, ECONOMICS, TOURISM & ENTREPRENEURSHIP (MTETE) - 2023

.... Organized by
GANDHI ACADEMY OF TECHNOLOGY & ENGINEERING
Golanthara, Berhampur, Odisha (India)

OBJECTIVES OF THIS CONFERENCE

- ▶ To create awareness amongst participants, students, research scholars and faculty members about the challenges and focus areas in the 'New Normal' in the fields of Management, Entrepreneurships, and Economics Development.
- ▶ To facilitate interaction among entrepreneurs, organizations, researchers, and academia.
- ▶ To explore thrust areas of research in this contemporary & pertinent topic.
- ▶ To provide networking opportunity to participants, scholars, students, faculty members and experts.
- ▶ To provide a platform to participants, scholars & faculty to showcase their research.

WHO SHOULD ATTEND?

- Students: UG / PG/ Research Scholars
- Professional Courses
- Management Trainees & Technical Trainees / Associates
- Academicians / Faculty Members / Teachers

REGISTRATION FEE FOR PRESENTATION OF PAPER

Faculty/Professional/Research Scholar/Other Rs 500/-
Both Author and Co-Author have to pay individually.

ADVISORY BOARD

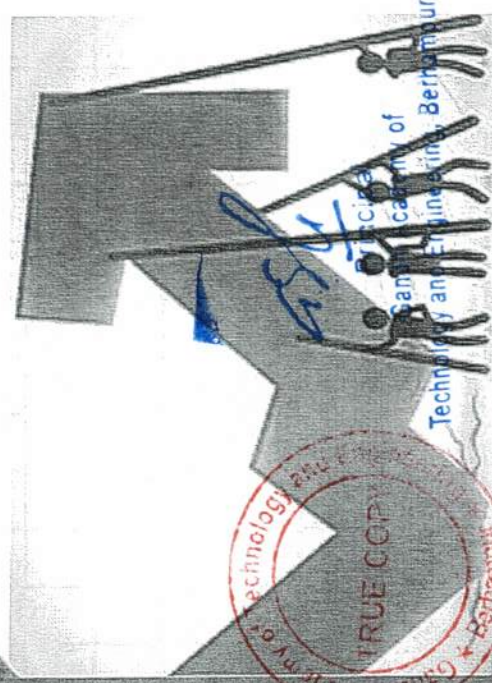

PROF. (DR.) PRAKASH CH. MISHRA
PG Dept. of Commerce

ABOUT THE DEPARTMENT

The Post-Graduation Department of Business Administration at GATE impart provide specialization in three categories of HR Management, General Management, and International Business. GATE is one of the few colleges in Odisha which started to provide International Business as a course subject in its study curriculum.

Several co-curricular activities such as special lectures, workshops, seminars, and conferences are regularly conducted for the benefit of the students and teaching fraternity. The Department is always remained in forefront among the students and academicians owing to its unique teaching, learning and evaluation.

ABOUT THE INSTITUTION

Began its journey in the year 2009 at Berhampur, the Silk City of Odisha, Gandhi Academy of Technology and Engineering is managed by "Tarni Educational Trust". GATE, an Institute, is approved by AICTE New Delhi & Affiliated to BPUT, Rourkela, Odisha. The Institute works with a mission to provide quality education of international standards for producing technocrats and future leaders in a disciplined and conducive environment as an integral part of our social commitment to promote education globally. GATE offer graduate programmes in Mechanical Engineering, Civil Engineering, Electronics Engineering, Electrical Engineering and Post Graduate Program in Mechanical Engineering. More than 3000 graduate and post graduate students are being groomed here to excel in their area of specialization. GATE's alumni have been well accepted by both public sector and private sector companies and many are holding important positions in their respective organizations.

ABOUT THE CONFERENCE

GATE is honored to organize an international conference to provide a common platform for students, researchers, academicians, and professionals to collectively reflect on various contemporary issues, share their experiences, and develop collaborations that synergize the growth and development management fraternity. The seminar gives strategic direction for policy creation and future orientation of the themes discussed. The ongoing pandemic has highlighted the significance of One World. Massive conglomerates are fighting to stay afloat, while previously unknown new concepts are being adopted internationally. It is imperative that nations band together and leverage each other's capabilities. The increase in fresh entrepreneurial ideas has demonstrated that the difficulties of the present may also be transformed into opportunities. These prospects that will emerge in this "new normal" will not only free the globe from the grip of economic crisis but will also pave the path for economic growth and social progress. In this context, the Department of Business Administration on the GATE campus will host a one-day International Seminar.

Activity Report

Theme: Two days International Conference on Managing Trends in Technology, Economics, Tourism & Entrepreneurship

Introduction GANDHI ACADEMY OF TECHNOLOGY AND ENGINEERING, BERHAMPUR, Organized a two days international e-conference on Managing Trends in Technology, Economics, Tourism & Entrepreneurship. The convergence of finance and technology is rapidly reshaping the landscape of entrepreneurship, creating exciting new opportunities and challenges for aspiring business owners. A seminar exploring this synergy in the new era could yield several valuable outcomes for participants.

Objective The primary objectives of the seminar are:

- To educate about the close linkage between academic and R&D institutions on one hand and industry on the other.
- To promote entrepreneurship among Science and Technology persons, many of whom were otherwise seeking jobs soon after their graduation.
- To provide R&D support to the small-scale industry.
- To promote innovation based enterprises.

Outcomes

1. Participants were able to gain a comprehensive understanding of the Fintech landscape.
2. Participants were able to understand the enhanced importance of Fintech in entrepreneurship.
3. Participants gained knowledge about the leverage of Fintech solutions for the growth of entrepreneurship.
4. Workshops and brainstorming sessions helped participants to connect with investors and financial institutions.

Resource Persons/ Key Speakers Dr. A.K.M. Saiful Islam, Professor, Bangladesh University of Engineering and Technology (BUET), Dhaka, Bangladesh.

No of participants 85

Valedictory Session In the valedictory session Dr. Gouri Shankar Mohapatro, the Principal of Gandhi Academy of Technology and Engineering, expressed his gratitude to all the speakers and participants. He highlighted the importance of such programs in providing opportunities for young engineering students and faculty members to learn from experts and keep themselves up-to-date with the latest advancements in their respective fields. The program coordinator extended a vote of thanks to all the speakers and participants for their active participation and making the program a success. He encouraged everyone to continue their learning journey and apply the knowledge gained in their research and professional work.

Subject: Invitation to be Chief Resource Person at the National Workshop on Research Methodology in Social Sciences

Dear Sir,

Gandhi Academy of Technology and Engineering, Berhampur is organizing a National Workshop on Research Methodology in Social Sciences on 28th.01.2023 to 29th.01.2023

This programme is designed to impart knowledge on quantitative and qualitative analyses used in research along with many important concepts of research methodology which are useful for perusing research. This programme will try to give exposure on advanced statistical tools & techniques used for analyzing field data. Your global knowledge and vast experiences are unparalleled in academics and research. It gives us an immense pleasure to invite you as the Chief Resource person of the said workshop which is scheduled to be held on 28th Jan 2023 to 29th Jan 2023.

Kindly Accept our invitation and grace the occasion with your benign presence. We are certain that our participants will benefit a lot from your experiential knowledge sharing on the worthy workshop.

Thanking you in anticipation,

Yours sincerely,

Program coordinator

Principal
Gandhi Academy of
Technology and Engineering, Berhampur

Course Overview

Broad Topics to be covered in the Workshop are as follows:

- Introduction to Research Methodological issues in Social Science Research
- Steps in Research Process:
 - a) Identification of Research Problem
 - b) Converting Problem into Research
 - c) Formulation and Planning Concepts in Research
- Research Design and its use in research
- Preparation of Questionnaire and schedule
- Formulation of Hypotheses, Types of Hypotheses, Testing of Hypotheses
- Overview on Quantitative and Qualitative Research Methods
- Data Collection Tools and Techniques
- Data and e-resources
- Objectivity in Social Science Research
- Content and Discourse Analysis
- Formulation of Research Proposal and writing Synopsis
- Sampling: Techniques and Methods.
- Plagiarism: What is it? And How to check and avoid it
- Report Writing and Referencing

CONFERENCE REGISTRATION FEE*

Registration fee: Rs. 500/- per participant. Registration Fee to be paid online. Details of payment will be provided after selection. The participation in the programme will be on last come first out basis.

ABOUT GATE

Began its journey in the year 2009 at Berhampur, the Silk City of Odisha, Gandhi Academy of Technology and Engineering is managed by "Tarini Educational Trust". GATE, an Institute, is approved by AICTE New Delhi & Affiliated to BPUT, Rourkela, Odisha. The Institute works with a mission to provide quality education of international standards for producing technocrats and future leaders in a disciplined and conducive environment as an integral part of our social commitment to promote education globally. GATE offer graduate programmes in Mechanical Engineering, Civil Engineering, Electronics Engineering and Electrical Engineering and Post Graduate Program in Mechanical Engineering. More than 3000 graduate and post graduate students are being groomed here to excel in their area of specialization. GATE's alumni have been well accepted by both public sector and private sector companies and many are holding important positions in their respective organizations.

About the Workshop

Several co-curricular activities such as special lectures, workshops, seminars, and conferences are regularly conducted for the benefit of the students and teaching fraternity. The Department is always remained in forefront among the students and academicians owing to its unique teaching, learning and evaluation.

GATE invites applications from faculty member of colleges, universities, management executives and research scholars who wish to enhance their understanding on Research Methodology and Data Management.

This programme is designed to impart knowledge on quantitative and qualitative analyses used in research along with many important concepts of research methodology which are useful for perusing any scientific research. This programme will try to give exposure on advanced statistical tools & techniques used for analyzing field data.

This programme will also help the participants address the challenges and finding opportunities in the field of teaching & research in a correct and meaningful way. This Two-day Programme is designed to familiarize academicians

practitioners of statistics, management executives and researchers with the application of statistical software used for analyzing data and interpreting the outputs. The core objective of this workshop is to help the participants understand the essential skills required to conduct a scientific research based on empirical data.

Objective of the Workshop

- To make the research comfortable with application of the quantitative and qualitative tools in research.
- To help understand fundamentals of Research. To help in learning application of advanced statistical concepts for analyzing data.
- To draw valid inferences and meaningful conclusions from the statistical analysis.
- To make the participants expert in developing a research proposal.

Activity Report

Theme: Two days National workshop on Research Methodology in Social Sciences

Introduction GANDHI ACADEMY OF TECHNOLOGY AND ENGINEERING, BERHAMPUR, Organized a two days workshop on Research Methodology in Social Sciences. A workshop Opens the Door to Powerful Insights and on A Workshop on Research Methodology in Management and Statistical Analysis This intensive workshop invites the participants to embark on a journey of discovering the essential tools and techniques for conducting impactful research in the dynamic world of management.

Objective The primary objectives of the workshop are:

- To equip participants with the knowledge and skills necessary to conduct sound research in the field of management.
- To develop critical thinking and analytical skills for evaluating research findings and making informed decisions.
- To promote understanding of the research process from problem identification to data analysis and interpretation.
- To provide hands-on experience with statistical analysis tools and techniques commonly used in management research.

Outcomes

- Improved Knowledge and Skills: Greater understanding of research methodologies: Participants may gain a clearer understanding of various research designs, data collection methods, and ethical considerations in management research.
- Enhanced statistical analysis skills: The workshop could equip participants with basic or advanced statistical analysis techniques using software like SPSS, R, or State, along with the ability to interpret data and draw meaningful conclusions.
- Develop research proposals and research questions: Many workshops provide guidance on formulating research questions, framing hypotheses, and developing strong research proposals.
- Enhanced confidence and competence: Gaining knowledge and skills in research methodology can boost participants' confidence and make them feel more competent in conducting and analyzing research in their field.

Subject: Invitation to be Chief Resource Person at the National Workshop on Interdisciplinary Approach of Statistical Techniques in Research Methodology.

Dear Sir,

Gandhi Academy of Technology and Engineering, Berhampur, Odisha is organizing a "National Workshop on Interdisciplinary Approach of Statistical Techniques in Research Methodology" on 08.02.2023.

This programme is designed to impart knowledge on quantitative and qualitative analyses used in research along with many important concepts of research methodology which are useful for perusing research. This programme will try to give exposure on advanced statistical tools & techniques used for analyzing field data. Your global knowledge and vast experiences are unparalleled in academics and research. It gives us an immense pleasure to invite you as the Chief Resource person of the said workshop which is scheduled to be held on 08th February 2023.

Kindly Accept our invitation and grace the occasion with your benign presence. We are certain that our participants will benefit a lot from your experiential knowledge sharing on the worthy workshop.

Thanking you in anticipation,

Yours sincerely,

Program coordinator

Principal
Gandhi Academy of
Technology and Engineering, Berhampur

Brief of our plan

The primary objectives of this event are to assess the past developments in the field of statistics and then to discuss the future directions of statistical theory. Emphasis will also be placed to discuss the necessary reforms in statistical training and education because statistics have become an integral part of almost every area of life including social science. The workshop/conference will provide an opportunity for exploring the potential of their applications in new interdisciplinary area. There will be one session for paper presentation. Eminent experts are invited to deliver lectures

Important Dates

Last date of receiving application form : 05.02.2023
Last date of receiving abstracts: 05.02.2023
Full paper submission : 06.02.2023
Intimation of acceptance : 07.02.2023

CERTIFICATE OF PARTICIPATION

The participants will be provided Certificates on successful completion of the course. It is mandatory for all participants to attend all the classes/sessions.

ABOUT GATE

Began its journey in the year 2009 at Berhampur, the Silk City of Odisha, Gandhi Academy of Technology and Engineering is managed by "Tarini Educational Trust". GATE, an Institute, is approved by AICTE New Delhi & Affiliated to BPUT, Rourkela, Odisha. The Institute works with a mission to provide quality education of international standards for producing technocrats and future leaders in a disciplined and conducive environment as an integral part of our social commitment to promote education globally. GATE offer graduate programmes in Mechanical Engineering, Civil Engineering, Electronics Engineering, Post Graduate Program in Mechanical Engineering. More than 3000 graduate and post graduate students are being groomed here to excel in their area of specialization. GATE's alumni have been well accepted by both public sector

excel in their area of specialization. GATE's alumni have been well accepted by both public sector and private sector companies and many are holding important positions in their respective organizations.

Several co-curricular activities such as special lectures, workshops, seminars, and conferences are regularly conducted for the benefit of the students and teaching fraternity. The Department is always remained in forefront among the students and academicians owing to its unique teaching, learning and evaluation. GATE invites applications from faculty member of colleges, universities, management executives and research scholars who wish to enhance their understanding on Research Methodology and Data Management

REGISTRATION FEE

No registration fee will be charged from the participants for this Research Methodology Workshop.

Announcement

We are pleased to announce that the Gandhi Academy of Technology and Engineering, Berhampur is organizing a workshop / conference on "Interdisciplinary Approach of Statistical Techniques in Research Methodology" (IASTRM). The workshop is proposed on 08.02.2020. Statistics plays a vital role in the interdisciplinary research. The workshop/conference has been designed in such a way that it covers the major aspects of latest trend. There have been significant development in the field of statistics which are now been applied to various fields. This event will put emphasis on the latest trend and would provide a platform for exchange of new innovations and ideas. The workshop/conference aims to sensitize participants about the use of statistical software for research policy-planning and decision making. The participants will be exposed to data analysis using various statistical softwares. The main objective of the event is to train to the participants for using statistical software such as SPSS

Subject: Invitation to be the Chief Speaker in Two Day National Conference on Reforms in Intellectual Property Laws in India

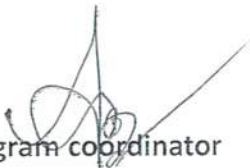

Dear Sir,

Gandhi Academy of Technology and Engineering, Berhampur is organizing a National Conference on Reforms in Intellectual Property Laws in India scheduled to be held on 22nd and 23rd February 2023. Your global knowledge and vast experiences are unparalleled in academics and research. It gives us an immense pleasure to invite you as Chief Speaker at Conference on Reforms in Intellectual Property Laws in India on 22nd February 2023 at 10.00 AM.

Kindly Accept our invitation and grace the occasion with your benign presence. We are certain that our participants will benefit a lot from your experiential knowledge sharing on the said Conference.

Thanking you in anticipation,

Yours sincerely,

Program coordinator

TWO DAY NATIONAL CONFERENCE ON REFORMS IN INTELLECTUAL PROPERTY LAWS IN INDIA (February 22-23, 2023)

INTELLECTUAL PROPERTY
 LAW

.... Organized by

**GANDHI ACADEMY OF
 TECHNOLOGY & ENGINEERING**
 Golanthara, Berhampur, Odisha (India)

Challenges to the enforcement of Intellectual Property Rights in today's globalised world have shown that, there are many unanswered questions and grey areas in the prevalent Intellectual Property laws in India. IPR in this technologically advanced era is pluralistic in nature, i.e., they are a culmination of different theories that have been developed with time. There have been numerous disputes about the interpretation, scope, and justifications of intellectual property. These disputes raise variety of legal, moral, economic, political issues; most of them also touch on the fundamental issue in IP law and policy. Last three decades have seen many new facets of Intellectual Property and many issues have been seen with regards to them. Fields of Intellectual properties like Artificial Intelligence, Traditional Knowledge, Traditional Cultural Expressions, protection of Geographical Indications, patenting of DNA, plants, etc. have seen more rising issues and have opened the doors for protection to many new fields of Intellectual Properties.

The IPR regime in India has developed with the international developments and India has tried to maintain the development with the same pace as the other developing and developed countries have done. India is aiming to fight at the global level to be at par with developed countries. It becomes of major importance for India to strengthen its soft power at the International platform. Strengthening the IPR regime would give India the edge at such International platform. Although, we have observed significant changes in the National Laws, we still have a long road ahead to stand with countries like, US, China and Japan. The changing nature of Intellectual Property due to technological advancement, globalisation has resulted in new issues and challenges. The Indian IPR regime needs to focus not only on the legal regime but also on the organisational structure of the IP Offices in the country. Challenges like delay in examination needs be addressed and at the same time the focus needs to be shift towards the nomenclature of the Office of Controller General of Patents, Designs and Trade Marks (CGPDTM).

Gandhi Academy of Technology and Engineering, Berhampur, Odisha takes this opportunity to provide a platform for the intellectual discourse by organising Two Day Virtual National Conference on "Reforms in Intellectual Property Laws in India". This Conference poses to revisit the laws related to Intellectual Property and to discover and explore suggestions to overcome existing lacunas in the laws.

BROAD SUB-THEMES OF THE CONFERENCE

- Need for Reforms in the Patents Act 1970;
- Need for Reforms in the Copyright Act 1957;
- Need for Reforms in the Trade Marks Act 1999;
- Need for Reforms in the Designs Act 2000;
- Need for Reforms in the Geographical Indication of Goods (Registration and Protection) Act 1999;
- Need for Reforms in the Semiconductor Integrated Circuits Layout-Design Act 2000;
- Protection of Traditional Knowledge and Traditional Cultural Expressions; and,
- Protection of Undisclosed Information, including Trade Secrets and Test Data.

ABOUT THE INSTITUTION

Begin its journey in the year 2009 at Berhampur, the Silk City of Odisha, Gandhi Academy of Technology and Engineering is managed by "Tarini Educational Trust". GATE, an Institute, is approved by AICTE New Delhi & Affiliated to BPUT, Rourkela, Odisha. The Institute works with a mission to provide quality education of international standards for producing technocrats and future leaders in a disciplined and conducive environment as an integral part of our social commitment to promote education globally. GATE offer graduate programmes in Mechanical Engineering, Civil Engineering, Electronics Engineering, Computer Science Engineering, Automobile Engineering and Electrical Engineering and Post Graduate Program in Mechanical Engineering. More than 3000 graduate and post graduate students are being groomed here to excel in their area of specialization. GATE's alumni have been well accepted by both public sector and private sector companies and many are holding important positions in their respective organizations.

PROCEDURE FOR ABSTRACT SUBMISSION

An abstract (250-350 words) should be submitted as an attachment in a word file. Abstracts will be peer reviewed before they are accepted. The following information, in the given format, should be sent along with the abstract:

- Name of the Participant
- Official Designation / Institution Details
- Address and Email ID
- Title of Abstract
- Mobile No.

Note- The Submission of abstract and final paper will be through <https://sites.google.com/view/virtual-national-conference/home>

GUIDELINES FOR SUBMISSION OF PAPERS

- Full papers should be prepared (1) in the MS-Word format, (2) Font: Times New Roman, (3) Title of the paper: Font 14, (4) Subtitles: Font 13, (5) Body text: Font 12, (5) Spacing: 1.5 lines, and (6) should not exceed 6,000 words (including footnotes). Exceeding the word limit may lead to rejection of papers.
- Submission of a paper amounts to consent to such publication and transfer of copyright to Gandhi Academy of Technology and Engineering (GATE), Berhampur and consent to edit the paper as may be required. The author shall cooperate with the editor, in respect of such editing.
- All references must be in the form of footnotes with font size 10 and should be according to the Bluebook 19th Edition.
- The work should be original, previously unpublished and must not be in the stage of submission/ consideration elsewhere.

PUBLICATION OPPORTUNITY

All the final submission shall be subjected to blind peer review and plagiarism check, subsequent to which the selected papers will be considered for publication in an Edited Book (with ISBN).

RULES FOR THE PARTICIPANTS

The abstracts will be peer reviewed by the organizing committee and only shortlisted abstracts will be invited to submit final papers. The final paper should be submitted after the intimation of acceptance of abstract. The final submission shall be concluded within the prescribed deadline.

- No abstract or full paper shall be accepted after the last dates of submission, respectively.
- Participants/Paper Presenters have to register after the acceptance of abstract with payment of required fees.
- For participation, registration is mandatory on confirmation of the participation.
- Only registered participants will be allowed to take part in the Conference.
- All the registered participants will be provided with participation certificates

Activity Report

Theme: Two Day National Conference On Reforms in Intellectual Property Laws in India

Introduction GANDHI ACADEMY OF TECHNOLOGY AND ENGINEERING, BERHAMPUR, Organized a Two Day National Conference On Reforms in Intellectual Property Laws in India with an objective to enrich the budding entrepreneurs about the importance of intellectual properties in managing business.

Objective The primary objectives of the workshop are:

- To Equip participants with the knowledge and skills necessary to conduct sound research in the field of management.
- To Develop critical thinking and analytical skills for evaluating research findings and making informed decisions.
- To Promote understanding of the research process from problem identification to data analysis and interpretation.
- To Provide hands-on experience with statistical analysis tools and techniques commonly used in management research.
- To make the participants Understand the different types of research designs (quantitative, qualitative, mixed methods) and their appropriateness for different research questions in management.

Outcomes

- Improved Knowledge and Skills: Greater understanding of research methodologies: Participants may gain a clearer understanding of various research designs, data collection methods, and ethical considerations in management research.
- Enhanced statistical analysis skills: The workshop could equip participants with basic or advanced statistical analysis techniques using software like SPSS, R, or Stata, along with the ability to interpret data and draw meaningful conclusions.
- Develop research proposals and research questions: Many workshops provide guidance on formulating research questions, framing hypotheses, and developing strong research proposals.
- Enhanced confidence and competence: Gaining knowledge and skills in research methodology can boost participants' confidence and make them feel more competent in conducting and analyzing research in their field.

Resource Persons/ Key Speakers Prof. (Dr.). Bhabakrushna Mohanty, Professor, Department of Decision Science, IIM, Lucknow, UP India

No. of Participants : 77

VALEDICTORY SESSION In the valedictory session Dr. Gouri Shankar Mohapatro, the Principal of Gandhi Academy of Technology and Engineering, expressed his gratitude to all the speakers and participants. He highlighted the importance of such programs in providing opportunities for young engineering students and faculty members to learn from experts and keep themselves up-to-date with the latest advancements in their respective fields. The program coordinator extended a vote of thanks to all the speakers and participants for their active participation and making the program a success. He encouraged everyone to continue their learning journey and apply the knowledge gained in their research.

INTELLECTUAL PROPERTY

TWO DAYS INTERNATIONAL SEMINAR ON CONTEMPORARY ISSUES IN INTELLECTUAL PROPERTY RIGHTS

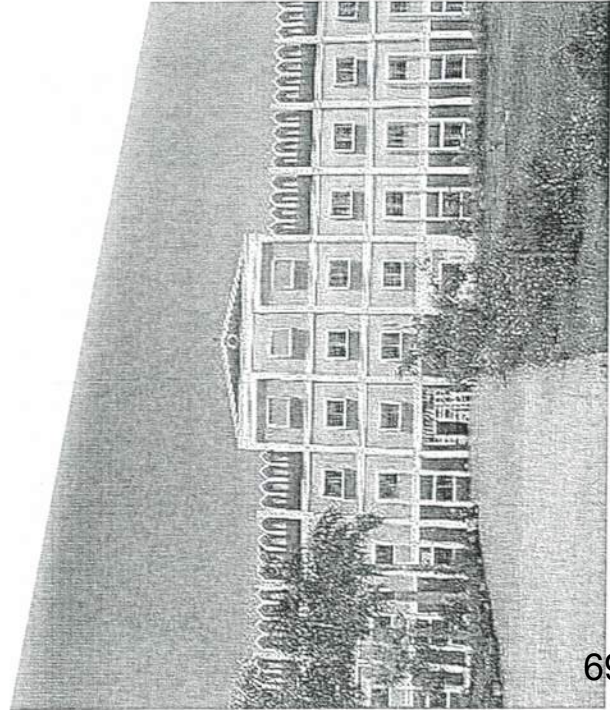

DATE: 11.03.2023 to 12.03.2023

Principal
Gandhi Academy of
Technology and Engineering, Berhampur Organized by

GANDHI ACADEMY OF
TECHNOLOGY & ENGINEERING
Golanthara, Berhampur, Odisha (India)

ABOUT THE INSTITUTION

Begin its journey in the year 2009 at Berhampur, the Silk City of Odisha, Gandhi Academy of Technology and Engineering is managed by "Tarin Educational Trust". GATE, an Institute, is approved by AICTE New Delhi & Affiliated to BPUT, Rourkela, Odisha. The Institute works with a mission to provide quality education of international standards for producing technocrats and future leaders in a disciplined and conducive environment as an integral part of our social commitment to promote education globally. GATE offer graduate programmes in Mechanical Engineering, Civil Engineering, Electronics Engineering, Computer Science Engineering, Automobile Engineering and Electrical Engineering and Post Graduate Program in Mechanical Engineering. More than 3000 graduate and post graduate students are being groomed here to excel in their area of specialization. GATE's alumni have been well accepted by both public sector and private sector companies and many are holding important positions in their respective organizations.

Concept Note

The International Seminar on "Contemporary Issues in Intellectual Property Rights" is taking place on 28th & 29th July, 2021 Online. The International Seminar on Contemporary Issues in Intellectual Property Rights is being organized by GATE Berhampur. The Seminar aims to examine and analyze the Contemporary Issues in Intellectual Property Rights of today's times. The International Seminar will be attended by various international delegates and speakers as also representatives from the national Diaspora representing the stakeholders in the digital ecosystem and alive web.

Objectives

The intellectual property is a creation of mind. It is in the form of copyright, patents, Trademarks, design, integrated circuit layout design, trade secret, and geographical indications, bio-technological inventions, traditional knowledge, and inventions related to plant varieties, farmers and plant breeders rights. Every types of intellectual creation are socio-economic oriented. To provide a platform for stakeholders like organizations working at international and national levels, legislatures, civil societies, researchers, practitioners, academicians, activists and policy makers to deliberate and discuss what is required to build strategies and address the constraints in inclusive practices towards the betterment of the society.

The Organizing Committee welcomes original papers, relating to, but not limited to the following topics:

The goal of this conference is to bring together the faculty members, scientists, scholars and students from universities, research institutes, and industry from all around the nation to create large public awareness about the pivotal role of Intellectual Property Rights which includes drafting of patent specifications, filing of patents, Copyrights and Trademarks etc.

Topics to be covered

1. National and International IPR Policies
2. Commercialization of Intellectual Property Rights
3. Patent and Its Issue
4. Copy Right Law in India
5. Trade Mark: Counterfeiting and Infringement of Trademarks
6. Law Related to Industrial Design and Issues
7. Geographical Indications: Geographical Indication and Issue of Duplicity, Infringement and unfair competition
8. Plant Variety Protection: Breeders' Rights and PVPPFR

Note: These Themes are not exhaustive; Authors are open to work on any topic related to above-mentioned theme.

Procedure for Submission of Abstracts:

- Abstract (of about 250 words) should be sent as an attachment in a word file. Abstracts will be peer reviewed before they are accepted.
- The following information, in the given format, should be send along with the Abstract:
 - Name of the Participant, Official Designation / Institution Details, Address and Email id, Title of Abstract
 - Submit your abstract to abhisekpradhan001@gmail.com

Activity Report

Theme: Two Day International Seminar on Contemporary Issues in Intellectual Property Rights

Introduction GANDHI ACADEMY OF TECHNOLOGY AND ENGINEERING, BERHAMPUR, Organized **national workshop on intellectual property rights** with an objective to enrich the budding entrepreneurs about the importance of intellectual properties in managing business.

Objective The primary objectives of the workshop are:

- To Equip participants with the knowledge and skills necessary to conduct sound research in the field of management.
- To Develop critical thinking and analytical skills for evaluating research findings and making informed decisions.
- To Promote understanding of the research process from problem identification to data analysis and interpretation.
- To Provide hands-on experience with statistical analysis tools and techniques commonly used in management research.
- To make the participants Understand the different types of research designs (quantitative, qualitative, mixed methods) and their appropriateness for different research questions in management.

Outcomes

- **Improved Knowledge and Skills:** Greater understanding of research methodologies: Participants may gain a clearer understanding of various research designs, data collection methods, and ethical considerations in management research.
- **Enhanced statistical analysis skills:** The workshop could equip participants with basic or advanced statistical analysis techniques using software like SPSS, R, or Stata, along with the ability to interpret data and draw meaningful conclusions.
- **Develop research proposals and research questions:** Many workshops provide guidance on formulating research questions, framing hypotheses, and developing strong research proposals.
- **Enhanced confidence and competence:** Gaining knowledge and skills in research methodology can boost participants' confidence and make them feel more competent in conducting and analyzing research in their field.

Resource Persons/ Key Speakers Dr. Jose Vargas-Hernandez, Research Professor, University Center for economic and Mana, Mexico, ZIP Code: 45100

No. of Participants : 83

VALEDICTORY SESSION

In the valedictory session Dr. Gouri Shankar Mohapatro, the Principal of Gandhi Academy of Technology and Engineering, expressed his gratitude to all the speakers and participants. He highlighted the importance of such programs in providing opportunities for young engineering students and faculty members to learn from experts and keep themselves up-to-date with the latest advancements in their respective fields.

The program coordinator extended a vote of thanks to all the speakers and participants for their active participation and making the program a success. He encouraged everyone to continue their learning journey and apply the knowledge gained in their research.

Kindly Accept our invitation and grace the occasion with your benign presence. We are certain that our participants will benefit a lot from your experiential knowledge sharing on Entrepreneurial research.

Thanking you in anticipation,

Yours sincerely,

Program coordinator

Principal
Gandhi Academy of
Technology and Engineering, Berhampur

The major thrust to develop the entrepreneurial spirit within organizational boundaries, thus allowing an atmosphere of innovation to prosper. The modern industry, then, is forced into seeking avenues for developing inhouse entrepreneurship. To do otherwise is to wait for stagnation, loss of personnel, and decline. This new "industry revolution" represents an appreciation for and a desire to develop entrepreneurs within the corporate structure. Start-ups face a lot of people challenges which impede their path to scalability and sustainability. A focus on entrepreneurial culture and attitude, talent and learning development and External relation management and innovation can help organisations evolve into mature organisations. The growth and development of industries, services and agriculture depends on a developed infrastructure base. The economic development of a region more or less depends on its development, status of the social and economic infrastructure. Infrastructure development is a pre-requisite for the growth and economy of entrepreneurship culture in economy. Nourishing the latest entrepreneurial talent is greatly facilitated through the availability of contributing to physical, social, financial and marketing infrastructure and a dynamic policy of the government promoting infrastructure development. Communication, power, transportation, water supply, irrigation, drainage system, IT, tourism exhibits physical infrastructure. The recommended Papers will also be considered for publication in the International Journal of the Department.

A lot of the sub themes on the seminar (not strictly limited) is given below:

1. Rural Entrepreneurship, Innovative Business, SHG Business, Micro Business, Bottom of Pyramid, Role of MSME, Role of EDIP, Role of NABARD, Role of Financial Institution, Role of Commercial Bank for Development of Entrepreneurship.

Role of Tourism Industry, Role of Cottage and Small Scale industry, Role of Horticulture and Floriculture and livestock, Forest Product, Fishery and Aquaculture and poultry.

ABOUT THE INSTITUTION

Begin its journey in the year 2009 at Berhampur, the Silk City of Odisha, Gandhi Academy of Technology and Engineering is managed by "Tarini Educational Trust". GATE, an Institute, is approved by AICTE New Delhi & Affiliated to BPUT, Rourkela, Odisha. The Institute works with a mission to provide quality education of international standards for producing technocrats and future leaders in a disciplined and conducive environment as an integral part of our social commitment to promote education globally. GATE offer graduate programmes in Mechanical Engineering, Civil Engineering, Electronics Engineering, Computer Science Engineering, Automobile Engineering and Electrical Engineering and Post Graduate Program in Mechanical Engineering. More than 3000 graduate and post graduate students are being groomed here to excel in their area of specialization. GATE's alumni have been well accepted by both public sector and private sector companies and many are holding important positions in their respective organizations.

ABOUT THE SEMINAR:

The objective of Seminar is to discuss and debate on the various ways of promoting Entrepreneurship in the present era. Political and economic factors have an extensive effect on the entrepreneurial spirit and entrepreneurs of today have to maintain a system of external relation

and linkage for growth and sustainability. There are many issues that impact negatively on Indian entrepreneurship like Lack of political unity and stability, absence of effective communication systems, existence of custom barriers and oppressive tax policies, prevalence of innumerable currency system until around the third decade of the 20th century. Indian Entrepreneurship ruled by the community system was organized in a very simple type of economic and social way.

ENTREPRENEUR AND ATTITUDE:

The attitude of an Entrepreneur may be like the following:

- Specific, achievable, realistic and time bound goals.
- Innovative, creative and hard/ smart working.
- Risk management
- High achievement motivation
- Moderate risk taking – not high nor low
- Time conscious- Target setting
- Goal setting behavior – SMART goals
- Urge for excellence and positive attitude
- Sustenance & growth & Diversification
- Organizing resources & Management
- Problem solving and not problem avoidance
- Action oriented – believes in action and see results
- Well aware of strengths to make relation with external parties
- Ability to perceive Learning
- Pragmatic and realistic in their approach

Entrepreneurship has been privy to India and despite various schemes being in place the country has not witnessed the natural gradation from self-employment to entrepreneurship as a part of the growth process excepting a few cases.

Innovation and Entrepreneurship:

The global economy is creating significant changes for industries throughout the world.

Continuous innovation-

(in terms of products, processes, and administrative routines and structures) and an ability to compete effectively in international markets are among the skills that increasingly are expected to influence corporate performance in the twenty-first century's global economy. In recent years, innovation has become technology, though very few people thoroughly understand the concept. In the entrepreneurial ecosystem the journey of an entrepreneur begins from conceiving an idea to developing it into a project proposal for starting a business. The hand holding is required at this stage which is lacking. The entrepreneur is saddled with regulatory hurdles and financial blocks in moving the start-up ahead.

The availability of risk capital from banks or venture capital companies is limited. Poor infrastructure availability also increases the operational costs for the startups.

Activity Report

Theme: National Seminar on Entrepreneurship and Business Innovation in India: A Gap in Micro and Small Industries

Introduction GANDHI ACADEMY OF TECHNOLOGY AND ENGINEERING, BERHAMPUR, Organized a National Seminar on Entrepreneurship and Business Innovation in India: A Gap in Micro and Small Industries. The convergence of finance and technology is rapidly reshaping the landscape of entrepreneurship, creating exciting new opportunities and challenges for aspiring business owners. A seminar exploring this synergy in the new era could yield several valuable outcomes for participants.

Objective The primary objectives of the seminar are:

- To educate about the close linkage between academic and R&D institutions on one hand and industry on the other.
- To promote entrepreneurship among Science and Technology persons, many of whom were otherwise seeking jobs soon after their graduation.
- To provide R&D support to the small-scale industry.
- To promote innovation based enterprises.

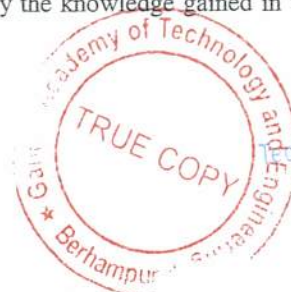

Outcomes

1. Participants were able to gain a comprehensive understanding of the Fintech landscape.
2. Participants were able to understand the enhanced importance of Fintech in entrepreneurship.
3. Participants gained knowledge about the leverage of Fintech solutions for the growth of entrepreneurship.
4. Workshops and brainstorming sessions helped participants to connect with investors and financial institutions.

Resource Persons/ Key Speakers Prof. (Dr.) Manas Pandey, Senior Professor, Department of Business Economics, VBSP University, Jaunpur, UP.

No of participants 86

Valedictory Session In the valedictory session Dr. Gouri Shankar Mohapatro, Principal of Gandhi Academy of Technology and Engineering, expressed his gratitude to all the speakers and participants. He highlighted the importance of such programs in providing opportunities for young engineering students and faculty members to learn from experts and keep themselves up-to-date with the latest advancements in their respective fields. The program coordinator extended a vote of thanks to all the speakers and participants for their active participation and making the program a success. He encouraged everyone to continue their learning journey and apply the knowledge gained in their research and professional work.

Sub: Invitation to be the Chief Speaker for International conference on Building Social Entrepreneurial Ecosystem for Sustainability and Resilient Society, schedule to be held on 29.01.2022 to 30.01.2022.

Dear Sir,

Gandhi Academy of Technology and Engineering, Berhampur, Odisha, India is organizing an "International conference on Building Social Entrepreneurial Ecosystem for Sustainability and Resilient Society" on 29.01.2022 to 30.01.2022. Your knowledge and vast experiences are excellent in academics and research. It gives us an immense pleasure to invite you as the Chief Speaker of the inaugural session of our Conference which will schedule to be held on 29th January at 10.00 AM.

Kindly Accept our invitation and grace the occasion with your benign presence. We are certain that our participants will benefit a lot from your experiential knowledge sharing on Entrepreneurial research.

Thanking you in anticipation,

Yours sincerely,

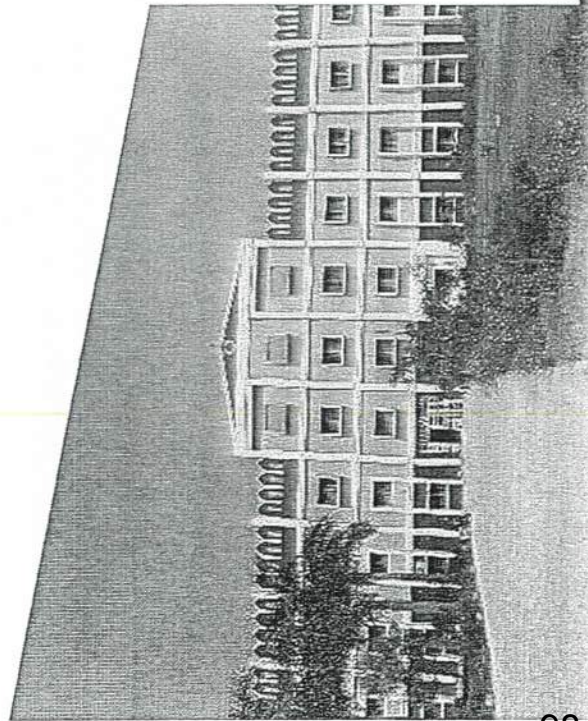

Program coordinator

ABOUT THE INSTITUTION

Begin its journey in the year 2009 at Berhampur, the Silk City of Odisha, Gandhi Academy of Technology and Engineering is managed by "Tarini Educational Trust". GATE, an Institute, is approved by AICTE New Delhi & Affiliated to BPUT, Rourkela, Odisha. The Institute works with a mission to provide quality education of international standards for producing technocrats and future leaders in a disciplined and conducive environment as an integral part of our social commitment to promote education globally. GATE offer graduate programmes in Mechanical Engineering, Civil Engineering, Electronics Engineering, Computer Science Engineering, Automobile Engineering and Electrical Engineering and Post Graduate Program in Mechanical Engineering. More than 3000 graduate and post graduate students are being groomed here to excel in their area of specialization. GATE's alumni have been well accepted by both public sector and private sector companies and many are holding important positions in their respective organizations.

INTRODUCTION TO THE CONFERENCE

The Prime Minister of India has declared the 'Azadi Ka Amrit Mahotsav' a nationwide celebration to honour India's 75th anniversary of Independence. The program is a 75-week countdown to India's 75th Independence Day, from March 12, 2021. To mark this occasion, GATE is proposing an International Conference on "Building Social Entrepreneurial Ecosystem for a More Sustainable and Resilient Society" – that aims to highlight the contribution of Social Entrepreneurship towards Sustainable Development while also highlighting its role and resilience in these trying times.

A social entrepreneur is a type of entrepreneur (Chell, 2007) who uses a business approach to induce favourable social outcomes for an individual beneficiary, a particular community, or a group of stakeholders (Phillips et al., 2015; Bansal et al., 2019). As stated by Austin et al. (2006), social entrepreneurship focuses explicitly on people excluded from mainstream society and lacking access to employment opportunities, thereby aiming to overcome their problems via innovative processes which enhance the chances of individuals or groups of individuals to experience inclusive development. Furthermore, while solving the problems of excluded communities, social entrepreneurs strive to ensure that sustainable solutions provide social and economic returns to the target groups (Tan et al., 2005; Zeyen et al., 2012). Moreover, social entrepreneurs focus on creating the "double bottom line," which motivates them to create social impact by achieving financial sustainability (Emerson and Twersky, 1996).

The concept of resilience provides a framework for promoting sustainable development in a constantly changing world. Resilience is "the capacity of a system to absorb disturbance and reorganise while changing to retain essentially still the same function, structure, identity, and feedback" (Walker, 2006). Technology is

Conference Highlights

1. Best Paper Award for each track
2. Opportunities to Publish in Edited Book (s) with ISBN NO.

Activity Report

Theme: International Conference on Building Social Entrepreneurial for Sustainability and Resilient Society

Introduction GANDHI ACADEMY OF TECHNOLOGY AND ENGINEERING, BERHAMPUR, Organized a International Conference on Building Social Entrepreneurial for Sustainability and Resilient Society. The convergence of finance and technology is rapidly reshaping the landscape of entrepreneurship, creating exciting new opportunities and challenges for aspiring business owners. A seminar exploring this synergy in the new era could yield several valuable outcomes for participants.

Objective The primary objectives of the seminar are:

- To educate about the close linkage between academic and R&D institutions on one hand and industry on the other.
- To promote entrepreneurship among Science and Technology persons, many of whom were otherwise seeking jobs soon after their graduation.
- To provide R&D support to the small-scale industry.
- To promote innovation based enterprises.

Outcomes

1. Participants were able to gain a comprehensive understanding of the Fintech landscape.
2. Participants were able to understand the enhanced importance of Fintech in entrepreneurship.
3. Participants gained knowledge about the leverage of Fintech solutions for the growth of entrepreneurship.
4. Workshops and brainstorming sessions helped participants to connect with investors and financial institutions.

Resource Persons/ Key Speakers Dr. Gagan Kukreja, Associate Professor of Accounting, Ahlia University, Bahrain.

No of participants 98

Valedictory Session In the valedictory session Dr. Gouri Shankar Mohapatro, Principal of Gandhi Academy of Technology and Engineering, expressed his gratitude to all the speakers and participants. He highlighted the importance of such programs in providing opportunities for young engineering students and faculty members to learn from experts and keep themselves up-to-date with the latest advancements in their respective fields. The program coordinator extended a vote of thanks to all the speakers and participants for their active participation and making the program a success. He encouraged everyone to continue their learning journey and apply the knowledge gained in their research and professional work.

Sub: Invitation to be the Chief Speaker for Two Day National Workshop on Essentials of Research Methodology: Theory and practice, schedule to be held on 05.02.2022 to 06.02.2022.

Dear Sir,

Gandhi Academy of Technology and Engineering, Berhampur, Odisha, India is organizing a "Two Day National Workshop on Essentials of Research Methodology: Theory and practice" on 05.02.2022 to 06.02.2022. Your knowledge and vast experiences are excellent in academics and research. It gives us an immense pleasure to invite you as the Chief Speaker of the inaugural session of our Conference which will schedule to be held on 5th February, 2022 at 10.00 AM.

Kindly Accept our invitation and grace the occasion with your benign presence. We are certain that our participants will benefit a lot from your experiential knowledge sharing on Entrepreneurial research.

Thanking you in anticipation,

Yours sincerely,

Principal
Gandhi Academy of
Technology and Engineering, Berhampur

Program coordinator

CERTIFICATION

Certificates will be provided to all the author(s) who will present in the Workshop.

REGISTRATION FEES:

Academicians/Professionals : Rs. 800/-
Research Scholars/Students : Rs. 300/-

IMPORTANT DATES

Last date for the submission of the abstract/work in progress : 01th March 2021.
Date of National Seminar : 6th March, 2021
(Offline & Online)

Revised Full paper shall be accepted by : 15th March 2021

OBJECTIVES

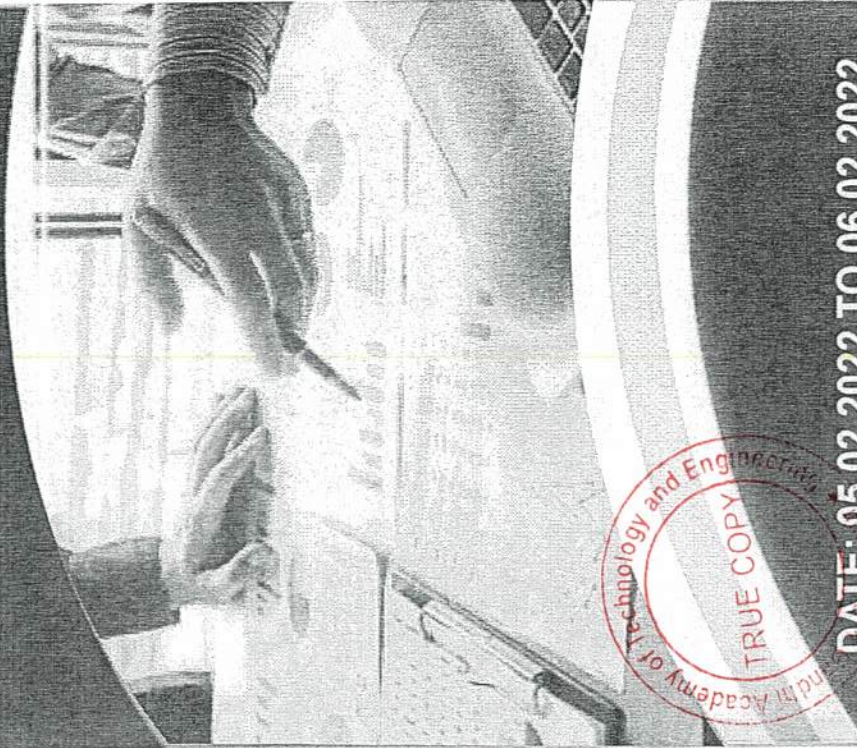

- ▶ To expose the participants to contemporary research methodology.
- ▶ To build research capability among young scholars and faculties in the area of Engineering Science, Social Science and other streams of education.
- ▶ To provide an opportunity to researchers through research clinic to present the problems related to the methodology faced by them during their current work.
- ▶ To prepare the participants to make scholarly contributions in their respective area of research.
- ▶ To expose the participants to Qualitative Research Techniques

ABOUT GATE

Began its journey in the year 2009 at Berhampur, the Silk City of Odisha, Gandhi Academy of Technology and Engineering is managed by "Tarini Educational Trust". GATE, an Institute, is approved by AICTE New Delhi & Affiliated to BPUT, Rourkela, Odisha. The Institute works with a mission to provide quality education of international standards for producing technocrats and future leaders in a disciplined and conducive environment as an integral part of our social commitment to promote education globally. GATE offer graduate programmes in Mechanical Engineering, Civil Engineering, Electronics Engineering, Computer Science Engineering, Automobile Engineering and Electrical Engineering and Post Graduate Program in Mechanical Engineering. More than 3000 graduate and post graduate students are being groomed here to excel in their area of specialization. GATE's alumni have been well accepted by both public sector and private sector companies and many are holding important positions in their respective organizations.

Several co-curricular activities such as special lectures, workshops, seminars, and conferences are regularly conducted for the benefit of the students and teaching fraternity. The Department is always remained in forefront among the students and academicians owing to its unique teaching, learning and evaluation.

INTRODUCTION

Engineering Research is a systematic process of gathering, recording and analyzing data to facilitate the decision making process. Applied research facilitates managerial decision making and reduces uncertainty. It is an amalgamation of techniques and procedures that helps the researcher to know and understand the phenomena in focus. It connotes patient study and scientific investigation, wherein the researcher takes another, more careful look at data to discover all that can be known about the subject under study. The workshop that can be known about the subject under study. The workshop aims to explore the basic dimension of research and the need for scholarship.

rethink the assumptions that underlie historic paradigms of research in the field of management. It is designed to provide participants with hands-on approach to conduct research. On completion of the workshop, participants would develop the skills to review the literature, develop hypotheses, frame research design, identify sampling techniques and comprehend the role and relevance of the tools for data collection and analysis. The six-day workshop will be exposing the participants to theoretical input on qualitative research techniques, followed by the field work based on syndicates. The participants will be expected to choose a research topic and develop a research paper during the workshop. Subject areas include all functional areas of Engineering Science, administration and educational research.

Activity Report

Theme: Two Days National Workshop on Essentials of Research Methodology: Theory and Practice

Introduction

GANDHI ACADEMY OF TECHNOLOGY AND ENGINEERING, BERHAMPUR, Organized a two days Workshop on Essentials of Research Methodology: Theory and practice. A workshop Opens the Door to Powerful Insights and on A Workshop on Research Methodology in Management and Statistical Analysis This intensive workshop invites the participants to embark on a journey of discovering the essential tools and techniques for conducting impactful research in the dynamic world of management.

Objective

The primary objectives of the workshop are:

- To equip participants with the knowledge and skills necessary to conduct sound research in the field of management.
- To develop critical thinking and analytical skills for evaluating research findings and making informed decisions.
- To promote understanding of the research process from problem identification to data analysis and interpretation.
- To provide hands-on experience with statistical analysis tools and techniques commonly used in management research.

Outcomes

- Improved Knowledge and Skills: Greater understanding of research methodologies: Participants may gain a clearer understanding of various research designs, data collection methods, and ethical considerations in management research.
- Enhanced statistical analysis skills: The workshop could equip participants with basic or advanced statistical analysis techniques using software like SPSS, R, or State, along with the ability to interpret data and draw meaningful conclusions.
- Develop research proposals and research questions: Many workshops provide guidance on formulating research questions, framing hypotheses, and developing strong research proposals.
- Enhanced confidence and competence: Gaining knowledge and skills in research methodology can boost participants' confidence and make them feel more competent in conducting and analyzing research in their field.

Resource Persons/ Key Speakers

Prof. (Dr.). Bhabakrushna Mohanty, Senior Professor, Department of Decision Science, IIM, Lucknow, UP

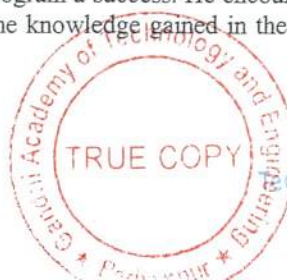

No. of Participants

99

VALEDICTORY SESSION

In the valedictory session Dr. Gouri Shankar Mohapatro, Principal of Gandhi Academy of Technology and Engineering, expressed his gratitude to all the speakers and participants. He highlighted the importance of such programs in providing opportunities for young engineering students and faculty members to learn from experts and keep themselves up-to-date with the latest advancements in their respective fields.

The program coordinator extended a vote of thanks to all the speakers and participants for their active participation and making the program a success. He encouraged everyone to continue their learning journey and apply the knowledge gained in their research and professional work.

Sub: Invitation to be the Chief Speaker for One Day National Research Methodology Workshop with Recent Trends and Practices, schedule to be held on 19.02.2022.

Dear Sir,

Gandhi Academy of Technology and Engineering, Berhampur, Odisha, India is organizing a "One Day One Day National Research Methodology Workshop with Recent Trends and Practices" on 19.02.2022. Your knowledge and vast experiences are excellent in academics and research. It gives us an immense pleasure to invite you as the Chief Speaker of the inaugural session of our Conference which will schedule to be held on 19th February at 10.00 AM.

Kindly Accept our invitation and grace the occasion with your benign presence. We are certain that our participants will benefit a lot from your experiential knowledge sharing on Entrepreneurial research.

Thanking you in anticipation,

Yours sincerely,

Principal
Gandhi Academy of
Technology and Engineering, Berhampur

ABOUT THE INSTITUTION

Begin its journey in the year 2009 at Berhampur, the Silk City of Odisha, Gandhi Academy of Technology and Engineering is managed by "Tarin Educational Trust". GATE, an Institute, is approved by AICTE New Delhi & Affiliated to BPUP, Rourkela, Odisha. The Institute works with a mission to provide quality education of international standards for producing technocrats and future leaders in a disciplined and conducive environment as an integral part of our social commitment to promote education globally. GATE offer graduate programmes in Mechanical Engineering, Civil Engineering, Electronics Engineering, Computer Science Engineering, Automobile Engineering and Electrical Engineering and Post Graduate Program in Mechanical Engineering. More than 3000 graduate and post graduate students are being groomed here to excel in their area of specialization. GATE's alumni have been well accepted by both public sector and private sector companies and many are holding important positions in their respective organizations.

ABOUT THE WORKSHOP

GATE is organizing a Two day National Seminar on "Intellectual Property Rights: Emerging Issues and Challenges" which focuses on creating a nation-wide conversation providing an opportunity to students, academicians, law professionals and all other stakeholders to put forward their research and share their knowledge on wide range of topics relating to Intellectual Property Rights and related subjects.

The purpose of the Seminar is to provoke discussion and debate on a range of topics and including subjects like Patent of Life Forms, Standard Essential Patents, geographical Indications, traditional knowledge protection, amongst others. The agenda is kept deliberately broad and the discussions are intended to be accessible to a general audience.

The Seminar program offers high-level content relevant not only to students pursuing any academic degree but also to young innovators from different fields; advocates, policy advisors, academicians, judicial officers and a range of government and non-government organizations to engage in a dialogue on protection and commercialization of Intellectual Property. Through this initiative, we want our students and faculty to develop a broader perspective of their responsibility to society and to give them an opportunity to listen to experiences, researches and findings of our esteemed panel of speakers, guests, academicians as well as students.

The Seminar will also provide a unique opportunity for lawyers and associated professional members in the region to exchange insights explore current policy and practice issues and exposure to a professional network of colleagues with shared interests and expertise.

OBJECTIVE OF WORKSHOP

To provide a platform where Inventors, Researchers, Engineers, Managers, Academicians as well as Industrial Professionals from across India can take up the advantage of securing their novel/uncommon work through Intellectual Property Rights. These Legal Rights ensures that inventors are protected from theft of their invention and prevents others from using their invention without permission.

Activity Report

Theme: One Day National Research Methodology Workshop with Recent Trends and Practices

Introduction

GANDHI ACADEMY OF TECHNOLOGY AND ENGINEERING, BERHAMPUR, Organized One Day National Research Methodology Workshop with Recent Trends and Practices. A workshop Opens the Door to Powerful Insights and on A Workshop on Research Methodology in Management and Statistical Analysis This intensive workshop invites the participants to embark on a journey of discovering the essential tools and techniques for conducting impactful research in the dynamic world of management.

Objective

The primary objectives of the workshop are:

- To equip participants with the knowledge and skills necessary to conduct sound research in the field of management.
- To develop critical thinking and analytical skills for evaluating research findings and making informed decisions.
- To promote understanding of the research process from problem identification to data analysis and interpretation.
- To provide hands-on experience with statistical analysis tools and techniques commonly used in management research.

Outcomes

- **Improved Knowledge and Skills:** Greater understanding of research methodologies: Participants may gain a clearer understanding of various research designs, data collection methods, and ethical considerations in management research.
- **Enhanced statistical analysis skills:** The workshop could equip participants with basic or advanced statistical analysis techniques using software like SPSS, R, or State, along with the ability to interpret data and draw meaningful conclusions.
- **Develop research proposals and research questions:** Many workshops provide guidance on formulating research questions, framing hypotheses, and developing strong research proposals.
- **Enhanced confidence and competence:** Gaining knowledge and skills in research methodology can boost participants' confidence and make them feel more competent in conducting and analyzing research in their field.

VALEDICTORY SESSION

In the valedictory session Dr. Gouri Shankar Mohapatro, Principal of Gandhi Academy of Technology and Engineering, expressed his gratitude to all the speakers and participants. He highlighted the importance of such programs in providing opportunities for young engineering students and faculty members to learn from experts and keep themselves up-to-date with the latest advancements in their respective fields.

The program coordinator extended a vote of thanks to all the speakers and participants for their active participation and making the program a success. He encouraged everyone to continue their learning journey and apply the knowledge gained in their research and professional work.

Sub: Invitation to be the Chief Speaker for Two day National Workshop on Intellectual Property Rights & Innovations, schedule to be held on 26.02.2022 to 27.02.2022.

Dear Sir,

Gandhi Academy of Technology and Engineering, Berhampur, Odisha, India is organizing a "Two day National Workshop on Intellectual Property Rights & Innovations" on 26.02.2022 to 27.02.2022. Your knowledge and vast experiences are excellent in academics and research. It gives us an immense pleasure to invite you as the Chief Speaker of the inaugural session of our Conference which will schedule to be held on 26th January at 10.00 AM.

Kindly Accept our invitation and grace the occasion with your benign presence. We are certain that our participants will benefit a lot from your experiential knowledge sharing on Entrepreneurial research.

Thanking you in anticipation,

Yours sincerely,

Program Coordinator

ABOUT THE INSTITUTION

Begin its journey in the year 2009 at Berhampur, the Silk City of Odisha, Gandhi Academy of Technology and Engineering is managed by "Tarini Educational Trust". GATE, an Institute, is approved by AICTE New Delhi & Affiliated to BPUT, Rourkela, Odisha. The Institute works with a mission to provide quality education of international standards for producing technocrats and future leaders in a disciplined and conducive environment as an integral part of our social commitment to promote education globally. GATE offer graduate programmes in Mechanical Engineering, Civil Engineering, Electronics Engineering, and Electrical Engineering and Post Graduate Program in Mechanical Engineering. More than 3000 graduate and post graduate students are being groomed here to excel in their area of specialization. GATE's alumni have been well accepted by both public sector and private sector companies and many are holding important positions in their respective organizations.

ABOUT THE WORKSHOP

'Necessity is the Mother of all Inventions' the systematic change that the Globe is passing through changed the conduct of life. Intellectual Property became the strong pillar of the modern society, which engulfs in its ambit the research and development of large multinational companies, budding entrepreneurs, literary and artistic works, designs, marks, images, names etc., emitting from human intelligence. To reap the fruits of higher economic growth of a nation where the economy flourishes because of Intellectual Property, there is an imminent necessity to Promote, Protect and Realize the Intellectual Property, by creating awareness about the rights of the people over their intellectual creation. The contours of law too have undergone tremendous evolution from physical system to digitization of governance and order. This National Virtual Workshop creates a platform where the seeds are sown to identify and protect one's intellectual efforts.

OBJECTIVES OF THE WORKSHOP

The National Virtual Workshop aims to provide an in-depth knowledge of Intellectual Property Rights. Though the growth of the economic market is driven by Intellectual Property, the lack of awareness on the Intellectual Property Rights has been a challenge in furthering the economic growth. To face these challenges, it is important to rekindle the intelligence of the human brain to involve in innovations, thus creating Intellectual Property. This created Intellectual Property needs incentives and protection.

Key Take Away

- Lecture series on Intellectual Property Rights and Innovations.
- Knowledge sharing from the subject experts.
- Issue of E-Certificate to all participants.

GENERAL RULES

The platform used to conduct this Workshop will be GOOGLE MEET. There will be no registration fees charged for this National Virtual Workshop. The Registration will close by 31st August, 2020, 11.59 p.m. Please make sure you Register with the link <https://forms.gle/ac1LVnyyYGHXaXbU7>. Join the Workshop with your registered name through the link provided at least 10 minutes in advance to the scheduled time. To avoid unnecessary disturbances please keep your microphones muted unless the Question and Answer Session is underway. Questions can also be posted on the Chat Box. Please refrain from putting up questions to the Speaker during the ongoing session. Do not share the link with any unregistered participants. E-Certificates shall be provided to the registered participants after filling the Feedback Form posted in the Chat Box at the end of every session.

Activity Report

Theme: Two day National Workshop on Intellectual Property Rights & Innovations

Introduction GANDHI ACADEMY OF TECHNOLOGY AND ENGINEERING, BERHAMPUR, Organized a National Workshop on Intellectual Property Rights & Innovations with an objective to enrich the budding entrepreneurs about the importance of intellectual properties in managing business.

Objective The primary objectives of the seminar are:

- To equip the students about the comprehensive understanding of IPR & its role in research & innovation
- To educate the students of technical studies ,about the practical insides into the patents system.
- To educate about the combination of theoretical concepts & historical contexts by providing suitable examples

Outcomes

- It has helped the students to become a better listener, present their arguments and ideas clearly to the speakers.
- It has given intensive exposure to the topic that has been discussed.
- It has given the students to appreciate science with logic and understand Science is neutral without gender bias.
- It has exchanged information and experiences related to the application of patents & copyrights.
- It has given an idea to develop and implement these subjects i.e. Physics, Chemistry, Mathematics and Biology in their relevant fields.
- It has improved students proficiency in Engineering with the application of .
- It has given an exposure to the students to implement their hidden ideas to practical shape in exhibiting their projects
- It has motivated the students to work with their new as well as innovative projects as a team
- It has given the students an understanding to think out of the box and come up with innovative ,unique projects that has future relevance in the society.

Sub: Invitation to be the Chief Speaker for Two Day National Conference on Understanding the importance of IPR with a Focus on IPR Issues in Information Technology, Communication and Electronics Segments, schedule to be held on 12.03.2022 to 13.03.2022.

Dear Sir,

Gandhi Academy of Technology and Engineering, Berhampur, Odisha, India is organizing a "Two Day National Conference on Understanding the importance of IPR with a Focus on IPR Issues in Information Technology, Communication and Electronics Segments" on 12.03.2022 to 13.03.2022. Your knowledge and vast experiences are excellent in academics and research. It gives us an immense pleasure to invite you as the Chief Speaker of the inaugural session of our Conference which will schedule to be held on 12th March at 10.00 AM.

Kindly Accept our invitation and grace the occasion with your benign presence. We are certain that our participants will benefit a lot from your experiential knowledge sharing on Entrepreneurial research.

Thanking you in anticipation,

Yours sincerely,

Program coordinator

ABOUT THE INSTITUTION

Begin its journey in the year 2009 at Berhampur, the Silk City of Odisha, Gandhi Academy of Technology and Engineering is managed by "Tarin Educational Trust". GATE, an Institute, is approved by AICTE New Delhi & Affiliated to BPUT, Rourkela, Odisha. The Institute works with a mission to provide quality education of international standards for producing technocrats and future leaders in a disciplined and conducive environment as an integral part of our social commitment to promote education globally. GATE offer graduate programmes in Mechanical Engineering, Civil Engineering, Electronics Engineering, Computer Science Engineering, Automobile Engineering and Electrical Engineering and Post Graduate Program in Mechanical Engineering. More than 3000 graduate and post graduate students are being groomed here to excel in their area of specialization. GATE's alumni have been well accepted by both public sector and private sector companies and many are holding important positions in their respective organizations.

WHY SHOULD YOU ATTEND?

- Opportunity to Listen to Leading IPR Experts and Attorneys
- Opportunity to Interact with Representatives of Ministry, Patent Office for IPR issues
- Tremendous IPR Knowledge Sharing Opportunity with 9 Keynote & Expert Talks
- One to One Interaction Session with the Experts
- Participate in Panel Discussion
- Networking Opportunity with Delegates of Different Fields & Backgrounds.
- No Registration Fee for Attending the Workshop.
- Open to Students, Research Scholars, Faculty, Industry Professionals and Start-ups of all Engineering and Sciences Domains
- Certificate of Participation

REGISTRATIONS

- Last Date for Registration is March 10, 2022
- Two Methods of Registrations are available – I) Online 2) Mail to Convener
- Online - You may register by filing out an online form available on event website – www.gate.ac.in

THEME OF THE WORKSHOP

IPR plays an important role in the Economic Growth and in today's modern world, Information Technology (IT), Communication and Electronics are some of the most innovative, dynamic and highly advanced segments that drive economic growth. IPR thus plays an important role in value creation in these technologically advanced segments thereby fostering innovation.

Today there is a dire need for the technology businesses, start-ups and academic institutions focusing on research to understand and become aware of the key issues & recent developments in IPR related to technology segments.

GATE proudly announces a two day interactive workshop on 'Understanding the Importance of IPR with a focus on IPR Issues in IT, Communication and Electronics Segments' to be conducted on 12-13 March 2022

The workshop will feature keynote talks and lectures by leading IPR Experts & Patent Attorneys in the areas of IT, Communication & Electronics. There will also be one to one session with the experts and a panel discussion session. Please see the detailed agenda.

TWO DAY INTERACTIVE WORKSHOP ON "UNDERSTANDING THE IMPORTANCE OF IPR WITH A FOCUS ON IPR ISSUES IN IT, COMMUNICATION AND ELECTRONICS SEGMENTS"

CONFERENCE REGISTRATION FEE*

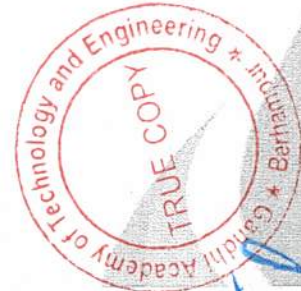

Registration fee: Rs. 500/- per participant. Registration Fee to be paid online. Details of payment will be provided after selection. The participation in the programme will be on last come first out basis.

Activity Report

Theme: Two Day National Conference Understanding the Importance of IPR With a Focus on IPR Issues in Information Technology, Communication and Electronics Segments

Introduction GANDHI ACADEMY OF TECHNOLOGY AND ENGINEERING, BERHAMPUR, Organized a Two Day National Conference on Understanding the Importance of IPR with a focus on IPR issues in Information Technology, Communication and Electronics Segments with an objective to enrich the budding entrepreneurs about the importance of intellectual properties in managing business.

Objective The primary objectives of the seminar are:

- To equip the students about the comprehensive understanding of IPR & its role in research & innovation
- To educate the students of technical studies ,about the practical insides into the patents system.
- To educate about the combination of theoretical concepts & historical contexts by providing suitable examples

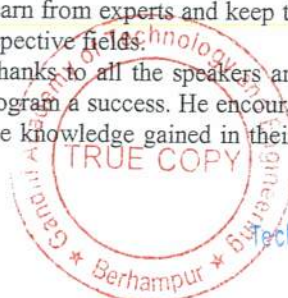

Outcomes

- It has helped the students to become a better listener, present their arguments and ideas clearly to the speakers.
- It has given intensive exposure to the topic that has been discussed.
- It has given the students to appreciate science with logic and understand Science is neutral without gender bias.
- It has exchanged information and experiences related to the application of patents & copyrights.
- It has given an idea to develop and implement these subjects i.e. Physics, Chemistry, Mathematics and Biology in their relevant fields.
- It has improved students proficiency in Engineering with the application of .
- It has given an exposure to the students to implement their hidden ideas to practical shape in exhibiting their projects
- It has motivated the students to work with their new as well as innovative projects as a team
- It has given the students an understanding to think out of the box and come up with innovative ,unique projects that has future relevance in the society.

Sub: Invitation to be the Chief Speaker at the National E-Conference on Trends, Techniques and Opportunities for entrepreneurship in Organic foods, schedule to be held on 09.01.2021 to 10 .01.2021.

Dear Sir,

Gandhi Academy of Technology and Engineering, Berhampur, Odisha, India is organizing a "National E-Conference on Trends, Techniques and Opportunities for entrepreneurship in Organic foods" on 09.01.2021 to 10 .01.2021. Your knowledge and vast experiences are excellent in academics and research. It gives us an immense pleasure to invite you as the Chief Speaker of the inaugural session of our Conference which will schedule to be held on 9th January at 10.00 AM.

Kindly Accept our invitation and grace the occasion with your benign presence. We are certain that our participants will benefit a lot from your experiential knowledge sharing on Entrepreneurial research.

Thanking you in anticipation,

Yours sincerely,

Program coordinator

ABOUT THE GATE

Began its journey in the year 2009 at Berhampur, the Silk City of Odisha, Gandhi Academy of Technology and Engineering is managed by "Tarini Educational Trust". GATE, an Institute, is approved by AICTE New Delhi & Affiliated to BPUT, Rourkela, Odisha. The Institute works with a mission to provide quality education of international standards for producing technocrats and future leaders in a disciplined and conducive environment as an integral part of our social commitment to promote education globally. GATE offer graduate programmes in Mechanical Engineering, Civil Engineering, Electronics Engineering, Computer Science Engineering, Automobile Engineering and Electrical Engineering and Post Graduate Program in Mechanical Engineering. More than 3000 graduate and post graduate students are being groomed here to excel in their area of specialization. GATE's alumni have been well accepted by both public sector and private sector companies and many are holding important positions in their respective organizations.

Several co-curricular activities such as special lectures, workshops, seminars, and conferences are regularly conducted for the benefit of the students and teaching fraternity. The Department is always remained in forefront among the students and academicians owing to its unique teaching, learning and evaluation.

E- WORKSHOP / TRAINING ON TRENDS, TECHNIQUES AND OPPORTUNITIES FOR ENTREPRENEURSHIP IN ORGANIC FOODS

DATE: 09 & 10.01.2021

The green revolution has improved the agricultural production in the country to a massive extent. With the applications of chemical fertilizers and pesticides, farmers have achieved great results and have silenced the food security issues that the Indian population has faced over this time. However, all did not go as planned and we have ignored the harmful effects of these chemical substances that has accumulated over-time in our natural resources like land, water, air, animal and plants. This is now showing a sign that has now become the great big issue in the contemporary world. It has therefore been suggested to move to an organic way of life, organic farming and cultivation practices, with the help of newer technologies to help sustain the future of mankind and our environment, while still be able to meet our food and nutritional needs.

LEARNING OUTCOMES

- After this short term course, the participants will be able:
- To develop an understanding organic cultivation practices
 - To learn and visualize the magnitude of the harmful effects that chemical substances had on natural resource
 - To gain insights in organic cultivation techniques and gain hands-on experience in organic cultivation

WHO CAN ATTEND

- Individuals interested in organic cultivation as kitchen gardening, and organic farm.
- Farmers and entrepreneurs working in the area of agriculture
- Graduates eager to work in a food business or industry

PEDAGOGY

A mix of pedagogical tools will be used i.e. lectures, discussions, presentations, hands-on training and experiential exercises.

| Time | Session |
|---------------|--|
| 9:15 to 11:15 | Organic farming: concept, principles and practices |
| 11:30 to 1:30 | Interactive learning in organic agriculture |
| 2:30 to 5:00 | Hands on Training in Organic cultivation Day -2 |
| 11:30 to 1:30 | Interaction with the organic consumers |
| 2:30 to 5:00 | Feedback, evaluation and valedictory |

IMPORTANT DATES AND REGISTRATION FEE

| | |
|----------------------------------|-------|
| Registration Fee per participant | 250/- |
| Registration Closes | |
| GATE Participants | |
| External Participants | 550/- |

Note: Course fee includes program kit, handouts, hospitality and certification.

Online payment will be accepted up to —
Principal Fee once paid is non-refundable

Activity Report

Theme: National E-Conference on Trends, Techniques and Opportunities For Entrepreneurship in Organic Foods

Introduction GANDHI ACADEMY OF TECHNOLOGY AND ENGINEERING, BERHAMPUR, Organized an National E-Conference on Trends, Techniques and Opportunities For Entrepreneurship in Organic Foods
The convergence of finance and technology is rapidly reshaping the landscape of entrepreneurship, creating exciting new opportunities and challenges for aspiring business owners. A seminar exploring this synergy in the new era could yield several valuable outcomes for participants.

Objective The primary objectives of the seminar are:

- To educate about the close linkage between academic and R&D institutions on one hand and industry on the other.
- To promote entrepreneurship among Science and Technology persons, many of whom were otherwise seeking jobs soon after their graduation.
- To provide R&D support to the small-scale industry.
- To promote innovation based enterprises.

Outcomes

1. Participants were able to gain a comprehensive understanding of the Fintech landscape.
2. Participants were able to understand the enhanced importance of Fintech in entrepreneurship.
3. Participants gained knowledge about the leverage of Fintech solutions for the growth of entrepreneurship.
4. Workshops and brainstorming sessions helped participants to connect with investors and financial institutions.

Resource Persons/ Key Speakers Dr. Syamsundar Tripathy, Assistant Professor (MBA), K.L. University, Guntur, Andhra Pradesh

No of participants 90

Valedictory Session In the valedictory session Dr. Gouri Shankar Mohapatro, the Principal of Gandhi Academy of Technology and Engineering, expressed his gratitude to all the speakers and participants. He highlighted the importance of such programs in providing opportunities for young engineering students and faculty members to learn from experts and keep themselves up-to-date with the latest advancements in their respective fields.
The program coordinator extended a vote of thanks to all the speakers and participants for their active participation and making the program a success. He encouraged everyone to continue their learning journey and apply the knowledge gained in their research and professional work.

Sub: Invitation to be the Chief Speaker at the International E-Conference on Industry 4.0 - Advances in Engineering and Sustainability for Entrepreneurship, schedule to be held on 23.01.2021 to 24 .01.2021.

Dear Sir,

Gandhi Academy of Technology and Engineering, Berhampur, Odisha, India is organizing an "E-Conference on Industry 4.0 - Advances in Engineering and Sustainability for Entrepreneurship" on 23.01.2021 to 24 .01.2021. Your knowledge and vast experiences are excellent in academics and research. It gives us an immense pleasure to invite you as the Chief Speaker of the inaugural session of our Conference which will schedule to be held on 23rd January at 10.00 AM.

Kindly Accept our invitation and grace the occasion with your benign presence. We are certain that our participants will benefit a lot from your experiential knowledge sharing on Entrepreneurial research.

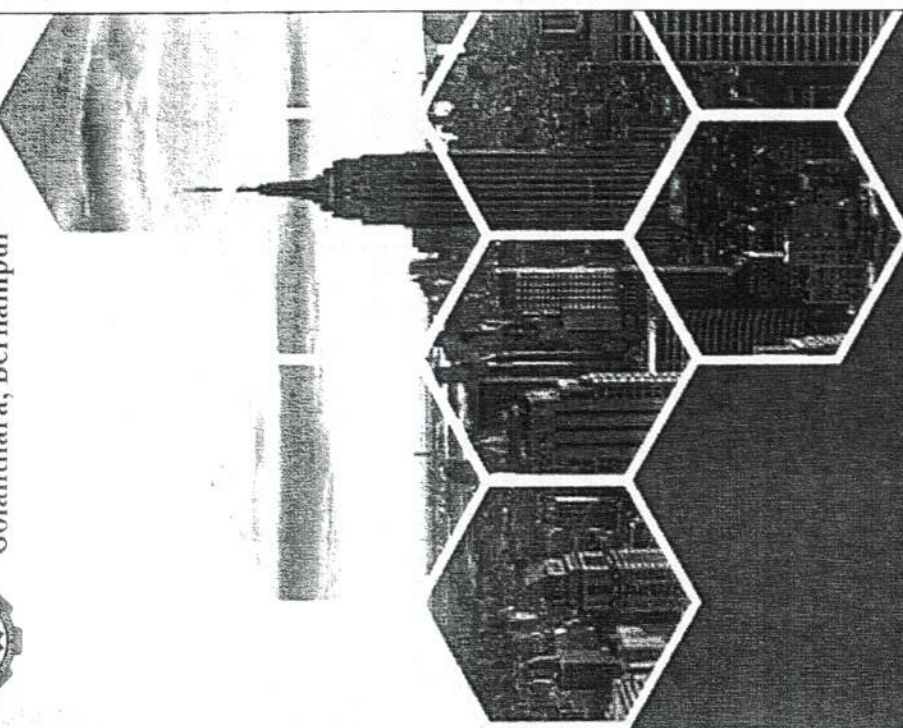

Thanking you in anticipation,

Yours sincerely,

Program coordinator

Technology and Engineering, Berhampur

Important Dates

Last date of receiving application form : 20.01.2021
 Last date of receiving abstracts: 15.01.2021
 Full paper submission : 20.01.2021
 Intimation of acceptance : 21.01.2021

CONFERENCE REGISTRATION FEE*

Registration fee: Rs. 500/- per participant.
 Registration Fee to be paid online. Details of payment will be provided after selection.
 The participation in the programme will be on last come first out basis.

Track 3 – NextGen Technologies

- Eco Friendly Vehicles
- AR in Automotive industry
- Innovative Thinking
- Technologies for Vehicle Recycling
- Industrial Automation
- Electric and Hybrid Electric Vehicles
- Emission Control Design
- Intelligent Transport Systems
- Green Energy in Transpo

Track 4 – Innovative Business Process

- Market Intelligence
- Infrastructure Management
- Business Innovation and Start Up
- Project ideas to support 'Make in India' initiatives
- Factory Management
- Industry 4.0 for MSM
- Sustainable Analysis Design
- Smart cities construction 4.0

Note: The topics are not limited and can be extended in the given tracks. The paper must be conforming to IEEE double column paper format.

 ADVANCES IN ENGINEERING
 & SUSTAINABILITY FOR
 ENTREPRENEURSHIP**

Date: 23rd & 24th January 2021

ABOUT THE INSTITUTION

Began its journey in the year 2009 at Berhampur, the Silk City of Odisha, Gandhi Academy of Technology and Engineering is managed by "Tarini Educational Trust". GATE, an Institute, is approved by AICTE New Delhi & Affiliated to BPUT, Rourkela, Odisha. The Institute works with a mission to provide quality education of international standards for producing technocrats and future leaders in a disciplined and conducive environment as an integral part of our social commitment to promote education globally. GATE offer graduate programmes in Mechanical Engineering, Civil Engineering, Electronics Engineering, and Electrical Engineering More than 3000 graduate and post graduate students are being groomed here to excel in their area of specialization. GATE's alumni have been well accepted by both public sector and private sector companies and many are holding important positions in their respective organizations.

INTRODUCTION TO THE CONFERENCE

The Government of India has embarked on an ambitious target of 'Make in India' and 'Atmanirbhar Bharat' to make India a bigger and more important part of the global economy. In order to make the 'Make in India' initiative successful, it is necessary that our core engineering sectors are strong. This conference will provide a common platform to engineers, researchers, Government officials and Industry professionals to share their knowledge and research outcomes. The deliverables of the conference will be useful for decision makers to have better understanding on the research areas which need to be focused in order to make manufacturing and construction up to the global standards. New ideas, recommendations raised in the conference would support in opening new avenues in the areas of green technology initiatives, pollution prevention technologies, sustainable construction & manufacturing, innovative business processes and recent trends in Civil, Mechanical and Automobile Engineering.

We welcome submissions in the following areas

Track 1 – Green Technology Initiatives

- Pollution prevention technology
- Renewable energy and resources
- Sustainable Environment Management
- Waste To Energy (WTE) Technology
- Emerging Green Energy Technologies
- Greening Urbanization and Settlements
- Energy and Health
- Rural Development through Green Energy
- Green economy
- Policy perspective on Sustainability

Track 2 – Sustainable Construction and Manufacturing

- Sustainable construction practices
- Sustainable construction materials
- Composite and Smart Materials
- Energy Engineering and Management
- Advanced and Smart Manufacturing
- Sustainable and Clean manufacturing process
- Sustainable Building technologies

Activity Report

Theme: Two days International E-Conference on Industry 4.0- Advances in Engineering and Sustainability for Entrepreneurship

Introduction

GANDHI ACADEMY OF TECHNOLOGY AND ENGINEERING, BERHAMPUR, Organized a Two Days International E-Conference on Industry 4.0- Advances in Engineering and Sustainable for Entrepreneurship. The convergence of finance and technology is rapidly reshaping the landscape of entrepreneurship, creating exciting new opportunities and challenges for aspiring business owners. A seminar exploring this synergy in the new era could yield several valuable outcomes for participants.

Objective

The primary objectives of the seminar are:

- To educate about the close linkage between academic and R&D institutions on one hand and industry on the other.
- To promote entrepreneurship among Science and Technology persons, many of whom were otherwise seeking jobs soon after their graduation.
- To provide R&D support to the small-scale industry.
- To promote innovation based enterprises.

Outcomes

1. Participants were able to gain a comprehensive understanding of the Fintech landscape.
2. Participants were able to understand the enhanced importance of Fintech in entrepreneurship.
3. Participants gained knowledge about the leverage of Fintech solutions for the growth of entrepreneurship.
4. Workshops and brainstorming sessions helped participants to connect with investors and financial institutions.

Resource Persons/ Key Speakers

Prof. Hisham Bin Dzakiria, Senior Professor, School of Education & Modern Languages, College of Arts and Sciences, Universiti Utara Malaysia, Malaysia

No of participants 76

Valedictory Session

In the valedictory session Dr. Gouri Shankar Mohapatro, the Principal of Gandhi Academy of Technology and Engineering, expressed his gratitude to all the speakers and participants. He highlighted the importance of such programs in providing opportunities for young engineering students and faculty members to learn from experts and keep themselves up-to-date with the latest advancements in their respective fields.

The program coordinator extended a vote of thanks to all the speakers and participants for their active participation and making the program a success. He encouraged everyone to continue their learning journey and apply the knowledge gained in their research and professional work.

Sub: Invitation to be the Chief Speaker at the National E-Workshop on Advanced Data Analytics in Multidisciplinary Research Using R Language, schedule to be held on 06.02.2021 to 07.02.2021

Dear Madam,

Gandhi Academy of Technology and Engineering, Berhampur, Odisha, India is organizing a "National E-Workshop on Advanced Data Analytics in Multidisciplinary Research Using R Language" on 06.02.2021 to 07.02.2021. Your knowledge and vast experiences are excellent in academics and research. It gives us an immense pleasure to invite you as the Chief Speaker of the inaugural session of our Conference which will schedule to be held on 6th February at 10.00 AM.

Kindly Accept our invitation and grace the occasion with your benign presence. We are certain that our participants will benefit a lot from your experiential knowledge sharing on Entrepreneurial research.

Thanking you in anticipation,

Yours sincerely,

Program coordinator

NATIONAL E-WORKSHOP ON

ADVANCED DATA ANALYTICS IN MULTIDISCIPLINARY RESEARCH USING R LANGUAGE

... Organised By ...
**GANDHI ACADEMY OF TECHNOLOGY
AND ENGINEERING (GATE)**

ABOUT THE SEMINAR

GATE is organizing a This research methodology Workshop is a platform to teach and give hands on training to the researchers from social science, management studies and other allied disciplines. Now a days there is continuously growing demand of the researchers for the statistical data analysis, their need for statistical methods to be applied in statistical data processing through Statistical Software like SPSS and R Language (Open Source) are essential to deal with the huge data sets and to draw the interpretations. This course aims to discuss the integration and co-ordination of statistical tools at the advanced statistical and data analytic techniques to train the researchers of multi-disciplinary. This course also majorly highlighted the open access publication, usage of software tools for plagiarism detection, database and research metrics along with new statistical programs like SPSS and R Language, giving hands-on training in R-language, which are currently being used by scientists/researchers. The goal of the program is to build Data Analytical Skills among prospective young researchers from diversified fields. This training will develop the analytical skills and motivate them to get advanced knowledge in their domain.

Objectives of the Course

To discuss the philosophy and publication ethics of the research. To generate knowledge on research tool construction and its validation. To explain the importance of Parametric, Non-Parametric, and Multivariate Statistical Techniques in Social Science, Life Sciences and other allied disciplines and its applications in specific research. To create an awareness for process and analyse huge data with proper statistical tools. To provide hands on training using Statistical Software like SPSS and R Language. To explore the new reforms in the software tools for plagiarism detection and writing of the research report.

ABOUT THE INSTITUTION

Begin its journey in the year 2009 at Berhampur, the Silk City of Odisha, Gandhi Academy of Technology and Engineering is managed by "Tarini Educational Trust". GATE, an Institute, is approved by AICTE New Delhi & Affiliated to BPUT, Rourkela, Odisha. The Institute works with a mission to provide quality education of international standards for producing technocrats and future leaders in a disciplined and conducive environment as an integral part of our social commitment to promote education globally. GATE offer graduate programmes in Mechanical Engineering, Civil Engineering, Electronics Engineering, Computer Science Engineering and Electrical Engineering and More than 3000 graduate and post graduate students are being groomed here to excel in their area of specialization. GATE's alumni have been well accepted by both public sector and private sector companies and many are holding important positions in their respective organizations.

Topics to be covered in the Course using R

- Collection and Handling of Data
- Descriptive Statistics using real time data
- Various Graphical Techniques
- Independent and Paired Samples t-tests
- Analysis of Variance, Multivariate Analysis of Variance and Analysis of Covariance
- Correlation and Regression Analysis – Univariate and Multivariate
- Different Types of Cluster Analysis
- Principle Component Analysis and Factor Analysis
- Non Parametric Statistical Techniques
- Multivariate Statistical Techniques
- Advancement of Statistical Techniques in Data Analysis.
- Plagiarism detection tools like Turnitin, Urkundu, etc.

REQUIREMENTS

1. Registration form cum Forwarding letter along with caste certificate (if applicable).
2. Why do you want to attend this Researcher in Technology course? (Write in 500 words).

HOW TO APPLY

Interested candidates can apply for the Research Methodology Course to the Course Director with duly filled registration form cum Forward letter (enclosed with this notification) on or before 10th July, 2023. Registration form and brochure can also be downloaded from the University website www.igntu.ac.in. The candidates are required to send the filled registration form duly forwarded by the supervisor and Head of the Department/Institution and attested copy of caste to the Course Director on ignturnmc2023@gmail.com

SUB-THEMES

- Role of Institutions, NGOs in creating awareness about IPR
- Commercialization of Intellectual Property Rights
- TRIPS Agreement and Geographical Indications
- IPR issues in Cyberspace
- Design and Copyright
- Commercialization of Traditional Cultural Expression
- Technology, Market Freedom and Public Domain
- Intellectual Property Rights and Biodiversity
- University-Industry Partnerships: Role of Intellectual Property
- Harmonization of Intellectual Property Rights and Anti-Trust Laws
- Pharmaceutical Patents and Public Health
- Patent of Life Forms
- Patent Reforms: Utility and Software Patents
- Evolution of Biotechnology and Patents
- Counterfeiting and Infringement of Trademarks
- Protection of Traditional Knowledge

PARTICIPATION GUIDELINES

- Persons interested in attending (Not required to make any submission) the Seminar may also register for the same for which they will be awarded Certificate of Participation.
- The registration process for Participation may be both earlier and On-Spot. The persons will be required to fill the registration form provided along with the brochure of available at the college, in case of on-spot registration.

Activity Report

Theme: Two days workshop on Advanced Data Analytics in Multidisciplinary Research Using R Language

Introduction GANDHI ACADEMY OF TECHNOLOGY AND ENGINEERING, BERHAMPUR, Organized a two days workshop on Advanced Data Analytics in Multidisciplinary Research Using R Language. A workshop Opens the Door to Powerful Insights and on A Workshop on Research Methodology in Management and Statistical Analysis This intensive workshop invites the participants to embark on a journey of discovering the essential tools and techniques for conducting impactful research in the dynamic world of management.

Objective The primary objectives of the workshop are:

- To equip participants with the knowledge and skills necessary to conduct sound research in the field of management.
- To develop critical thinking and analytical skills for evaluating research findings and making informed decisions.
- To promote understanding of the research process from problem identification to data analysis and interpretation.
- To provide hands-on experience with statistical analysis tools and techniques commonly used in management research.

Outcomes

- Improved Knowledge and Skills: Greater understanding of research methodologies: Participants may gain a clearer understanding of various research designs, data collection methods, and ethical considerations in management research.
- Enhanced statistical analysis skills: The workshop could equip participants with basic or advanced statistical analysis techniques using software like SPSS, R, or State, along with the ability to interpret data and draw meaningful conclusions.
- Develop research proposals and research questions: Many workshops provide guidance on formulating research questions, framing hypotheses, and developing strong research proposals.
- Enhanced confidence and competence: Gaining knowledge and skills in research methodology can boost participants' confidence and make them feel more competent in conducting and analyzing research in their field.

Resource Persons/ Key Speakers Dr. Kalpana Panigrahi, Assistant Professor, Department of Management Studies, Sikkim Manipal Institute of Technology, Sikkim, India

No. of Participants 86

VALEDICTORY SESSION In the valedictory session Dr. Gouri Shankar Mohapatro, the Principal of Gandhi Academy of Technology and Engineering, expressed his gratitude to all the speakers and participants. He highlighted the importance of such programs in providing opportunities for young engineering students and faculty members to learn from experts and keep themselves up-to-date with the latest advancements in their respective fields. The program coordinator extended a vote of thanks to all the speakers and participants for their active participation and making the program a success. He encouraged everyone to continue their learning journey and apply the knowledge gained in their research and professional work.

Sub: Invitation to be the Chief Speaker at the One Day National E-Workshop on Research Methodology for Engineering Students, schedule to be held on 20.02.2021.

Dear Sir,

Gandhi Academy of Technology and Engineering, Berhampur, Odisha, India is organizing an "E-Workshop on Research Methodology for Engineering Students" on 20.02.2021. Your knowledge and vast experiences are excellent in academics and research. It gives us an immense pleasure to invite you as the Chief Speaker of the inaugural session of our Conference which will schedule to be held on 20th January at 10.00 AM.

Kindly Accept our invitation and grace the occasion with your benign presence. We are certain that our participants will benefit a lot from your experiential knowledge sharing on Entrepreneurial research.

Thanking you in anticipation,

Yours sincerely,

Program coordinator

Principal
Gandhi Academy of
Technology and Engineering, Berhampur

Resource Persons:

The resource persons from different parts of country representing the leading Institutions/Universities will deliver the expertise in the workshop.

Eligibility & Selection Criteria:

All registered Research Scholars in Engineering Sciences disciplines from different Universities are invited. The selection committee will select the participants for the Workshop based on the stage/phase of their research work. The aspects like representation of different Social Sciences Disciplines, Social Background, Gender etc., shall also be taken into consideration while selecting the Candidates. Notification for selected candidates will be communicated through the registered email. Attendance for all the sessions is mandatory or otherwise the certificate shall not be issued.

REGISTRATION FEE

No registration fee will be charged from the participants for this Research Methodology Workshop.

Duration of the Workshop Important Dates & Venue

Last date for the receipt of application form : 15.02.2021
Selection to be Communicated : 18.02.2021
Workshop/Course Dates : 20.02.2021

ABOUT GATE

Began its journey in the year 2009 at Bhubaneswar, Odisha, Gandhi Institute of Technology and Engineering is managed by "Tarini Educational Trust". GATE, an Institute, is approved by AICTE New Delhi & Affiliated to BPUT, Rourkela, Odisha. The Institute works with a mission to provide quality education of international standards for producing technocrats and future leaders in a disciplined and conducive environment as an integral part of our social commitment to promote education globally. GATE offer graduate programmes in Mechanical Engineering, Civil Engineering, Electronics Engineering, Computer Science Engineering and Electrical Engineering. More than 3000 graduate and post graduate students are being groomed here to excel in their area of specialization. GATE's alumni have been well accepted by both public sector and private sector companies and many are holding important positions in their respective organizations.

Several co-curricular activities such as special lectures, workshops, seminars, and conferences are regularly conducted for the benefit of the students and teaching fraternity. The Department is always remained in forefront among the students and academicians owing to its unique teaching, learning and evaluation.

ABOUT THE WORKSHOP :

Research is a simultaneous process of thinking, studying, analyzing and writing. Engineering research is characterized by diversity of theoretical perspectives, methodological strategies, data collection practices and analysis techniques. This has made it always necessary to provide training and orientation on a continuous basis to young Research Scholar to equip them with methodological skills. Moreover, the Ph.D. scholars belonging to the group are lacking skills to maintain sustainable high quality academic standards due to inadequate skill building exercises. In order to deal with this problem, the marginalized groups require capacity building in research and other academic activities. In India most of the Ph.D. scholars face difficulty to finalize their Ph.D. thesis and research writing in a presentable form. Though, the newly initiated pre-Ph.D. coursework by UGC has provided orientation to Ph.D. scholars, the research scholars are always in a dilemma about how to write different components of Ph.D. work i.e., synopsis, thesis, summary and research articles mandatory for completion of a Ph.D. work. Therefore, any researcher has to be well-equipped and must have control over the research methodology and their techniques. The Department of Studies in Commerce is organizing a Seven-Day Workshop on Research Methodology for Engineering Scholars during 24th May to 30th May, 2022. The Workshop will include various aspects of research methodology and techniques used in the field of social sciences.

OBJECTIVES OF THE WORKSHOP

- The aim of the Workshop is to improve the methodological and writing skills of the Research scholars and develop their potential as future science academicians/Engineering researchers.
- The main objective of the workshop is to provide the research scholars with a set of skills and potentiality to commence the research in the field of Engineering Sciences very effectively, so that the students can give the output of their research in the high-quality published work.
- The other important objective is to educate the participants on the use of statistical techniques in data analysis in the field of social sciences and to provide practical/hands-on experience for their Ph.D. research work with introducing basic software knowledge for data Analysis.

BRIEF SUMMARY OF WORKSHOP CONTENT

The workshop will be conducted in both lecture and interactive mode. In addition to the interactive classroom lectures the participants will also be introduced how to use the software like SPSS and STATA for data analysis. The contents of the workshop are :- (1) Meaning, Objectives & Types of Research, Research Approaches, Problem identification and formulations of Research Question; (2) Research Design, Selection of research topic, Review of Literature; (3) Concept and history of fieldwork, Stages of fieldwork - selecting a research setting

Activity Report

Theme: One Day Workshop on Research Methodology for Engineering Students

Introduction

GANDHI ACADEMY OF TECHNOLOGY AND ENGINEERING, BERHAMPUR, Organized one day workshop on Research Methodology for Engineering Students. A workshop Opens the Door to Powerful Insights and on A Workshop on Research Methodology in Management and Statistical Analysis This intensive workshop invites the participants to embark on a journey of discovering the essential tools and techniques for conducting impactful research in the dynamic world of management.

Objective

The primary objectives of the workshop are:

- To equip participants with the knowledge and skills necessary to conduct sound research in the field of management.
- To develop critical thinking and analytical skills for evaluating research findings and making informed decisions.
- To promote understanding of the research process from problem identification to data analysis and interpretation.
- To provide hands-on experience with statistical analysis tools and techniques commonly used in management research.

Outcomes

- Improved Knowledge and Skills: Greater understanding of research methodologies: Participants may gain a clearer understanding of various research designs, data collection methods, and ethical considerations in management research.
- Enhanced statistical analysis skills: The workshop could equip participants with basic or advanced statistical analysis techniques using software like SPSS, R, or State, along with the ability to interpret data and draw meaningful conclusions.
- Develop research proposals and research questions: Many workshops provide guidance on formulating research questions, framing hypotheses, and developing strong research proposals.
- Enhanced confidence and competence: Gaining knowledge and skills in research methodology can boost participants' confidence and make them feel more competent in conducting and analyzing research in their field.

Resource Persons/ Key Speakers

Dr. Rashi Kesh, Assistant Professor, Department of HRD, Faculty of Management Studies, VBSP University, Jaunpur, UP.

No. of Participants 85

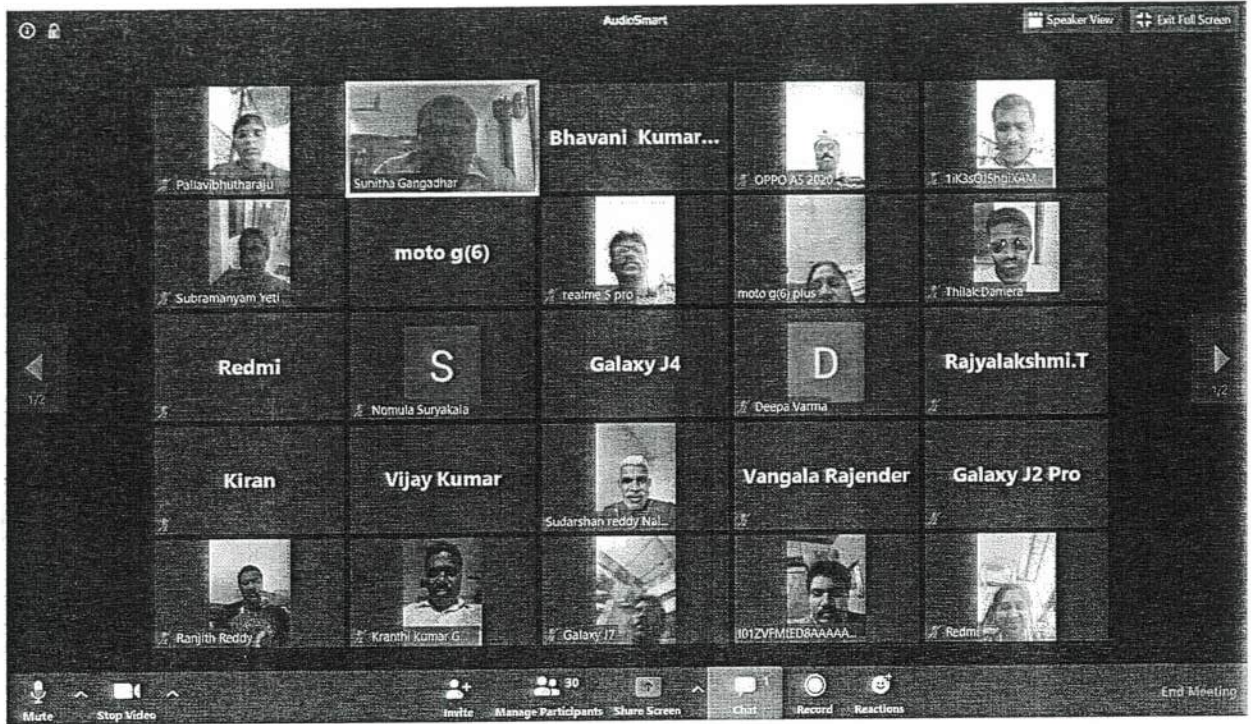

VALEDICTORY SESSION

In the valedictory session Dr. Gouri Shankar Mohapatro, the Principal of Gandhi Academy of Technology and Engineering, expressed his gratitude to all the speakers and participants. He highlighted the importance of such programs in providing opportunities for young engineering students and faculty members to learn from experts and keep themselves up-to-date with the latest advancements in their respective fields. The program coordinator extended a vote of thanks to all the speakers and participants for their active participation and making the program a success. He encouraged everyone to continue their learning journey and apply the knowledge gained in their research and professional work.

PARTICIPATION GUIDELINES

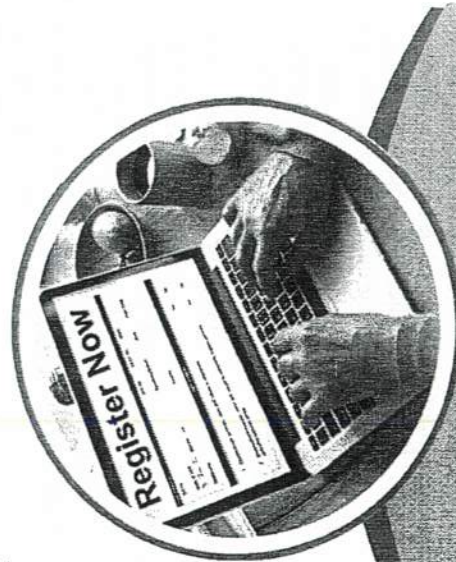

- Persons interested in attending (Not required to make any submission) the Seminar may also register for the same for which they will be awarded Certificate of Participation.
- The registration process for Participation may be both earlier and On-Spot. The persons will be required to fill the registration form provided along with the brochure or available at the university, in case of on-spot registration.

IMPORTANT DATES

| IMPORTANT DATES | |
|-----------------------------------|---------------------|
| Last Date of Abstract Submission | 20th February 2021 |
| Confirmation of Selected Abstract | 22nd February, 2021 |
| Last Date for Paper Submission | 25th February 2021 |
| Last Date for Registration | 25th February, 2021 |
| Date of Seminar | 27th February, 2021 |

SUBMISSION PROCESS

All submissions must be made in Soft Copy to the aforementioned E-mail ID (bhabani.info1995@gmail.com) on or before the last date of submission. All submissions must be made in word document format. The body of the email must contain details of the Author and the Title of the Paper.

REGISTRATION FEE

Students/Research Scholars: Rs. 600
Academicians/Professionals: Rs. 1000
Participants : Rs. 500

NOTE: The registration fee includes seminar kit, breakfast, lunch, high tea and access to all technical sessions on the day of seminar. Registration fee does not include accommodation charges (No TA/DA). Participants seeking accommodation may consult us on or before the last date of registration through email, which may be provided on payment of the requisite charges.

NATIONAL E- CONFERENCE ON INTELLECTUAL PROPERTY RIGHTS: EMERGING ISSUES AND CHALLENGES

ABOUT THE SEMIINAR

GATE is organizing a Two day National Seminar on "Intellectual Property Rights: Emerging Issues and Challenges" which focuses on creating a nation-wide conversation providing an opportunity to students, academicians, law professionals and all other stakeholders to put forward their research and share their knowledge on wide range of topics relating to Intellectual Property Rights and related subjects.

The purpose of the Seminar is to provoke discussion and debate on a range of topics and including subjects like Patent of Life Forms, Standard Essential Patents, geographical indications, traditional knowledge protection, amongst others. The agenda is kept deliberately broad and the discussions are intended to be accessible to a general audience.

The Seminar program offers high-level content relevant not only to students pursuing any academic degree but also to young innovators from different fields; advocates, policy advisors, academicians, judicial officers and a range of government and non-government organizations to engage in a dialogue on protection and commercialization of Intellectual Property. Through this initiative, we want our students and faculty to develop a broader perspective of their responsibility to society and to give them an opportunity to listen to experiences, researches and findings of our esteemed panel of speakers, guests, academicians as well as students.

The Seminar will also provide a unique opportunity for lawyers and associated professional members in the region to exchange insights explore current policy and practice issues and exposure to a professional network of colleagues with shared interests and expertise.

Concept Note

Intellectual Property Rights has been high on the agenda of the policymakers these days and there has been a wide and ongoing debate on the nature and scope of these rights. WIPO has defined these rights as rights accruing from creations of mind. But, the value of Intellectual Property does not lie merely in its creation and development rather in its commercialization. Intellectual Property is a powerful commercial asset whose commercialization is yet to be fully developed in India.

Though, Indian Law has travelled a very long way in providing protection to different kinds of Intellectual

Property creations; the condition and circumstances of gaining protection and commercializing these rights remain vulnerable. The primary reason behind this is lack of awareness and the cumbersome process of getting protection to these rights which has led to numerous incidents of plagiarism, stealing of traditional knowledge of local communities, amongst others. Large scale schemes and programs spreading awareness among people including communities and students is the need of the hour. Also, there should be a move to integrate universities with research as the purpose of higher education is to create a scientific and innovative mind for further research which comes under the head of "Public Funding of IP". A Bill was introduced in 2008 to realize this scheme, which would engage the students in a scientific environment while creating a network of research and innovation involving different sections of people like, individual scientists, young innovators as well as the forest dwellers who could submit their work to the institution which would in return commercialize the particular Intellectual Property. But, such scheme is yet to be realized and we are steps away from commercializing our nation's precious intellectual property assets and realizing our goal of creating a scientific temperament.

ABOUT THE INSTITUTION

Begin its journey in the year 2009 at Berhampur, the Silk City of Odisha, Gandhi Academy of Technology and Engineering is managed by "Tarini Educational Trust". GATE, an Institute, is approved by AICTE New Delhi & Affiliated to BPUT, Rourkela, Odisha. The Institute works with a mission to provide quality education of international standards for producing technocrats and future leaders in a disciplined and conducive environment as an integral part of our social commitment to promote education globally. GATE offer graduate programmes in Mechanical Engineering, Civil Engineering, Electronics Engineering, Computer Science Engineering and Electrical Engineering and More than 3000 graduate and post graduate students are being groomed here to excel in their area of specialization. GATE's alumni have been well accepted by both public sector and private sector companies and many are holding important positions in their respective organizations.

Activity Report

Theme: National E-Conference on Intellectual Property Rights: Emerging Issues and Challenges

Introduction GANDHI ACADEMY OF TECHNOLOGY AND ENGINEERING, BERHAMPUR, Organized a National E-Conference on Intellectual Property Rights: Emerging Issues and Challenges with an objective to enrich the budding entrepreneurs about the importance of intellectual properties in managing business.

Objective The primary objectives of the seminar are:

- To equip the students about the comprehensive understanding of IPR & its role in research & innovation
- To educate the students of technical studies ,about the practical insides into the patents system.
- To educate about the combination of theoretical concepts & historical contexts by providing suitable examples

Outcomes

- It has helped the students to become a better listener, present their arguments and ideas clearly to the speakers.
- It has given intensive exposure to the topic that has been discussed.
- It has given the students to appreciate science with logic and understand Science is neutral without gender bias.
- It has exchanged information and experiences related to the application of patents & copyrights.
- It has given an idea to develop and implement these subjects i.e. Physics, Chemistry, Mathematics and Biology in their relevant fields.
- It has improved students proficiency in Engineering with the application of .
- It has given an exposure to the students to implement their hidden ideas to practical shape in exhibiting their projects
- It has motivated the students to work with their new as well as innovative projects as a team
- It has given the students an understanding to think out of the box and come up with innovative ,unique projects that has future relevance in the society.

Resource Persons/ Key Speakers Dr. Ashutosh Singh, Assistant Professor, Department of Business Economics, Faculty of Management Studies, VBSP University, Jaunpur, UP.

No. of Participants 88

VALEDICTORY SESSION In the valedictory session Dr. Gouri Shankar Mohapatro, the Principal of Gandhi Academy of Technology and Engineering, expressed his gratitude to all the speakers and participants. He highlighted the importance of such programs in providing opportunities for young engineering students and faculty members to learn from experts and keep themselves up-to-date with the latest advancements in their respective fields. The program coordinator extended a vote of thanks to all the speakers and participants for their active participation and making the program a success. He encouraged everyone to continue their learning journey and apply the knowledge gained in their research and professional work.

Sub: Invitation to be the Chief Speaker at the National E-Conference on “Intellectual Property Rights and Human Capital Development”, schedule to be held on 06.03.2021 to 07.03.2021.

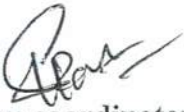

Dear Sir,

Gandhi Academy of Technology and Engineering, Berhampur, Odisha, India is organizing an “Intellectual Property Rights and Human Capital Development” on 06.03.2021 to 07.03.2021. Your knowledge and vast experiences are excellent in academics and research. It gives us an immense pleasure to invite you as the Chief Speaker of the inaugural session of our Conference which will schedule to be held on 6th January at 10.00 AM.

Kindly Accept our invitation and grace the occasion with your benign presence. We are certain that our participants will benefit a lot from your experiential knowledge sharing on Entrepreneurial research.

Thanking you in anticipation,

Yours sincerely,

Program coordinator

Guidelines for Paper Submission:

- The title of the paper should be followed by Name, Designation, Name of the Organization / University / Institution and Email address. It is mandatory to mention Email address, as all future correspondence will be through it;
- Name and details of Co-author, if any;
- Chapter: Chapter should be in Times New Roman 12 point font and double spaced. Main Title should be in full capitals, bold and centered 12 point font. Sub-titles should be in sentence case, bold and 12 point font. Author's names should be in small capitals and centered 10 point font Footnotes should be in Times New Roman 10 point font;
- Citation Format: Please use footnotes rather than endnotes. Footnotes should conform to The Indian Law Institute, New Delhi Style;
- Originality of Manuscripts: All the contributions should be the original work of the contributors and should not have been submitted for consideration in any other Publication. Any plagiarized work will be out-rightly rejected;
- The title of the Chapter should be followed by Name, Designation, Name of the Organization / University / Institution and Email address. It is mandatory to mention Email address, as all future correspondence will be through it;
- Name and details of Co-author, if any;
- The paper should be typed in MS WORD format (preferably 2007 or 2010);
- The paper must be in single column lay out with margins justified on both sides;

The length of FULL paper should not be below 4,000 words and should not exceed more than 10,000.

Who can participate?

Professionals, Academicians, and Research Scholars in the domain of Social sciences, Science, Engineering, Technology, Pharma and Media disciplines etc.

CERTIFICATION

E-certificates will be provided to all the author(s) who will present their papers in the Seminar.

How to submit

Submissions should be sent via email to:
seminar@gate.ac.in

Registration Fees:

For Online:

Academicians/Professionals: Rs. 800/-
Research Scholars/Students: Rs. 300/-

IMPORTANT DATES

Last date for the submission of the abstract/work in progress : 01st March 2021.
Date of National Seminar : 6th March, 2021
(Offline & Online)

Revised Full paper shall be accepted by : 15th March 2021

INTELLECTUAL PROPERTY

GANDHI ACADEMY OF TECHNOLOGY AND ENGINEERING
Golanthara, Berhampur

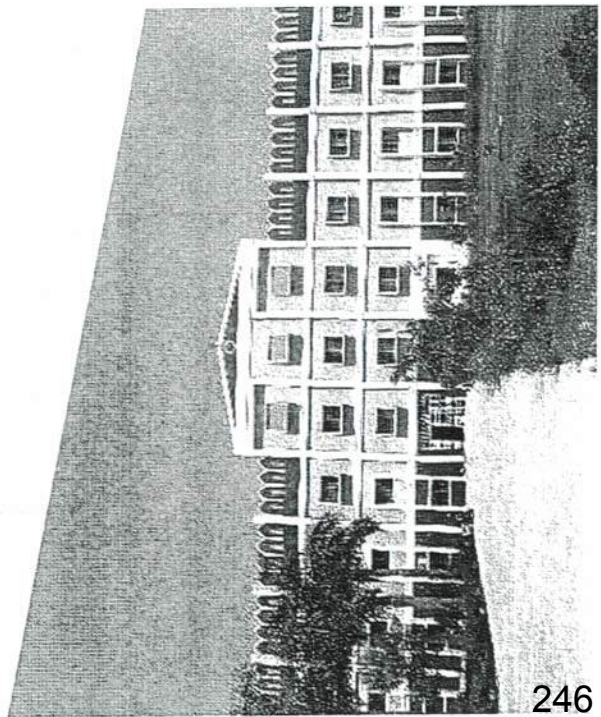

National E- Conference on "Intellectual Property Rights & Human Capital Development"

Date: 06th & 7th March, 2021

Berhampur

ABOUT THE INSTITUTION

Begin its journey in the year 2009 at Berhampur, the Silk City of Odisha, Gandhi Academy of Technology and Engineering is managed by "Tarini Educational Trust". GATE, an Institute, is approved by AICTE New Delhi & Affiliated to BPUT, Rourkela, Odisha. The Institute works with a mission to provide quality education of international standards for producing technocrats and future leaders in a disciplined and conducive environment as an integral part of our social commitment to promote education globally. GATE offer graduate programmes in Mechanical Engineering, Civil Engineering, Electronics Engineering, Computer Science Engineering, Automobile Engineering and Electrical Engineering and Post Graduate Program in Mechanical Engineering. More than 3000 graduate and post graduate students are being groomed here to excel in their area of specialization. GATE's alumni have been well accepted by both public sector and private sector companies and many are holding important positions in their respective organizations.

Concept Note

Human intellect is the creator of Intellectual Property with the investment of labour skill and judgement, generating rights in the property, known as intellectual property Rights. It's an exclusive rights granted to the creators in their creations. Intellectual Property Rights such as Patents, Copyrights, Trademark, Industrial designs, Geographical Indications, Trade secrets, Layout designs for Integrated Circuits, Traditional Knowledge, Plant Variety and Farmers rights, Biotechnology and agriculture, etc. It is a legal concept which refers to creations of the mind for which exclusive rights are recognized. Intellectual property rights provide an incentive to the creator to develop his/her creation and to share it with other people for the development of the society.

IPRs play a very important role in the development of individual and the society. IPRs protect and encourages the creators for innovation and economic gain. It also leads to a healthy competition among creators and users, which ultimately leads to the progress of the society. The transfer of technology are important for developmental research. It is helpful in the solution to global challenges in the field of alternate energy resources, new products to the consumers and pharmaceutical development. The agriculture and biotechnology is the part and parcel of IPRs. The industries are interwoven with intellectual properties. It is necessary to stimulate economic growth and encourage fair trading, leads to employment, trade and commerce for economic and social development. Of course it requires effective enforcement mechanism for the protection of their rights.

Gandhi Academy of

Technology and Engineering, Berhampur
Keeping all these aspects in mind, The Union Cabinet has approved the National Intellectual Property Rights (IPR) Policy on 12th May, 2016 that shall lay the future roadmap for IPRs in India.

SUB THEMES:

1. Issues on International conventions: IPR: TRIPS, WTO, WIPO, Paris, Berne and Madrid conventions
2. Legislative framework of IPR in India: Copyright, Patents, Trade secret, Trademark, Design, Lay out design, GI, PPVFR, Biological diversity, Genetic Resources (GR), Traditional Cultural Expressions (TCE), IPR Policy and allied laws.
3. Challenges related to Copyright and Cinematography, Performers Rights, Music.
4. Issues related to Patent in Pharmaceutical sector, protection of Medicinal plants.
5. Intellectual Property Rights and Competition laws: interface.
6. Commercialization of IPR: Licensing and Technology transfer, Patent pooling,
7. Role of IPR for Startups in India: IPR facilitators, encourage women entrepreneurship, incentives to MSME
8. Enforcement machineries in IPR: IPOs, Information and Communication technology, Office of the Controller General of Patents, Designs and Trademarks, CIPAM, National Biodiversity Authority (NBA)
9. Redressal mechanism in IPR: Tribunals, Special courts, Mediations, ADR
10. IPR litigations
11. IPR and human capital development.

Guidelines for Abstract/ Work in progress submission:

- All submissions must be made in electronic form in Word format (.doc/.docx) only.
- Authors should write an abstract of 500 words relating to the theme of the seminar.
- The abstract should include a suitable title for the paper, 5 minimum keywords, the name of the author(s), and their affiliation, email and mobile no.
- The abstract should be coherent and free of grammatical errors.

Activity Report

Theme: National E-Conference on “Intellectual Property Rights and Human Capital development”

Introduction GANDHI ACADEMY OF TECHNOLOGY AND ENGINEERING, BERHAMPUR, Organized a national E-Conference on “Intellectual Property Rights and Human Capital development” with an objective to enrich the budding entrepreneurs about the importance of intellectual properties in managing business.

Objective The primary objectives of the seminar are:

- To equip the students about the comprehensive understanding of IPR & its role in research & innovation
- To educate the students of technical studies ,about the practical insides into the patents system.
- To educate about the combination of theoretical concepts & historical contexts by providing suitable examples

Outcomes

- It has helped the students to become a better listener, present their arguments and ideas clearly to the speakers.
- It has given intensive exposure to the topic that has been discussed.
- It has given the students to appreciate science with logic and understand Science is neutral without gender bias.
- It has exchanged information and experiences related to the application of patents & copyrights.
- It has given an idea to develop and implement these subjects i.e. Physics, Chemistry, Mathematics and Biology in their relevant fields.
- It has improved students proficiency in Engineering with the application of .
- It has given an exposure to the students to implement their hidden ideas to practical shape in exhibiting their projects
- It has motivated the students to work with their new as well as innovative projects as a team
- It has given the students an understanding to think out of the box and come up with innovative ,unique projects that has future relevance in the society.

Resource Persons/ Key Speakers Dr. Taranjit Singh Vij, Associate Professor, SOMC, RIMT University, Mandi Gobindgarh, Punjab.

No. of Participants 90

VALEDICTORY SESSION

In the valedictory session Dr. Gouri Shankar Mohapatro, the Principal of Gandhi Academy of Technology and Engineering, expressed his gratitude to all the speakers and participants. He highlighted the importance of such programs in providing opportunities for young engineering students and faculty members to learn from experts and keep themselves up-to-date with the latest advancements in their respective fields.

The program coordinator extended a vote of thanks to all the speakers and participants for their active participation and making the program a success. He encouraged everyone to continue their learning journey and apply the knowledge gained in their research and professional work.

INTERNATIONAL CONFERENCE ON ON ENTREPRENEURSHIP IN HIGH-POTENTIAL ECONOMIES IN THE DIGITAL ERA

.... Organized by
GANDHI ACADEMY
OF TECHNOLOGY & ENGINEERING
Golanthara, Berhampur

03rd & 04th August 2019

ABOUT THE INSTITUTION

Begin its journey in the year 2009 at Berhampur, the Silk City of Odisha, Gandhi Academy of Technology and Engineering is managed by "Tarini Educational Trust". GATE, an Institute, is approved by AICTE New Delhi & Affiliated to BPUT, Rourkela, Odisha. The Institute works with a mission to provide quality education of international standards for producing technocrats and future leaders in a disciplined and conducive environment as an integral part of our social commitment to promote education globally. GATE offer graduate programmes in Mechanical Engineering, Civil Engineering, Electronics Engineering, Electrical Engineering and Post Graduate Program in Mechanical Engineering. More than 3000 graduate and post graduate students are being groomed here to excel in their area of specialization. GATE's alumni have been well accepted by both public sector and private sector companies and many are holding important positions in their respective organizations.

INTRODUCTION TO THE CONFERENCE

The conference seeks to further the research and practice horizon on key challenges faced by entrepreneurs and enterprises in high potential economies such as India in the era of digitization. The conference intends to bring together leading entrepreneurship thinkers, researchers and practitioners from around the world for two days of presentations and dialogue. Acknowledging the important role of social enterprises in such economies,

the conference will additionally focus on the potential for sustainable social and economic development in such enterprises. The insights and analyses presented in this conference are expected to provide guidance for future deliberations and set the agenda for entrepreneurship research, enterprise development, and policy formulation in this domain.

OBJECTIVES

The conference aims to:

- Provide a platform for a diverse range of leading stakeholders to present research results, analyses, expert opinions, and experiences;
- Begin a dialogue on the challenges and opportunities of the digital era for entrepreneurs in high-potential economies today;
- Link entrepreneurship with sustainable entrepreneurial practices and processes can find a place in this new landscape;
- Generate policy, programme and institutional recommendations which will encourage innovations in entrepreneurial research and practice.

Principal
Gandhi Academy of
Technology and Engineering, Berhampur

CALL FOR PAPERS

Academic papers, business case studies, and accounts of firsthand entrepreneurial experience are invited from scholars and practitioners who wish to make presentations related to the conference theme. Presenters are encouraged to contribute new ideas, concepts and paradigms for discussions. Papers and case studies should be based on original, recent research.

Delegates are invited to present papers, cases, and experiences under the following broad areas:

- The Digital Revolution: Entrepreneurial Risks and Opportunities
- Enterprise Sustainability and Growth Barriers
- The Entrepreneur and the Enterprise in the Digital Era
- Gender, Technology, and Entrepreneurship
- Social Enterprises in the 21st Century
- The Digital Revolution and Socio-economic Change

PANEL DISCUSSIONS

The discussions will offer an opportunity for entrepreneurs and business practitioners to share experiences and lessons learned.

Activity Report

Theme: Two days International Conference on “Entrepreneurship in High-Potential Economies in the Digital Era”

Introduction

GANDHI ACADEMY OF TECHNOLOGY AND ENGINEERING, BERHAMPUR, Organized a two days international conference on Entrepreneurship in High-Potential Economies in the Digital Era. The convergence of finance and technology is rapidly reshaping the landscape of entrepreneurship, creating exciting new opportunities and challenges for aspiring business owners. A seminar exploring this synergy in the new era could yield several valuable outcomes for participants.

Objective

The primary objectives of the seminar are:

- To educate about the close linkage between academic and R&D institutions on one hand and industry on the other.
- To promote entrepreneurship among Science and Technology persons, many of whom were otherwise seeking jobs soon after their graduation.
- To provide R&D support to the small-scale industry.
- To promote innovation based enterprises.

Outcomes

1. Participants were able to gain a comprehensive understanding of the Fintech landscape.

2. Participants were able to understand the enhanced importance of Fintech in entrepreneurship.

3. Participants gained knowledge about the leverage of Fintech solutions for the growth of entrepreneurship.

4. Workshops and brainstorming sessions helped participants to connect with investors and financial institutions.

**Resource Persons/
Key Speakers**

Prof. (Dr.) Radhe Shyam Pradhan, Director, Uniglobe College, New Baneshwor, Kathmandu, Nepal

Subject: Invitation to be the Chief Speaker at the International Conference on "The Importance of Innovation, Entrepreneurship and Management in Sustainable Development"

Dear Sir,

I hope this letter finds you in the best of health and spirits. It is with great honour and immense pleasure that I extend this invitation to you to serve as the Chief Speaker at our upcoming International Conference On "The Importance of Innovation , Entrepreneurship and Management in Sustainable Development" at Gandhi Academy Of Technology and Engineering, Berhampur, Odisha, India on 24th August 2019 to 25th August 2019.

Your insights and expertise would immensely benefit the audience comprising researchers, scholars, and professionals. Your presence would undoubtedly inspire and motivate participants to delve deeper into the domains. It gives us an immense pleasure to invite you as the Chief Speaker of the inaugural session of our International Conference on 24th August at 10.00 AM

Kindly Accept our invitation and grace the occasion with your benign presence.

Thanking you in anticipation,

Yours sincerely,

Program coordinator

Principal
Gandhi Academy of
Technology and Engineering, Berhampur

Delegates are invited to present papers, cases, & experiences under the following broad areas:

- Entrepreneurship, Innovation, and Sustainability
- Entrepreneurship and its ecosystem
- New Market for Entrepreneurship
- People and organizational management
- Cross border and local venture capital investment
- Social and Green entrepreneurship
- Women entrepreneurship
- Entrepreneurship and the digital economy
- Entrepreneurship and regional/rural development
- Collaboration, association, and entrepreneurial knowledge exchange for sustainable development
- Entrepreneurial finance
- Venture capitalism and Angel investment
- Innovation in Education & Teaching
- E-governance
- Innovation in Science, Engineering, and Management
- Business model innovation in emerging markets
- Innovation in Health, sustainability, and social issues
- Innovation in managing global challenges
- New Technology direction and challenges
- Innovation Impact Assessment for sustainable development
- Creating an innovative and entrepreneurial environment for sustainable development
- Science, Society, and new technology

INTERNATIONAL CONFERENCE ON The Importance of Innovation, Entrepreneurship & Management in Sustainable Development (IIEMSD)

Date: 24th & 25th August, 2019

.... Organized by

Gandhi Academy of Technology and Engineering
Golanthara, Berhampur

ABOUT THE INSTITUTION

Begin its journey in the year 2009 at Berhampur, the Silk City of Odisha, Gandhi Academy of Technology and Engineering is managed by "Tarini Educational Trust". GATE, an Institute, is approved by AICTE New Delhi & Affiliated to BPUT, Rourkela, Odisha. The Institute works with a mission to provide quality education of international standards for producing technocrats and future leaders in a disciplined and conducive environment as an integral part of our social commitment to promote education globally. GATE offer graduate programmes in Mechanical Engineering, Civil Engineering, Electronics Engineering, Electrical Engineering and Post Graduate Program in Mechanical Engineering. More than 3000 graduate and post graduate students are being groomed here to excel in their area of specialization. GATE's alumni have been well accepted by both public sector and private sector companies and many are holding important positions in their respective organizations.

INTRODUCTION TO THE CONFERENCE

The context of 21st-century globalization has witnessed a radical shift toward an entrepreneurial and innovation economy. Therefore, innovation and entrepreneurship largely impacted the sustainability of businesses across all countries. Hence, it is the need of hours to explore, analyse and understand the complex interrelationship among innovation, and entrepreneurship on business sustainability in emerging markets. Contemporary researches focus on how the modern organisation in the rapidly changing world can harness the power of innovation and entrepreneurship for building a sustainable and successful business.

The 3rd International Conference on Role of Innovation, Entrepreneurship and Management for Sustainable Development aims to bring together leading academicians, researchers and industry experts to exchange and share their experiences and research results on all aspects of Innovation, Entrepreneurship and Management. It also provides a premier interdisciplinary platform for researchers, practitioners and educators to present and discuss the most recent innovations, trends, and concerns in the fields of Innovation, Entrepreneurship and Management. This conference brings new perspective of research papers and cases on innovation practices, entrepreneurship and sustainability in the context of emerging markets. It is to contribute research papers and case studies related to innovation-driven firm sustainability, social entrepreneurship, Business sustainability during the time of crises, firm innovative practices for business sustainability, etc.

OBJECTIVES

The conference aims to:

- Provide a platform for a diverse range of leading stakeholders to present research results, analyses, expert opinions, and experiences;
- Begin a dialogue on the challenges and opportunities of the digital era for entrepreneurs in high-potential economies today;
- Link entrepreneurship with sustainability and understand if and how sustainable entrepreneurial practices and processes can find a place in this new landscape;
- Generate policy, programme and institutional recommendations which will encourage innovations in entrepreneurial research and practice; and
- Disseminate this knowledge as widely as possible among communities of academic researchers and entrepreneurs globally.

CALL FOR PAPERS

Prospective authors are encouraged to contribute to and help shape the conference through submissions of their research abstracts, and papers. High-quality research contributions describing original and unpublished results of conceptual, constructive, empirical, experimental, or theoretical work in all areas of Innovation, Entrepreneurship and Management are invited for presentation at the conference. Further, this conference is to call for quality discussion-based teaching case studies that address issues related to the impact and role of innovation, entrepreneurship and business sustainability in the emerging markets.

Activity Report

Theme: Two days International Conference on “International Conference on the Importance of Innovation, Entrepreneurship and Management in Sustainable Development”

Introduction GANDHI ACADEMY OF TECHNOLOGY AND ENGINEERING, BERHAMPUR, Organized a two days international conference on the Importance of Innovation, Entrepreneurship and Management in Sustainable Development . The convergence of finance and technology is rapidly reshaping the landscape of entrepreneurship, creating exciting new opportunities and challenges for aspiring business owners. A seminar exploring this synergy in the new era could yield several valuable outcomes for participants.

Objective The primary objectives of the seminar are:

- To educate about the close linkage between academic and R&D institutions on one hand and industry on the other.
- To promote entrepreneurship among Science and Technology persons, many of whom were otherwise seeking jobs soon after their graduation.
- To provide R&D support to the small-scale industry.
- To promote innovation based enterprises.

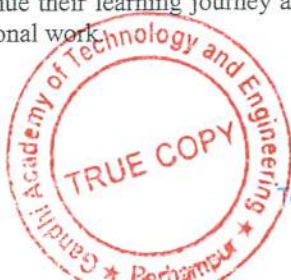

Outcomes

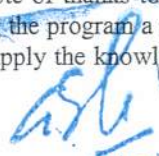

1. Participants were able to gain a comprehensive understanding of the Fintech landscape.
2. Participants were able to understand the enhanced importance of Fintech in entrepreneurship.
3. Participants gained knowledge about the leverage of Fintech solutions for the growth of entrepreneurship.
4. Workshops and brainstorming sessions helped participants to connect with investors and financial institutions.

Resource Persons/ Key Speakers **Dr. Gagan Kukreja**, Associate Professor of Accounting, Ahlia University, Bahrain

No of participants 98

Valedictory Session In the valedictory session Dr. Gouri Shankar Mohapatro, Principal of Gandhi Academy of Technology and Engineering, expressed his gratitude to all the speakers and participants. He highlighted the importance of such programs in providing opportunities for young engineering students and faculty members to learn from experts and keep themselves up-to-date with the latest advancements in their respective fields. The program coordinator extended a vote of thanks to all the speakers and participants for their active participation and making the program a success. He encouraged everyone to continue their learning journey and apply the knowledge gained in their research and professional work.

Subject: Invitation to be Chief Resource Person at the National Workshop on Research Methodology and Data Management

Dear Sir,

Gandhi Academy of Technology and Engineering, Berhampur is organizing a "National Workshop on Research Methodology and Data Management" on 14th.09.2019 to 15th.09.2019.

This programme is designed to impart knowledge on quantitative and qualitative analyses used in research along with many important concepts of research methodology which are useful for perusing research. This programme will try to give exposure on advanced statistical tools & techniques used for analyzing field data. Your global knowledge and vast experiences are unparalleled in academics and research. It gives us an immense pleasure to invite you as the Chief Resource person of the said workshop which is scheduled to be held on 14th.09.2019 to 15th.09.2019.

Kindly Accept our invitation and grace the occasion with your benign presence. We are certain that our participants will benefit a lot from your experiential knowledge sharing on the worthy workshop.

Thanking you in anticipation,

Yours sincerely,

Program coordinator

WHO SHOULD ATTEND?

- Students: UG / PG/ Research Scholars / Professional Courses
- Management Trainees & Technical Trainees / Associates
- Academicians / Faculty Members / Teachers

Registration fee: Rs. 500/- per participant. Registration Fee to be paid online. Details of payment will be provided after selection. The participation in the programme will be on last come first out basis.

HOW TO APPLY

Candidates are required to send the registration form duly filled in and forwarded by the Research Supervisor and the Head of the Department with following enclosures by speed post as well as by e-mail and also fill up online registration form given link below.

ABOUT GATE

Began its journey in the year 2009 at Berhampur, the Silk City of Odisha, Gandhi Academy of Technology and Engineering is managed by "Tarini Educational Trust". GATE, an Institute, is approved by AICTE, New Delhi & Affiliated to BPUT, Rourkela, Odisha. The Institute works with a mission to provide quality education of international standards for producing technocrats and future leaders in a disciplined and conducive environment as an integral part of our social commitment to promote education globally. GATE offer graduate programmes in Mechanical Engineering, Civil Engineering, Electronics Engineering, and Electrical Engineering and Post Graduate Program in Mechanical Engineering. More than 3000 graduate and post graduate students are being groomed here to excel in their area of specialization. GATE's alumni have been well accepted by both public sector and private sector companies and many are holding important positions in their respective organizations.

Several co-curricular activities such as special lectures, workshops, seminars, and conferences are regularly conducted for the benefit of the students and teaching fraternity. The Department is always remained in forefront among the students and academicians owing to its unique teaching, learning and evaluation.

The Centre invites applications from faculty member of colleges, universities, management executives and research scholars who wish to deepen their understanding on Research Methodology and Data Management

Course Overview

Broad Topics to be covered in the Workshop are as follows:

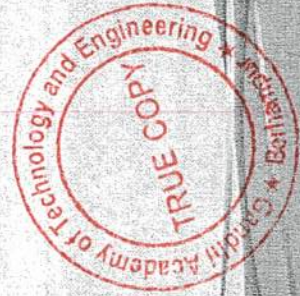

- Introduction to Research Methodological Issues in Social Science Research
- Formulation of Hypotheses, Types of Hypotheses, Testing Hypotheses
- Research Design
- Overview on Quantitative Research Methods?, Data Collection Tools and Techniques
- Content and Discourse Analysis
- Report Writing and Referencing
- Formulation of Research Proposal and Synopsis
- Sampling: Techniques and Methods.

This programme is designed to impart knowledge on quantitative and qualitative analyses used in research along with many important concepts of research methodology which are useful for pursuing research. This programme will try to give exposure on advanced statistical tools & techniques used for analyzing field data. This will also help the participants address the challenges and opportunities in the field of teaching & research in a correct and meaningful way.

The core objective of this workshop is to help the participants understand the essential skills required to conduct the research based on empirical data.

Objective of the Workshop

- To make the research comfortable with application of the quantitative and qualitative tools in research.
- To help understand fundamentals of Research.
- To help in learning application of advanced statistical concepts in analysis of data.
- To make you expert in development of research proposal.
- To draw valid inferences and meaningful conclusions from statistical analysis.

Activity Report

Date: 14.09.2019 to 15.09.2019

Theme: National Workshop On “Research Methodology and Data Management”

Introduction GANDHI ACADEMY OF TECHNOLOGY AND ENGINEERING, BERHAMPUR, Organized National Workshop On Research Methodology and Data Management with an objective to enrich the budding entrepreneurs about the importance of intellectual properties in managing business.

Objective The primary objectives of the workshop are:

- To Equip participants with the knowledge and skills necessary to conduct sound research in the field of management.
- To Develop critical thinking and analytical skills for evaluating research findings and making informed decisions.
- To Promote understanding of the research process from problem identification to data analysis and interpretation.
- To Provide hands-on experience with statistical analysis tools and techniques commonly used in management research.
- To make the participants Understand the different types of research designs (quantitative, qualitative, mixed methods) and their appropriateness for different research questions in management.

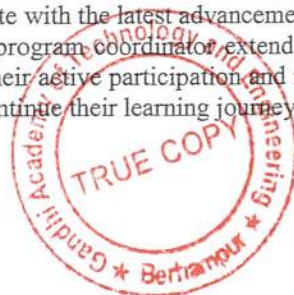

Outcomes

- Improved Knowledge and Skills: Greater understanding of research methodologies: Participants may gain a clearer understanding of various research designs, data collection methods, and ethical considerations in management research.
- Enhanced statistical analysis skills: The workshop could equip participants with basic or advanced statistical analysis techniques using software like SPSS, R, or Stata, along with the ability to interpret data and draw meaningful conclusions.
- Develop research proposals and research questions: Many workshops provide guidance on formulating research questions, framing hypotheses, and developing strong research proposals.
- Enhanced confidence and competence: Gaining knowledge and skills in research methodology can boost participants' confidence and make them feel more competent in conducting and analyzing research in their field.

Resource Persons/ Key Speakers Dr. Shubhra Johri, Assistant Professor, Siva Sivani Institute of Management, Secunderabad, India

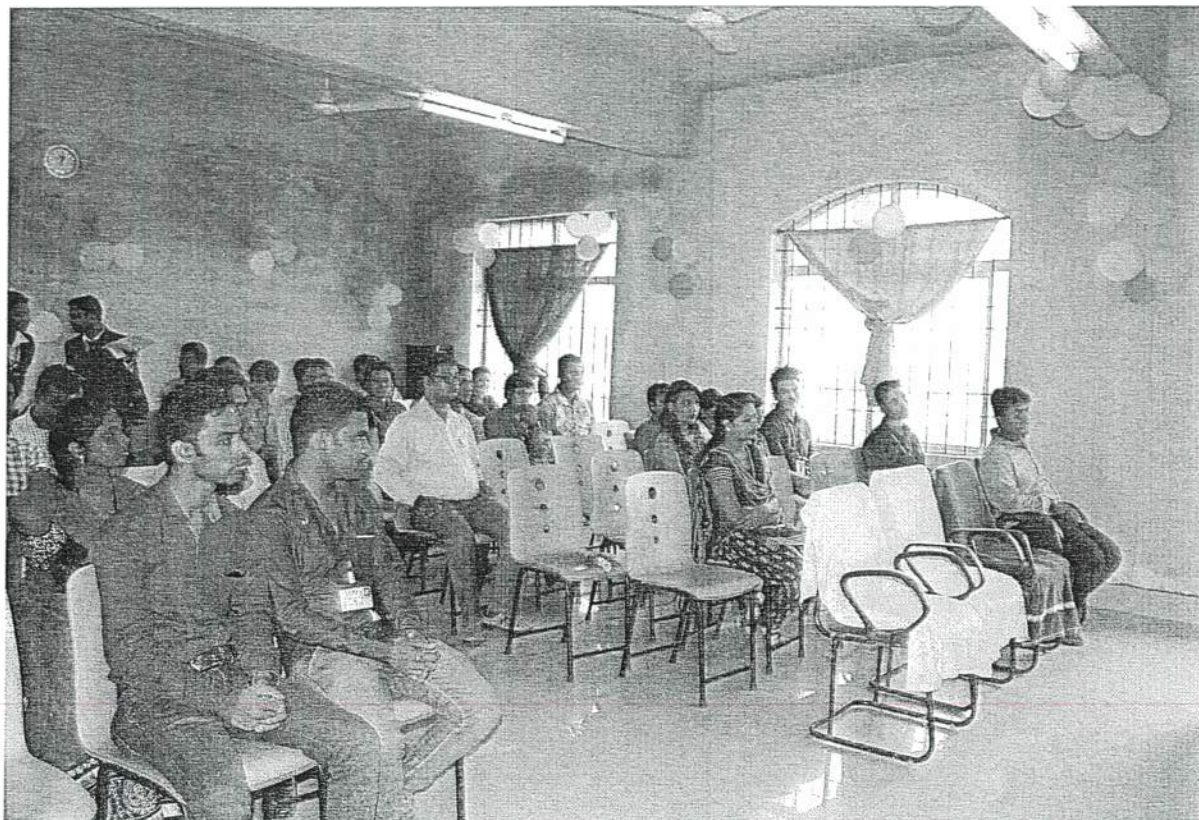

No. of Participants
: 88

VALEDICTORY SESSION In the valedictory session Dr. Gouri Shankar Mohapatro, Principal of Gandhi Academy of Technology and Engineering, expressed his gratitude to all the speakers and participants. He highlighted the importance of such programs in providing opportunities for young engineering students and faculty members to learn from experts and keep themselves up-to-date with the latest advancements in their respective fields. The program coordinator extended a vote of thanks to all the speakers and participants for their active participation and making the program a success. He encouraged everyone to continue their learning journey and apply the knowledge gained in their research.

Subject: Invitation to be Chief Resource Person at the National Workshop on Research Methodology

Dear Sir,

Gandhi Academy of Technology and Engineering, Berhampur, Odisha is organizing a "National Workshop on Research Methodology and data Analysis" on 28th.09.2019 to 29th.09.2019.

This programme is designed to impart knowledge on quantitative and qualitative analyses used in research along with many important concepts of research methodology which are useful for perusing research. This programme will try to give exposure on advanced statistical tools & techniques used for analyzing field data. Your global knowledge and vast experiences are unparalleled in academics and research. It gives us an immense pleasure to invite you as the Chief Resource person of the said workshop which is scheduled to be held on 28th.09.2019 to 29th.09.2019.

Kindly Accept our invitation and grace the occasion with your benign presence. We are certain that our participants will benefit a lot from your experiential knowledge sharing on the worthy workshop.

Thanking you in anticipation,

Yours sincerely,

S. Sahu

National Workshop on Research Methodology

BACKGROUND:

Research is the bedrock of knowledge in general and higher education in particular. The institutions of higher education in India are facing crucial challenge in creating, nurturing and maintaining the level of quality research. It is essential to develop a sound methodological base of research among the researchers to cope up with challenges in this vision, there is need to train, reorient and reactivate the research scholars on research methodology. The current workshop is an effort to enrich the Research scholars on research methodology

ABOUT THE WORKSHOP:

The research methodology course for M.Phil./PhD students is expected to cover the fundamentals of research methodology focusing on theoretical and practical inputs. Specifically, the formulation of research problem, formulation of research hypothesis and testing of hypothesis, conducting literature review, data collection methods, selection of appropriate parametric/non-parametric statistical method for analyzing data, and report writing etc.

OBJECTIVES:

To enable the participants, define research problem, developing an approach to research problem and selection of suitable research design. To impart capabilities for formulation and testing of hypothesis based on the nature of research. To comprehend appropriateness of statistical software packages for analyzing research data. To enable the participants to understand report writing and writing research proposals. To make aware the participants about latest trends in discipline specific research.

ABOUT THE INSTITUTION

Began its journey in the year 2009 at Berhampur, the Silk City of Odisha, Gandhi Academy of Technology and Engineering is managed by "Tarmi Educational Trust". GATE, an Institute, is approved by AICTE New Delhi & Affiliated to BPUT, Rourkela, Odisha. The Institute works with a mission to provide quality education of international standards for producing technocrats and future leaders in a disciplined and conducive environment as an integral part of our social commitment to promote education globally. GATE offer graduate programmes in Mechanical Engineering, Civil Engineering, Electronics Engineering and Electrical Engineering and Post Graduate Program in Mechanical Engineering.

More than 3000 graduate and post graduate students are being groomed here to excel in their area of specialization. GATE's alumni have been well accepted by both public sector and private sector companies and many are holding important positions in their respective organizations.

Accommodation and travel

Accommodation will be provided on sharing basis to outstation participants from the evening of 28th September to the Morning of 29th September, 2019 and Travel allowances by shortest route (3AC railway fare / actual bus fare) will be reimbursed (Maximum limit is Rs.4000 per person) to the outstation participants subject to the production of proof.

Resource Persons

The workshop sessions and other activities will be guided by professionals in the field.

Activity Report

Theme: Two days National Workshop On "Research Methodology"

Introduction GANDHI ACADEMY OF TECHNOLOGY AND ENGINEERING, BERHAMPUR, Organized Two days National Workshop On "Research Methodology" with an objective to enrich the budding entrepreneurs about the importance of intellectual properties in managing business.

Objective The primary objectives of the workshop are:

- 1.To Equip participants with the knowledge and skills necessary to conduct sound research in the field of management.
- 2. To Develop critical thinking and analytical skills for evaluating research findings and making informed decisions.
- 3. To Promote understanding of the research process from problem identification to data analysis and interpretation.
- 4. To Provide hands-on experience with statistical analysis tools and techniques commonly used in management research.

Outcomes

5. To make the participants Understand the different types of research designs (quantitative, qualitative, mixed methods) and their appropriateness for different research questions in management.

- 1. Improved Knowledge and Skills: Greater understanding of research methodologies: Participants may gain a clearer understanding of various research designs, data collection methods, and ethical considerations in management research.
- 2. Enhanced statistical analysis skills: The workshop could equip participants with basic or advanced statistical analysis techniques using software like SPSS, R, or Stata, along with the ability to interpret data and draw meaningful conclusions.
- 3. Develop research proposals and research questions: Many workshops provide guidance on formulating research questions, framing hypotheses, and developing strong research proposals.
- 4. Enhanced confidence and competence: Gaining knowledge and skills in research methodology can boost participants' confidence and make them feel more competent in conducting and analyzing research in their field.

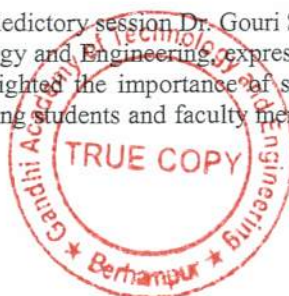

Resource Persons/ Key Speakers Dr. Taranjit Singh Vij, Associate Professor, SOMC, RIMT University, Mandi Gobindgarh, Punjab.

No. of Participants

: 80

VALEDICTORY SESSION

In the valedictory session Dr. Gouri Shankar Mohapatro, Principal of Gandhi Academy of Technology and Engineering, expressed his gratitude to all the speakers and participants. He highlighted the importance of such programs in providing opportunities for young engineering students and faculty members to learn from experts and keep themselves up-

Subject: Invitation to be Chief Speaker at National Conference on "Intellectual Property Rights for Research"

Dear Madam,

Gandhi Academy of Technology and Engineering, Berhampur is organizing a National Conference on "Intellectual Property Rights for Research" scheduled to be held on 19th and 20 October 2019. The main aim of these types of workshop is to inculcate a valuable initiative to educate researchers, academics, students, and professionals about the ethical and legal aspects of academic and intellectual property. Your global knowledge and vast experiences are unparalleled in academics and research. It gives us an immense pleasure to invite you as Chief Resource Person at National Workshop on "Importance and Use of Copyrights, Patents, Citation, Impact factor & Plagiarism" on 19th. October 2020 at 10.00 AM.

Kindly Accept our invitation and grace the occasion with your benign presence. We are certain that our participants will benefit a lot from your experiential knowledge sharing on the said workshop.

Thanking you in anticipation,

Yours sincerely,

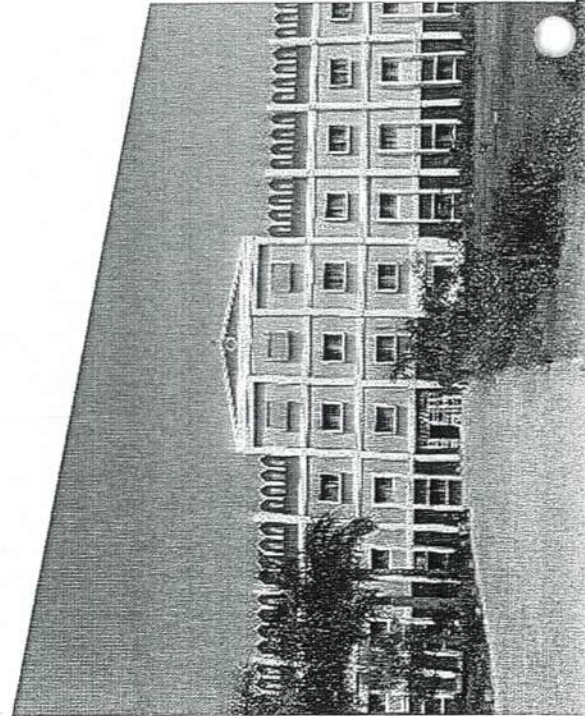

Program coordinator

ABOUT THE INSTITUTION

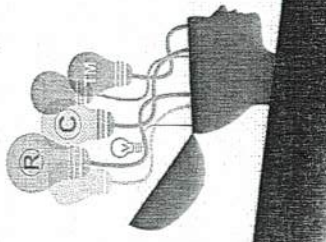

Begin its journey in the year 2009 at Berhampur, the Silk City of Odisha, Gandhi Academy of Technology and Engineering is managed by "Tarini Educational Trust". GATE, an Institute, is approved by AICTE New Delhi & Affiliated to BPUT, Rourkela, Odisha. The Institute works with a mission to provide quality education of international standards for producing technocrats and future leaders in a disciplined and conducive environment as an integral part of our social commitment to promote education globally. GATE offer graduate programmes in Mechanical Engineering, Civil Engineering, Electronics Engineering and Electrical Engineering and Post Graduate Program in Mechanical Engineering. More than 3000 graduate and post graduate students are being groomed here to excel in their area of specialization. GATE's alumni have been well accepted by both public sector and private sector companies and many are holding important positions in their respective organizations.

NATIONAL CONFERENCE ON

INTELLECTUAL PROPERTY RIGHTS (IPR)

• Intellectual Property • Innovations • Startups • MSMEs

About IPR Cell

Intellectual Property Rights (IPR) plays a vital role in enhancing the socio-economic prosperity of the country. Creativity and innovations are new drivers of the world economy. With the increasing relevance of Intellectual Property in this era of globalization, it is important to recognize the role which Intellectual Property systems play in the growth of the Nation. Thus there is a need to create large public awareness about the pivotal role of IPR in globalized knowledge economy. With the view to create awareness on the significance of IPR to the people from various sectors in the country, IPR Cell, GATE, Berhampur is organizing two day national conference on "Intellectual Property Rights for Research".

Objectives

The objective of this conference is to impart greater awareness about the issue of Intellectual Property Rights (IPR), which has gained a special importance in the domains of socio-economic development. It aids to understand of patentability criteria in details and viable aspect of the patent. Also, the patent system and the possible patent routes will be explained in more detail. Conference involves invited lecturers, distinguished legal experts in the field of drafting of patent specifications, filing of patents, Copyrights and Trademarks etc..

Theme/Scope

The goal of this conference is to bring together the faculty members, scientists, scholars and students from universities, research institutes, and industry from all around the nation to create large public awareness about the pivotal role of Intellectual Property Rights which includes drafting of patent specifications, filing of patents, Copyrights and Trademarks etc.

Topics to be covered

- Definition, principles and overview of IPR by leading patent Attorneys
- Background patent system, Patentability criteria (patentable subject-matter, novelty/inventive step, industrial applicability)
- Sufficiency of disclosure, Content of a patent application, Patent ownership
- Illustrative case and Confidentiality
- Information about the patent drafting process by reputed patent attorneys.
- Copyrights and Trademarks etc.
- Various plagiarism software tools.

Activity Report

Theme: National Conference on Intellectual Property Rights for Research

Introduction GANDHI ACADEMY OF TECHNOLOGY AND ENGINEERING, BERHAMPUR, Organized a national conference on Intellectual Property Rights for Research with an objective to enrich the budding entrepreneurs about the importance of intellectual properties in managing business.

Objective **The primary objectives of the seminar are:**

- To equip the students about the comprehensive understanding of IPR & its role in research & innovation
- To educate the students of technical studies ,about the practical insides into the patents system.
- To educate about the combination of theoretical concepts & historical contexts by providing suitable examples

Outcomes

- It has helped the students to become a better listener, present their arguments and ideas clearly to the speakers.
- It has given intensive exposure to the topic that has been discussed.
- It has given the students to appreciate science with logic and understand Science is neutral without gender bias.
- It has exchanged information and experiences related to the application of patents & copyrights.
- It has given an idea to develop and implement these subjects i.e. Physics, Chemistry, Mathematics and Biology in their relevant fields.
- It has improved students proficiency in Engineering with the application of .
- It has given an exposure to the students to implement their hidden ideas to practical shape in exhibiting their projects
- It has motivated the students to work with their new as well as innovative projects as a team
- It has given the students an understanding to think out of the box and come up with innovative ,unique projects that has future relevance in the society.

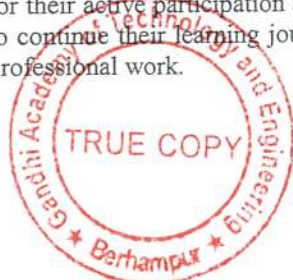

Resource Persons/ Key Speakers **Dr. Bini Marin**, Associate Professor of MBA, Scott Christian College, Nagarcoil, Tamilnadu, India

No. of Participants 75

VALEDICTORY SESSION

In the valedictory session Dr. Gouri Shankar Mohapatro, Principal of Gandhi Academy of Technology and Engineering, expressed his gratitude to all the speakers and participants. He highlighted the importance of such programs in providing opportunities for young engineering students and faculty members to learn from experts and keep themselves up-to-date with the latest advancements in their respective fields.

The program coordinator extended a vote of thanks to all the speakers and participants for their active participation and making the program a success. He encouraged everyone to continue their learning journey and apply the knowledge gained in their research and professional work.

Subject: Invitation to be the Chief Speaker in the International Conference on Entrepreneurship and Intellectual Property Rights

Dear Sir,

Gandhi Academy of Technology and Engineering, Berhampur is organizing a "Two Day International Conference on Entrepreneurship and Intellectual Property Rights" scheduled to be held on 29th and 30th October 2019. Your knowledge and vast experiences are unparalleled in academics and research. It gives us an immense pleasure to invite you as Chief Speaker at Two Day International Conference on Entrepreneurship and Intellectual Property Rights on 29th October 2019 at 10.00 AM.

Kindly Accept our invitation and grace the occasion with your benign presence. We are certain that our participants will benefit a lot from your experiential knowledge sharing on the said International Conference.

Thanking you in anticipation,

Yours sincerely,

Program coordinator

Principal

Technology and Engineering, Berhampur

PAPER SUBMISSION GUIDELINES

- Authors are requested to submit full papers as per the submission guidelines at _____
- The manuscript should be in MS-word format, double spaced with 1-inch margins in Times New Roman Font with Font size 12 and text in black colour.
- Abstract of not more than 150 words and should adequately describe the work and highlight its significance. The abstract should only include text. Avoid the use of abbreviations and references in the abstract.
- 4-5 keywords.
- Details of all authors (such as name, affiliation, address, email and telephone no.)
- The actual paper should commence from the second page containing the title followed by the abstract, keywords and the main paper. The paper should have an introduction, literature review, objectives, research gaps, methodology, limitations/scope for future work, conclusion
- The recommended length of a paper is around 5,000 words (excluding all notes, references, tables and appendices) and subheadings must be short and not numbered. The primary heading should be in the capitalized form (upper case), and boldface. The subheadings should be in title-case capitalization first letter of each word in the capital) and in bold.
- Manuscript has been checked for spellings and grammar (i.e., thorough proof-reading).
- Tables should be numbered consecutively. The 'Title of the Table' should be placed above the table. The 'Source' should be indicated at the bottom
- Figures/ Diagrams/ Graphs should be numbered consecutively. Wherever necessary, the 'Source' should be indicated at the bottom. The 'Figures' should also be given relevant titles. Figures, Diagrams and Graphs should have good quality images preferably in .jpg/png format.
- The manuscript file to be uploaded should have no author details or any identifying information related to the author(s).
- All references that have been cited in the manuscript are mentioned in the 'Reference list' of the manuscript.
- Permission has been obtained for use of copyrighted material from other sources.
- Ethics policy: Contributors to the Special Issue of the Journal are advised to be careful as not to violate any of the provisions of the Copyright Act and the Rules made thereof as regards the material used in the papers or their sources. GATE will not be responsible for any violations or lapses on the part of the contributors in this regard.
- Copyright and licensing: On acceptance of the paper, the author will be required to sign and submit a Copyright Form, which is an exclusive license agreement that grants GATE the sole and exclusive right and license to publish the article in the Special Issue of the Journal.
- Peer-review Policy: All papers submitted to the journal would be subject to GATE's review system. GATE follows a double-blind peer review system for selecting articles to be published. The decision regarding acceptance/rejection/re-submission etc. would be communicated only after the completion of peer-review process.
- The Editorial Team reserves the right to make suitable editorial changes in the papers submitted and accepted for publication.
- Authors needing assistance should contact the conference convener at conference@gate.ac.in or may also post their queries at 'contact' on below mentioned

REVIEW PROCESS

All the submissions received as per the guidelines given above will be double Peer-reviewed. All papers must contain an abstract of not more than 150 words, the purpose of the research, methodology, major findings, implications & key references. However, papers from practitioners may include business context, analytical problems, proposed solutions & insights. Authors should clearly mention under which sub-theme they want their paper to be considered. The acceptance of the paper for the presentation in the conference will be conveyed to the Author(s) in due course of time.

IMPORTANT DATES

ABOUT THE CONFERENCE

One of the most pressing issues confronting India at the moment is job creation. However, India's distinctive and young population offers enormous potential for development, innovation & entrepreneurship. The Indian government has implemented a number of policy measures and efforts to encourage a culture of growth and entrepreneurship in the country. It has also devised a variety of new possibilities and programmes to foster innovation in order to achieve balanced regional growth. In addition, the government recognises the importance of women's empowerment and entrepreneurship in recent years. Their economic contributions are propelling the country's economy to unprecedented heights. The prime aspect of it aims at entrepreneurs at the forefront of India's entrepreneurial ecosystem by providing access to a variety of networks, financing, training, and markets. In addition, the government intends to help aspiring entrepreneurs in the areas of finance, technology, and marketing by fostering the spirit of "Make in India" through different initiatives.

Another area on which the Indian government is focusing is Intellectual Property Rights. As the Intellectual Property system is vital in enabling new companies to translate their innovative potential and creativity into market value and competitiveness. Innovative entrepreneurs can use intellectual property rights (IPRs) to safeguard their ideas. They might also serve a variety of additional purposes, such as communicating present and future business to investors, competitors, and partners, gaining access to knowledge markets, networks & blocking competitors from patenting similar innovations. On the other hand, IP systems can impede the growth of entrepreneurial ideas as well as knowledge diffusion and innovation. At the company level, evidence suggested an association between patenting and new venture growth, venture capital access, and survival. Effective IP systems may aid in access to capital in the growth of technological markets, both of which are beneficial to creative entrepreneurship. Such systems can also foster technical collaboration between enterprises, educational institutions, and individuals by providing incentives to invest in R&D and innovation. Patents and other kinds of Intellectual Property currently play major roles in the economy, and the way it relates to innovation must be thoroughly considered by IP systems.

To address these concepts, constant exchange of ideas and information between research groups became necessary. This conference focuses on the link between entrepreneurship & IPRs. GATE intends to bring academicians, practitioners, researchers, and corporates from all across the globe at one platform to discuss issues, challenges & opportunities and share ideas, perspectives, researches and experiences on the current issues and future prospects in the domains of Entrepreneurship, and intellectual property rights in the ingenious environment. This will also acclimatize students with the changing scenarios in the entrepreneurship and IPR eco-space and to equip them for a better future.

ABOUT THE INSTITUTION

Begin its journey in the year 2009 at Berhampur, the Silk City of Odisha, Gandhi Academy of Technology and Engineering is managed by "Tarini Educational Trust". GATE, an Institute, is approved by AICTE New Delhi & Affiliated to BPUT, Rourkela, Odisha. The Institute works with a mission to provide quality education of international standards for producing technocrats and future leaders in a disciplined and conducive environment as an integral part of our social commitment to promote education globally. GATE offer graduate programmes in Mechanical Engineering, Civil Engineering, Electronics Engineering, Electrical Engineering and Post Graduate Program in Mechanical Engineering. More than 3000 graduate and post graduate students are being groomed here to excel in their area of specialization. GATE's alumni have been well accepted by both public sector and private sector companies and many are holding important positions in their respective organizations.

OBJECTIVE

The objective of this conference is to discuss, debate, deliberate and to bring more clarity and structure for fostering entrepreneurship and promotion of awareness with respect to intellectual property rights in the present contemporary scenario. The conference also aims to present the research findings on the theme in various areas of Entrepreneurship and IPR.

CONFERENCE FORMAT

The programme will include a plenary session led by prominent guest speakers pertaining to the main issues of the "Entrepreneurship and Intellectual Property Rights" and will continue with presentations divided into three technical sessions.

THEME

The conference will focus on the central theme of "Entrepreneurship and Intellectual Property Rights", with the following sub-themes:

TRACK I: Entrepreneurship

- Growth of Entrepreneurship since 'Make in India' initiative
- Social Entrepreneurship
- Rural Entrepreneurship
- Innovation and Technological Entrepreneurship
- Creativity and Innovation in Entrepreneurship
- Challenges for budding entrepreneurs
- Recent Government initiatives for the promotion of entrepreneurship
- Role of NEP in promoting Entrepreneurship
- Role of Incubation Centres in promoting entrepreneurship

TRACK II: Intellectual Property Rights

- IPR and Innovative entrepreneurs
- Creativity & IP creation
- Using patents in negotiations over technology rights
- Patenting and New ventures' growth
- IPR Issues in Research and Creative works
- IP for Economic Development
- Government initiatives in improvisation of IPR
- Role of IP in Social & Rural entrepreneurship
- IPR- Changing Concerns Educational start-ups and IP in 21st-century
- Disruptive Trends and IPR

TRACK III: Emerging trends in Entrepreneurship & IPR

- Opportunities and Challenges of Entrepreneurship in Knowledge-Economy
- Global trends in technology- based entrepreneurship
- Spin-Off Processes and Knowledge Transfer Innovation and Green Entrepreneurship
- Ethical and legal issues in Entrepreneurship
- Growth of Entrepreneur Communities
- Role of IPRs in emerging technologies (IoT, Cloud, Big Data Analytics, Block-chain etc.)

Activity Report

Theme: International Conference on “Entrepreneurship and Intellectual Property Rights”

Introduction GANDHI ACADEMY OF TECHNOLOGY AND ENGINEERING, BERHAMPUR, Organized an international conference on Entrepreneurship and Intellectual Property Rights with an objective to enrich the budding entrepreneurs about the importance of intellectual properties in managing business.

Objective The primary objectives of the seminar are:

- To equip the students about the comprehensive understanding of IPR & its role in research & innovation
- To educate the students of technical studies ,about the practical insides into the patents system.
- To educate about the combination of theoretical concepts & historical contexts by providing suitable examples

Outcomes

- It has helped the students to become a better listener, present their arguments and ideas clearly to the speakers.
- It has given intensive exposure to the topic that has been discussed.
- It has given the students to appreciate science with logic and understand Science is neutral without gender bias.
- It has exchanged information and experiences related to the application of patents & copyrights.
- It has given an idea to develop and implement these subjects i.e. Physics, Chemistry, Mathematics and Biology in their relevant fields.
- It has improved students proficiency in Engineering with the application of .
- It has given an exposure to the students to implement their hidden ideas to practical shape in exhibiting their projects
- It has motivated the students to work with their new as well as innovative projects as a team
- It has given the students an understanding to think out of the box and come up with innovative ,unique projects that has future relevance in the society.

Resource Persons/ Key Speakers **Dr. HPR Priyankara**, Department of Management Studies, Sabaragamuwa University, Sri Lanka

No. of Participants 86

VALEDICTORY SESSION

In the valedictory session Dr. Gouri Shankar Mohapatro, Principal of Gandhi Academy of Technology and Engineering, expressed his gratitude to all the speakers and participants. He highlighted the importance of such programs in providing opportunities for young engineering students and faculty members to learn from experts and keep themselves up-to-date with the latest advancements in their respective fields.

The program coordinator extended a vote of thanks to all the speakers and participants for their active participation and making the program a success. He encouraged everyone to continue their learning journey and apply the knowledge gained in their research and professional work.

Subject: Invitation to be Chief Speaker at National Conference on "Growing Synergies Between Finance and Technology in The New Era of Entrepreneurship"

Dear Sir,

I hope this letter finds you in the best of health and spirits. It is with great honor and immense pleasure that I extend this invitation to you to serve as the Chief Speaker at our upcoming National Conference on "Growing Synergies between Finance and Technology in the new era of Entrepreneurship" at Gandhi Academy Of Technology and Engineering, Berhampur on 14th July 2018 to 15th July 2018.

Your insights and expertise would immensely benefit the audience comprising researchers, scholars, and professionals. Your presence would undoubtedly inspire and motivate participants to delve deeper into the intricacies of the topic. It gives us an immense pleasure to invite you as the Chief Speaker of the inaugural session of our Conference on 05th August at 10.00 AM.

Kindly Accept our invitation and grace the occasion with your benign presence.

Thanking you in anticipation,

Yours sincerely,

Program coordinator

ABOUT THE INSTITUTION

Begin its journey in the year 2009 at Berhampur, the Silk City of Odisha, Gandhi Academy of Technology and Engineering is managed by "Tarini Educational Trust". GATE, an Institute, is approved by AICTE New Delhi & Affiliated to BPUT, Rourkela, Odisha. The Institute works with a mission to provide quality education of international standards for producing technocrats and future leaders in a disciplined and conducive environment as an integral part of our social commitment to promote education globally. GATE offer graduate programmes in Mechanical Engineering, Civil Engineering, Electronics Engineering,, Automobile Engineering and Electrical Engineering and Post Graduate Program in Mechanical Engineering. More than 3000 graduate and post graduate students are being groomed here to excel in their area of specialization. GATE's alumni have been well accepted by both public sector and private sector companies and many have held important positions in their respective organizations.

INTRODUCTION TO THE CONFERENCE

The 'International Conference' spanning over 2 days is meticulously designed to bring together renowned academicians, honoured researchers from distinguished institutions, Industry leaders and practitioners as well as doctoral students. With the greatest minds across the globe, a simulation will be developed on 'Growing synergies between Finance and Technology' to deliberate its influence on financial markets, banking systems and the world economy as a whole.

The conference will provide a unique platform to the participants to evolve their ideas and cogitation as they listen to a well-crafted panel discussion along with thought-provoking speaker sessions.

CALL FOR PAPERS

The conference invites papers on the following themes but not limited to: Broad Theme: "Growing Synergies between Finance and Technology"

Principal
Gandhi Academy of
Technology and Engineering, Berhampur

OBJECTIVES

Bring together professionals in the field of Finance from around the globe with the purpose of encouraging innovative ideas and sharing diversified knowledge and international experiences. Provide indispensable exposure to the audience promoting the highest utilisation of research knowledge. Provide a key platform for Renowned Academicians, Research Scholars and Industry Experts to disseminate knowledge and present ongoing research through scholarly publications. Facilitate career development of all participants and provide opportunities to network and build connections with professionals with shared interests.

Sub Themes:

- Blockchain: usage, merits, demerits, importance in financial institutions and markets
- Cryptocurrency and NFTs
- Digitisation: boon or bane
- Metaverse and its future
- AI, Cloud Computing, Big Data and Automation in finance
- Micro finance industry
- The growth of insur-tech

Activity Report

Theme: Two days Seminar on “Growing Synergies Between Finance and Technology in the new era of Entrepreneurship”

Introduction

GANDHI ACADEMY OF TECHNOLOGY AND ENGINEERING, BERHAMPUR, Organized a two days seminar on Growing Synergies Between Finance and Technology in the new era of Entrepreneurship. The convergence of finance and technology is rapidly reshaping the landscape of entrepreneurship, creating exciting new opportunities and challenges for aspiring business owners. A seminar exploring this synergy in the new era could yield several valuable outcomes for participants.

Objective

The primary objectives of the seminar are:

- To educate about the close linkage between academic and R&D institutions on one hand and industry on the other.
- To promote entrepreneurship among Science and Technology persons, many of whom were otherwise seeking jobs soon after their graduation.
- To provide R&D support to the small-scale industry.
- To promote innovation based enterprises.

Outcomes

1. Participants were able to gain a comprehensive understanding of the Fintech landscape.
2. Participants were able to understand the enhanced importance of Fintech in entrepreneurship.
3. Participants gained knowledge about the leverage of Fintech solutions for the growth of entrepreneurship.
4. Workshops and brainstorming sessions helped participants to connect with investors and financial institutions.

Resource Persons/ Key Speakers

Prof. Manas Pandey, Dept. Of Business Economics , VBSP University, JAUNPUR, Uttar Pradesh

Valedictory Session

In the valedictory session Dr. R..K. Dash, Principal of Gandhi Academy of Technology and Engineering, expressed his gratitude to all the speakers and participants. He highlighted the importance of such programs in providing opportunities for young engineering students and faculty members to learn from experts and keep themselves up-to-date with the latest advancements in their respective fields.

The program coordinator extended a vote of thanks to all the speakers and participants for their active participation and making the program a success. He encouraged everyone to continue their learning journey and apply the knowledge gained in their research and professional work.

Subject: Invitation to be the Chief Speaker at the National Conference on "Development of Entrepreneurship and Developed Technology"

Dear Sir,

I hope this letter finds you in the best of health and spirits. It is with great honour and immense pleasure that I extend this invitation to you to serve as the Chief Speaker at our upcoming National Conference on "Development of Entrepreneurship and Developed Technology" at Gandhi Academy Of Technology and Engineering, Berhampur on 28th July 2018 to 29th July 2018.

Your insights and expertise would immensely benefit the audience comprising researchers, scholars, and professionals. Your presence would undoubtedly inspire and motivate participants to delve deeper into the domains. It gives us an immense pleasure to invite you as the Chief Speaker of the inaugural session of our Conference on 28th July at 10.00 AM

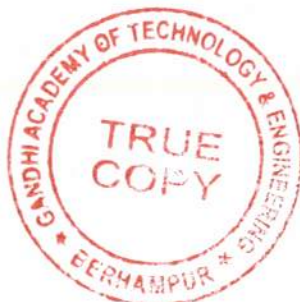

Kindly Accept our invitation and grace the occasion with your benign presence.

Thanking you in anticipation,

Yours sincerely,

Program coordinator

Date : 28 & 29. 07.2018

.... ORGANIZED BY

Department of Basic Science and Humanities
Gandhi Academy of Technology & Engineering
Golanthara, Berhampur

ABOUT THE CONFERENCE

The Conference on Entrepreneurship Development & Technological Innovation encompasses the vision of introducing innovative ideas into day-to-day activities falling under all the relevant areas of technology, engineering & social sciences (management & economics). The conference looks forward to create a platform where people from various core as well as new areas of engineering and social sciences can come together & share their views & opinions which can bring about some changes & innovation in the traditional methods of production, operations, marketing & other functions in the organization culture.

ABOUT THE INSTITUTION

Begin its journey in the year 2009 at Berhampur, the Silk City of Odisha, Gandhi Academy of Technology and Engineering is managed by "Tarini Educational Trust". GATE, an Institute, is approved by AICTE New Delhi & Affiliated to BPUT, Rourkela, Odisha. The Institute works with a mission to provide quality education of international standards for producing technocrats and future leaders in a disciplined and conducive environment as an integral part of our social commitment to promote education globally. GATE offer graduate programmes in Mechanical Engineering, Civil Engineering, Electronics Engineering, Automobile Engineering and Electrical Engineering and Post Graduate Program in Mechanical Engineering. More than 3000 graduate and post graduate students are being groomed here to excel in their area of specialization. GATE's alumni have been well accepted by both public sector and private sector companies and many are holding important positions in their respective organizations.

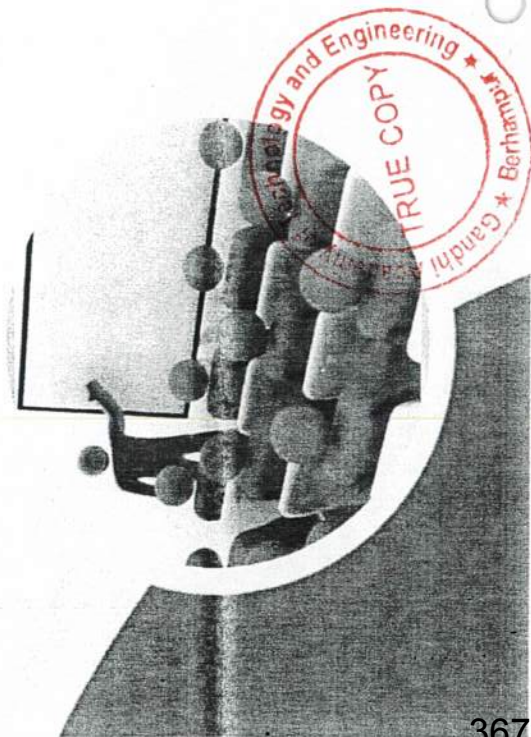

Technology & Engineering
Berhampur

WHO CAN PARTICIPATE

The conference is open for research scholars with valid identity and active affiliation, faculty members of recognized university / AICTE approved institution and researchers with a registered organization in the area of engineering, technology, economics, management and allied fields. The Industry participation is also welcomed with rich experience and exposure

THEME OF THE CONFERENCE INNOVATION, INCUBATION AND NEW VENTURES

- New Start-ups, e-start-up
- Inventions in MSEs
- Innovation and Digital Economy
- Incubation infrastructure

Activity Report

Theme: Two days National Conference on “Development of Entrepreneurship and Developed Technology”
Introduction

GANDHI ACADEMY OF TECHNOLOGY AND ENGINEERING, BERHAMPUR, Organized a two days national conference on Development of Entrepreneurship and Developed Technology. The convergence of finance and technology is rapidly reshaping the landscape of entrepreneurship, creating exciting new opportunities and challenges for aspiring business owners. A seminar exploring this synergy in the new era could yield several valuable outcomes for participants.

Objective

The primary objectives of the seminar are:

- To educate about the close linkage between academic and R&D institutions on one hand and industry on the other.
- To promote entrepreneurship among Science and Technology persons, many of whom were otherwise seeking jobs soon after their graduation.
- To provide R&D support to the small-scale industry.
- To promote innovation based enterprises.

Outcomes

1. Participants were able to gain a comprehensive understanding of the Fintech landscape.
2. Participants were able to understand the enhanced importance of Fintech in entrepreneurship.
3. Participants gained knowledge about the leverage of Fintech solutions for the growth of entrepreneurship.
4. Workshops and brainstorming sessions helped participants to connect with investors and financial institutions.

Resource Persons/ Key Speakers

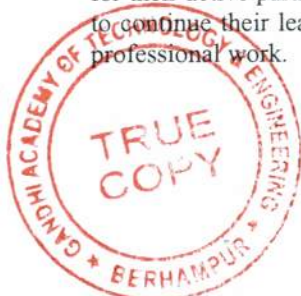

Dr.. R.K. Tailor, Associate Professor, Department of Business Administration, School of Commerce and Management, Manipal University, Jaipur, Rajasthan.

No of participants 75

Valedictory Session

In the valedictory session Dr. R..K. Dash, Principal of Gandhi Academy of Technology and Engineering,, expressed his gratitude to all the speakers and participants. He highlighted the importance of such programs in providing opportunities for young engineering students and faculty members to learn from experts and keep themselves up-to-date with the latest advancements in their respective fields.

The program coordinator extended a vote of thanks to all the speakers and participants for their active participation and making the program a success. He encouraged everyone to continue their learning journey and apply the knowledge gained in their research and professional work.

Subject: Invitation to be Chief Resource Person at the National Workshop on "Research Methodology on Management and Statistical Analysis"

Dear Sir,

Gandhi Academy of Technology and Engineering, Berhampur is organizing a "National Workshop on Research Methodology on Management and Statistical Analysis" on 05th.08.2018 to 06th.08.2018.

This programme is designed to impart knowledge on quantitative and qualitative analyses used in research along with many important concepts of research methodology which are useful for pursuing research. This programme will try to give exposure on advanced statistical tools & techniques used for analyzing field data. Your global knowledge and vast experiences are unparalleled in academics and research. It gives us an immense pleasure to invite you as the Chief Resource person of the said workshop which is scheduled to be held on 5th August 2018 at 10.00A.M.

Kindly Accept our invitation and grace the occasion with your benign presence. We are certain that our participants will benefit a lot from your experiential knowledge sharing on the worthy workshop.

Thanking you in anticipation,

Yours sincerely,

Program coordinator

Technology & Engineering Berhampur

National Workshop on Research Methodology for Management and Statistical Analysis

Date: 05th & 06th August 2018

..... ORGANIZED BY
Department of Basic Science and Humanities
Gandhi Academy of Technology & Engineering
Golanthara, Berhampur

About the Institution

Began its journey in the year 2009 at Berhampur, the Silk City of Odisha, Gandhi Academy of Technology and Engineering is managed by "Tarini Educational Trust". GATE, an Institute, is approved by AICTE New Delhi & Affiliated to BPUT, Rourkela, Odisha. The Institute works with a mission to provide quality education of international standards for producing technocrats and future leaders in a disciplined and conducive environment as an integral part of our social commitment to promote education globally. GATE offer graduate programmes in Mechanical Engineering, Civil Engineering, Electronics Engineering, Automobile Engineering and Electrical Engineering and Post Graduate Program in Mechanical Engineering. More than 3000 graduate and post graduate students are being groomed here to excel in their area of specialization. GATE's alumni have been well accepted by both public sector and private sector companies and many are holding important positions in their respective organizations.

Several co-curricular activities such as special lectures, workshops, seminars, and conferences are regularly conducted for the benefit of the students and teaching fraternity. The Department is always remained in forefront among the students and academicians owing to its unique teaching, learning and evaluation.

ABOUT THE WORKSHOP

Search for knowledge or any systematic investigation to establish **fact** is research. It is about searching systematically for solutions to problems. For this statistical device is required. Statistical device not only provides a way of summarizing the data into **table** and manageable information but also helps the researcher to make decisions about whether relationships between two or more variables are **actually real** ones.

Statistics today have become indispensable in all field of human endeavor including not only natural physical and social science but also in the field of management and social science. To address challenges and opportunities in the field of research a new software product SPSS now known as IBM SPSS Statistics 22.0 has enabled academicians and researchers to obtain valuable information from the data. Basic knowledge on SPSS is vital for all users before they proceeded to survey and data analysis. But very often people have adequate knowledge about the basic operation of SPSS programme. This seven days workshop is for the beginners with little or no experiences in SPSS software who want to acquire the skills and knowledge of getting started in to this software. The programme simply aims at developing the pedagogical and research skills in the participants.

Objectives of the Workshop

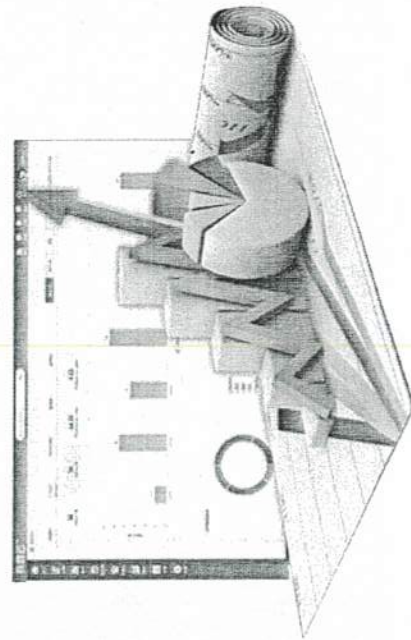

- ▶ To enable the participants to define research problems and develop a suitable methodology for addressing the key issues.
 - ▶ To enable the participants to understand the need for statistical tools in research.
 - ▶ The objective of seven day workshop is to impart the data analytical capabilities to the project leaders, business analysts, faculty, research scholars and post graduate students who want to enhance their ability of data analysis capabilities to facilitate decision making
- Why you should attend?**
- ▶ This seven day workshop offers you hands-on experience to use state of-art SPSS 22.0 software.
 - ▶ Sessions are also taken by statisticians from IBM-SPSS. **PRINCIPAL**
 - ▶ Since it is a seven day workshop, you can earn 10 points as provided in Point Based Assessment System (PBAS) of UGC.
 - ▶ Scholars who are taking this workshop have wide experience of international level research

WHO SHOULD ATTEND?

- Students: UG / PG/ Research Scholars
- Professional Courses
- Management Trainees & Technical Trainees / Associates
- Academicians / Faculty Members / Teachers

Resource Persons

- ▶ **PROF. PRAKASH CHANDRA MISHRA**
Professor, PG Department of Commerce, Berhampur University
- ▶ **DR. PRAFULLA KUMAR RATH**
PG Department of Commerce, Science College, Hinjilicut
- ▶ **DR. LALIT MOHAN PATNAIK**
PG Department of Commerce, Science College, Hinjilicut
- ▶ **DR. JAGNYADATTA NAYAK**
PG Department of Commerce, Khollikote Auto.College, Berhampur

Activity Report

Date:05.08.2018 to 06.08.2018

Theme: Two days National workshop on “Research Methodology on management and Statistical analysis”

Introduction

GANDHI ACADEMY OF TECHNOLOGY AND ENGINEERING, BERHAMPUR, Organized Two days workshop on National workshop on Research Methodology on management and Statistical analysis with an objective to enrich the budding entrepreneurs about the importance of intellectual properties in managing business.

Objective

The primary objectives of the workshop are:

- To Equip participants with the knowledge and skills necessary to conduct sound research in the field of management.
- To Develop critical thinking and analytical skills for evaluating research findings and making informed decisions.
- To Promote understanding of the research process from problem identification to data analysis and interpretation.
- To Provide hands-on experience with statistical analysis tools and techniques commonly used in management research.
- To make the participants Understand the different types of research designs (quantitative, qualitative, mixed methods) and their appropriateness for different research questions in management.
- Improved Knowledge and Skills: Greater understanding of research methodologies: Participants may gain a clearer understanding of various research designs, data collection methods, and ethical considerations in management research.
- Enhanced statistical analysis skills: The workshop could equip participants with basic or advanced statistical analysis techniques using software like SPSS, R, or Stata, along with the ability to interpret data and draw meaningful conclusions.
- Develop research proposals and research questions: Many workshops provide guidance on formulating research questions, framing hypotheses, and developing strong research proposals.
- Enhanced confidence and competence: Gaining knowledge and skills in research methodology can boost participants' confidence and make them feel more competent in conducting and analyzing research in their field.

Outcomes

Resource Persons/ Key Speakers

: Dr. Kuldip Sharma, Assistant Professor, KPB Hinduja College of Commerce, Mumbai, India

No. of Participants : 77

VALEDICTORY SESSION

In the valedictory session Dr. R.K. Dash, Principal of Gandhi Academy of Technology and Engineering, expressed his gratitude to all the speakers and participants. He highlighted the importance of such programs in providing opportunities for young engineering students and faculty members to learn from experts and keep themselves up-to-date with the latest advancements in their respective fields.

The program coordinator extended a vote of thanks to all the speakers and participants for their active participation and making the program a success. He encouraged everyone to continue their learning journey and apply the knowledge gained in their research and professional work!

Subject: Invitation to be Chief Resource Person at the National Workshop on "Research Methodology and data Analysis"

Dear Sir,

Gandhi Academy of Technology and Engineering, Berhampur is organizing a "National Workshop on Research Methodology and data Analysis" on 18th.08.2018 to 19th.08.2018.

This programme is designed to impart knowledge on quantitative and qualitative analyses used in research along with many important concepts of research methodology which are useful for pursuing research. This programme will try to give exposure on advanced statistical tools & techniques used for analyzing field data. Your global knowledge and vast experiences are unparalleled in academics and research. It gives us an immense pleasure to invite you as the Chief Resource person of the said workshop which is scheduled to be held on 18th August 2018 at 10.00 AM.

Kindly Accept our invitation and grace the occasion with your benign presence. We are certain that our participants will benefit a lot from your experiential knowledge sharing on the worthy workshop.

Thanking you in anticipation,

Yours sincerely,

Program coordinator

NATIONAL WORKSHOP ON RESEARCH METHODOLOGY AND DATA ANALYSIS

Date: 18th & 19th August. 2018

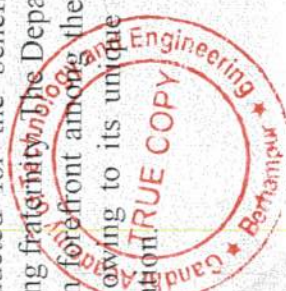

.... Organized by

GANDHI ACADEMY OF TECHNOLOGY & ENGINEERING
 Golauthara, Berhampur

ABOUT GATE

Began its journey in the year 2009 at Berhampur, the Silk City of Odisha, Gandhi Academy of Technology and Engineering is managed by "Tarini Educational Trust". GATE, an Institute, is approved by AICTE New Delhi & Affiliated to BPUT, Rourkela, Odisha. The Institute works with a mission to provide quality education of international standards for producing technocrats and future leaders in a disciplined and conducive environment as an integral part of our social commitment to promote education globally. GATE offer graduate programmes in Mechanical Engineering, Civil Engineering, Electronics Engineering, Automobile Engineering and Electrical Engineering and Post Graduate Program in Mechanical Engineering. More than 3000 graduate and post graduate students are being groomed here to excel in their area of specialization. GATE's alumni have been well accepted by both public sector and private sector companies and many are holding important positions in their respective organizations.

Several co-curricular activities such as special lectures, workshops, seminars, and conferences are regularly conducted for the benefit of the students and teaching fraternity. The Department is always remained in forefront among the students and academicians owing to its unique teaching, learning and evaluation.

OBJECTIVES

The proposed Research Methodology Course will train young social science Ph.D. scholars by infusing scientific approach and acquainting them with research tools and techniques.

The specific objectives of the course are

- To enable the participants, to define their research problems, develop an approach to research problems and select suitable research design.
- To sensitize participants on the ethical aspects of social and behavioral research as well as plagiarism software.
- To familiarize the participants on the prerequisites in fieldwork and collection of quantitative/qualitative data and its methods.
- To provide expertise in statistical techniques and interpretation of statistical data.
- To impart capabilities for formulation and testing of hypothesis based on the nature of research.
- To train young social science researchers on the use of appropriate statistical software packages for analyzing research data.

- To enable researchers in writing research reports, thesis, dissertation, research papers, and scholarly articles.
- To provide hands-on training on paper writing.

Gandhi Academy of Technology and Engineering
Berhampur

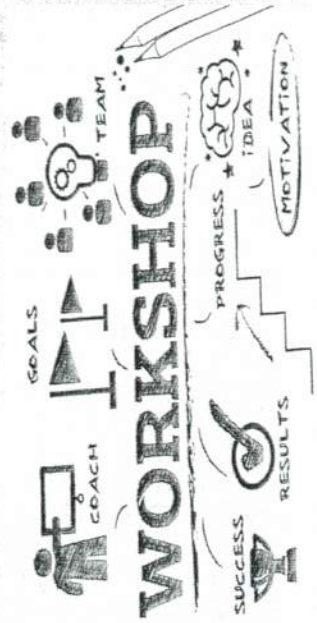

Techniques of research funding

WHO SHOULD ATTEND?

- Students: UG / PG/ Research Scholars
- Professional Courses
- Management Trainees & Technical Trainees / Associates
- Academicians / Faculty Members / Teachers

ABOUT THE WORKSHOP.

This course will open vistas of knowledge on the methodological basis of research and strategies to cope with future challenges. The mission of the course is to impart research skills to research scholars (M.Phil./Ph.D./PDF) and enhance the quality of research. This course will contribute to the effective use of emerging technologies and establish a firm foundation for the overall development of high quality research. The training course will predominantly follow the Research Methodology syllabus designed by the ICSSR, New Delhi sector and private sector companies and many are holding important positions in their respective organizations.

Activity Report

Theme: Two days National Workshop on “Research Methodology and Data Analysis”

Introduction

GANDHI ACADEMY OF TECHNOLOGY AND ENGINEERING, BERHAMPUR, Organized Two days National workshop on Research methodology and data analysis with an objective to enrich the budding entrepreneurs about the importance of intellectual properties in managing business.

Objective

The primary objectives of the workshop are:

- To Equip participants with the knowledge and skills necessary to conduct sound research in the field of management.
- To Develop critical thinking and analytical skills for evaluating research findings and making informed decisions.
- To Promote understanding of the research process from problem identification to data analysis and interpretation.
- To Provide hands-on experience with statistical analysis tools and techniques commonly used in management research.

Outcomes

- To make the participants Understand the different types of research designs (quantitative, qualitative, mixed methods) and their appropriateness for different research questions in management.
- Improved Knowledge and Skills: Greater understanding of research methodologies: Participants may gain a clearer understanding of various research designs, data collection methods, and ethical considerations in management research.
- Enhanced statistical analysis skills: The workshop could equip participants with basic or advanced statistical analysis techniques using software like SPSS, R, or Stata, along with the ability to interpret data and draw meaningful conclusions.
- Develop research proposals and research questions: Many workshops provide guidance on formulating research questions, framing hypotheses, and developing strong research proposals.
- Enhanced confidence and competence: Gaining knowledge and skills in research methodology can boost participants' confidence and make them feel more competent in conducting and analyzing research in their field.

Resource Persons/ Key Speakers : Rashi Kesh, Assistant Professor, Department of HRD, Faculty of Management Studies, VBSP University, Jaunpur, UP.

No. of Participants
: 104

VALEDICTORY SESSION

In the valedictory session Dr. R.K. Dash, Principal of Gandhi Academy of Technology and Engineering,, expressed his gratitude to all the speakers and participants. He highlighted the importance of such programs in providing opportunities for young engineering students and faculty members to learn from experts and keep themselves up-to-date with the latest advancements in their respective fields.

The program coordinator extended a vote of thanks to all the speakers and participants for their active participation and making the program a success. He encouraged everyone to continue their learning journey and apply the knowledge gained in their research and professional work.

Subject: Invitation to be Chief Resource Person at National Workshop on "Importance and Use of Copyrights, Patents, Citation, Impact factor & Plagiarism"

Dear Madam,

Gandhi Academy of Technology and Engineering, Berhampur is organizing a two days National workshop on "Importance and Use of Copyrights, Patents, Citation, Impact factor & Plagiarism" scheduled to be held on 1st and 2nd September 2018. The main aim of organisation of these types of workshop is to inculcate a valuable initiative to educate researchers, academics, students, and professionals about the ethical and legal aspects of academic and intellectual property. Your global knowledge and vast experiences are unparalleled in academics and research. It gives us an immense pleasure to invite you as Chief Resource Person at National Workshop on "Importance and Use of Copyrights, Patents, Citation, Impact factor & Plagiarism" on 1st Sept. at 10.00 AM.

Kindly Accept our invitation and grace the occasion with your benign presence. We are certain that our participants will benefit a lot from your experiential knowledge sharing on the said workshop.

Thanking you in anticipation,

Yours sincerely,

Program coordinator

Technology & Engineering
Berhampur

Rajesh Singh is presently working as Professional Senior (Deputy Librarian) Electronic Resources & Training Division, University of Delhi, Delhi. A Gold Medalist from Banaras Hindu University, Varanasi, Mr. Singh has served various organizations in different professional capacities. He has served Indian School of Mines, Dhanbad, MJP Rohilkhand University, Bareilly, and Dr. RML Avadh University, Faizabad, before moving to University of Delhi. He has around 24 research publication to his credit. Mr. Singh's area of interest and specialization includes Information Literacy and Competency, WWW Resources, Online Search Techniques, Meta/Federated Searching, Citation Analysis databases and Research metrics etc. Mr. Singh is regularly conducting Information Literacy Program in Delhi University Campus as well as in the colleges. He has delivered lectures on various Orientation Courses, Refresher Courses and other Faculty Development Programs.

Prof. Jagannath Panda is a former professor in the Department of Commerce, Berhampur University, Odisha. Spiritual Advisor-cum- Speaker of Vedic Vichar Organisation. Permanent Address: Berhampur, Odisha, India. He has serving the chairman PG Councilin berhamur University for a period of 2 years. hen is the corner stone of commerce department of berhampur university. He has published more than 90 articles in various national and international journals. He has participated and presented papers in many conferences and seminars. His areas of interest include Banking and Finance. He is a life member of academic bodies like Indian Commerce Association, Indian Academy of Social Science and Orissa Commerce Association. He is the presently heading the P.G. Department of Commerce.

OVERVIEW

Growing surveillance across the world on copyrights and intellectual property rights violations aims to regulate this menace that has infested the intellectual practices internationally. While digital search engine has made it easier to reach out to the unending intellectual stocks suiting one's need, the same mechanism is also astonishingly effective to identify where, how and when does plagiarism occur. In today's India where research-based intellectual activities see a stiff upward move, the chances of copyright violation and plagiarism becomes extremely high. Violation does not essentially happen on one's volition always. It occurs commonly due to ignorance about the copyright violation as a subject itself, various regulatory mechanisms and legal consequences attached to this.

But then law is hardly capable of distinguishing between willful, intentional and accidental actions. Before one's ignorance is discovered, the person is likely to pursue prolonged litigation, financial loss or may even languish in jail. More importantly, copyright violation may inculcate life-long damage to one's credibility, reputation and intellectual personality.

Researchers, cutting across wide range of intellectual practices viz. writings, performing arts, films and theatres, art and so on, need appropriate knowledge on whether their works are violating the copy rights/patent rights or not. Both for young research scholars who do their own research and the senior writers who often engage researchers to carry out the preliminary studies need to reconfirm that their final products are free of copyrights violation in all forms and expressions. This National Workshop would be of immense value to enlighten them with knowledge and insights on the subject.

With this understanding in the backdrop, the Intellectual Property Rights (IPR) Cell, Central University of Haryana, Jant-Pali Village, Mahendergarh - 123029, Haryana and Society of Social Development and People's Action (13, Begum Pur, Malviya Nagar, New Delhi-110017), are jointly organising a Two Day National Workshop on November 27, 2015 at Moolchand Auditorium, Central University of Haryana, Jant-Pali Village, Mahendergarh - 123029, Haryana.

The theme of the conference is "Importance and Use of Copyrights, Patent, Trademark, Impact Factor and Plagiarism."

ABOUT THE INSTITUTION

Begin its journey in the year 2009 at Berhampur, the Silk City of Odisha, Gandhi Academy of Technology and Engineering is managed by "Tarini Educational Trust". GATE, an Institute, is approved by AICTE New Delhi & Affiliated to BPUT, Rourkela, Odisha. The Institute works with a mission to provide quality education of international standards for producing technocrats and future leaders in a disciplined and conducive environment as an integral part of our social commitment to promote education globally. GATE offer graduate programmes in Mechanical Engineering, Civil Engineering, Electronics Engineering, Computer Science Engineering, Automobile Engineering and Electrical Engineering and Post Graduate Program in Mechanical Engineering. More than 3000 graduate and post graduate students are being groomed here to excel in their area of specialization. GATE's alumni have been well accepted by both public sector and private sector companies and many are holding important positions in their respective organizations.

OBJECTIVES OF THE WORKSHOP

The discussion on national and international legal position on Copyrights, Patent with relevant citation and references will be an excellent learning opportunity for young scholars, researchers, library and information science professionals, lawyers, copy editors, publishers, creative and performing art professionals and writers.

With reference to judicial decisions and policy positions this National Workshop will create space for participatory interactions, discussion, knowledge sharing and demonstration on various forms of copyrights violations and their bearings.

WHO SHOULD ATTEND?

The National Workshop is designed for technical students, researchers, copy editors, young lawyers, library professionals, creative and performing art professionals, teacher and writers.

The National Workshop will accommodate a limited number of participants on first-come-first-served basis.

PARTICIPATION FEE

The participant fees for attending the workshop are as below:

For students and researchers - Rs. 350/- (Non-refundable)
For Academicians, Copy Editors, Technology & Engineering Lawyers and Professionals - Rs. 500/- (Non-refundable)

Registration Date: The last date for registration to the Workshop is 28.08.2015

RESOURCE PERSON'S PROFILE

Prof. Ashok Kumar Mohanty

is the recipient of Gold Medal for securing First Class First position in M. Com Exam. of Berhampur University in 1981. He holds a Ph. D. degree in Commerce from Berhampur University. He has guided 07 Ph.D. Scholars and 02 D.Lit performing research in various fields like Technology Transfer in Automobile sectors, Export Import Study of Major Ports, UTI Saving Mobilization, NPA Management, Study of Foreign Banks, Study of Rural Infrastructure etc.. Apart from teaching and research he has acted as Comptroller of Finance, Deputy Registrar and Registrar of Berhampur University during 2010 to 2015. He was also the Head of the department of Commerce from 2000-2002. He has published more than 80 articles in various national and international journals. He has participated and presented papers in many conferences and seminars. His areas of interest include Banking and Finance. He is a life member of academic bodies like Indian Commerce Association, Indian Academy of Social Science and Orissa Commerce Association. He is the presently heading the P.G. Department of Commerce.

Dr. Nihar Ranjan Mishra

is affiliated to Dept. of Business Administration, Dr. Nihar Ranjan Mishra is currently providing services as Reader & Head. Dr. Nihar Ranjan Mishra has authored

and co-authored multiple peer-reviewed scientific papers and presented works at many national and International conferences. Dr. Nihar Ranjan Mishra contributions have acclaimed recognition from honourable subject experts around the world. Dr. Nihar Ranjan Mishra is actively associated with different societies and academies. Dr. Nihar Ranjan Mishra academic career is decorated with several reputed awards and funding. Dr. Nihar Ranjan Mishra research interests include Marketing.

Activity Report

Theme: Two Days National workshop on "Importance and use of copyrights, patent, citation, impact factor plagiarism"

Introduction

GANDHI ACADEMY OF TECHNOLOGY AND ENGINEERING, BERHAMPUR, Organized a conference on two days National workshop on Importance and use of copyrights, patent, citation, impact factor plagiarism with an objective to enrich the budding entrepreneurs about the importance of intellectual properties in managing business.

Objective

The primary objectives of the seminar are:

- To equip the students about the comprehensive understanding of IPR & its role in research & innovation
- To educate the students of technical studies ,about the practical insides into the patents system.
- To educate about the combination of theoretical concepts & historical contexts by providing suitable examples

Outcomes

- It has helped the students to become a better listener, present their arguments and ideas clearly to the speakers.
- It has given intensive exposure to the topic that has been discussed.
- It has given the students to appreciate science with logic and understand Science is neutral without gender bias.
- It has exchanged information and experiences related to the application of patents & copyrights.
- It has given an idea to develop and implement these subjects i.e. Physics, Chemistry, Mathematics and Biology in their relevant fields.
- It has improved students proficiency in Engineering with the application of .
- It has given an exposure to the students to implement their hidden ideas to practical shape in exhibiting their projects
- It has motivated the students to work with their new as well as innovative projects as a team
- It has given the students an understanding to think out of the box and come up with innovative ,unique projects that has future relevance in the society.

Subject: Invitation to be the Chief Resource Person at One Day National Workshop on "Intellectual property rights: Relevance and Importance in the Global Era".

Dear Sir,

Gandhi Academy of Technology and Engineering, Berhampur is organizing a "One Day National Workshop on Intellectual property rights: Relevance and Importance in the Global Era" scheduled to be held on 08th September 2018. Your knowledge and vast experiences are unparalleled in academics and research. It gives us an immense pleasure to invite you as Chief Resource Person at National Workshop on "Intellectual property rights: Relevance and Importance in the Global Era" on 08th Sept. at 12.30 PM.

Kindly Accept our invitation and grace the occasion with your benign presence. We are certain that our participants will benefit a lot from your experiential knowledge sharing on the said workshop.

Thanking you in anticipation,

Yours sincerely,

Program coordinator

ABOUT THE INSTITUTION

Begin its journey in the year 2009 at Berhampur, the Silk City of Odisha, Gandhi Academy of Technology and Engineering is managed by "Tarini Educational Trust". GATE, an Institute, is approved by AICTE New Delhi & Affiliated to BPUT, Rourkela, Odisha. The Institute works with a mission to provide quality education of international standards for producing technocrats and future leaders in a disciplined and conducive environment as an integral part of our social commitment to promote education globally. GATE offer graduate programmes in Mechanical Engineering, Civil Engineering, Electronics Engineering, and Electrical Engineering and Post Graduate Program in Mechanical Engineering. More than 3000 graduate and post graduate students are being groomed here to excel in their area of specialization. GATE's alumni have been well accepted by both public sector and private sector companies and many are holding important positions in their respective organizations.

THE OBJECTIVES OF THE WORKSHOP ARE:

- ▶ To raise awareness on the issues of Intellectual property and their violations
- ▶ To identify educational and social strategies to address the issue.
- ▶ To collect, share and develop innovative responses and best practices for elimination and prevention of violation of intellectual property rights
- ▶ To give recommendations and concrete proposals for action for elimination and prevention of crime related with intellectual property
- ▶ To discuss the emerging issues relating to intellectual property.

Platform: The Workshop would be conducted on an online platform (Cisco WebEx).

Expected Audience: The expected audience would be the Technical students, members of legal fraternity, academicians, research scholars, students and professionals.

REGISTRATION

Registration form for the workshop can be found here.
The registration deadline is 05.09.2018.

Registration fees: Rs. 200/- (inclusive of GST)

CERTIFICATES SHALL BE PROVIDED ON THE SUCCESSFUL COMPLETION OF THE WORKSHOP. (100% ATTENDANCE IS MANDATORY).

THE TIMINGS OF THE WORKSHOP SHALL BE FROM 12.00 Noon - 4.00 P. M. EVERY DAY.

Activity Report

Theme: One Day National Workshop on Intellectual Property Rights: Relevance and Importance in the Global Era

Introduction

GANDHI ACADEMY OF TECHNOLOGY AND ENGINEERING, BERHAMPUR, Organized a National Workshop on Intellectual Property Rights: Relevance and Importance in the Global Era with an objective to enrich the budding entrepreneurs about the importance of intellectual properties in managing business.

Objective

The primary objectives of the seminar are:

- To equip the students about the comprehensive understanding of IPR & its role in research & innovation
- To educate the students of technical studies ,about the practical insides into the patents system.
- To educate about the combination of theoretical concepts & historical contexts by providing suitable examples

Outcomes

- It has helped the students to become a better listener, present their arguments and ideas clearly to the speakers.
- It has given intensive exposure to the topic that has been discussed.
- It has given the students to appreciate science with logic and understand Science is neutral without gender bias.
- It has exchanged information and experiences related to the application of patents & copyrights.
- It has given an idea to develop and implement these subjects i.e. Physics, Chemistry, Mathematics and Biology in their relevant fields.
- It has improved students proficiency in Engineering with the application of .
- It has given an exposure to the students to implement their hidden ideas to practical shape in exhibiting their projects
- It has motivated the students to work with their new as well as innovative projects as a team
- It has given the students an understanding to think out of the box and come up with innovative ,unique projects that has future relevance in the society.

Resource Persons/ Key Speakers

Dr. Deepak Ashok Nikam, Associate Professor, Shri Muktanand College, Gangapur Dist., Aurangabad. Maharashtra, India
