Environmental Policy-Gandhi Academy of Technology and Engineering (Policy No: GATE-02)

GANDHI ACADEMY OF TECHNOLOGY AND ENGINEERING

(Approved by AICTE, New Delhi, Affiliated to BPUT, Odisha and Recognized by Dept. of SD & TE, Govt. of Odisha)

Contact: +91 9337753377 Ph.: 0680-2280828, Fax: 0680-2010006

P.O/P.S: Golanthara, Konisi, Berhampur- 761 008, Dist: Ganjam (ODISHA)

Scope of the Policy:

With the help of a green campus and environmental policy, innovative new co-curricular and extra-curricular activities are developed that encourage faculty and staff to initiate positive change. These programs require a comprehensive review of all administrative and infrastructure tasks in terms of energy efficiency, environmental sustainability and sustainability.

The focus areas of this policy are:

- Clean Campus Initiatives
- Landscaping Initiatives
- Clean Air Initiatives
- Infrastructure
 - ◆ Solar Power Plant
 - ◆ Installation of Energy Efficiency Equipment
 - ◆ Water Conservation through Rainwater Harvesting System
- Waste Management processes
 - ◆ Solid Waste Management
 - ◆ Liquid Waste Management
 - ◆ E-Waste Management
- Awareness Initiatives
- Environment-centric Student Societies and Department Activities
- Green Audit
- Energy Audit
- Plastic-Free Campus

P.O/P.S: Golanthara, Konisi, Berhampur- 761 008, Dist: Ganjam (ODISHA)

Objectives of the Policy:

1. To protect and conserve ecological systems and resources within the campus
2. To ensure the rational use of environmental resources to satisfy the needs and desires of present and future generations.
3. To integrate environmental concerns into policies, plans and programmes for social development and outreach activities
4. To work with all stakeholders and the local community to raise awareness and seek the adoption of environmental good practice and the reduction of any adverse effects on the environment.
5. To continuously improve our contribution to climate protection and adaptation to climate change and to the conservation of global resources
6. To continuously improve the efficient use of all resources, including energy and water, and to reduce consumption and the amount of waste produced, recovering and recycling waste where possible.
7. To make the campus plastic free.
8. To conduct environmental and energy audits from time to time
9. To minimize the use of paper in administration through having policy for E-governance.

Policy:

Clean Campus Initiatives

Gandhi Academy of Technology and Engineering had pledged to actively coordinate cleanliness activities in the college and beyond the campus in accordance with the vision of Swachh Bharat Mission. It commits to continue with this Programme. The broad vision is as follows:

1. Generating mass awareness on cleanliness and hygiene amongst students and staff members by holding regular cleanliness drives. The idea is to motivate them to contribute in a proactive manner.
2. Activities under 'Swachh Bharat Mission' will be a key component of all the community work being done by NSS and Green Warrior volunteers of the college.
3. Staff Members will be encouraged to participate in the cleanliness drive in the college campus.
4. Remove all kinds of waste material like broken furniture, unusable equipment etc.

5. Administer of the pledge by students and staff members to maintain cleanliness of the college campus and its surrounding areas on an annual basis.
6. Conduct workshops on the 3Rs: Reduce, reusing and recycling of waste.
7. Commit to manage waste and maintain clean campus especially during college events.

Landscaping Initiatives

It is an important part of campus life and provides space for study, play, outdoor activities, relaxation and aesthetic appreciation. Green campus landscapes also control runoff, help recharge groundwater, and clean and cool campus air. The landscape visually represents the campus community's commitment to sustainability. Because campus landscapes are so visible and accessible, landscape initiatives are a great way to raise environmental awareness.

There are more than 150 trees and more than 500 shrubs on campus along with 1 acre of grass cover. The landscape of trees and plants provide the 1000+ students and staff with clean and cool air and is a soothing environment.

The diverse green cover of Gandhi Academy of Technology and Engineering is also home to a number of animals and rare birds across at least 24 species, creating a campus rich in biodiversity. The college commits to enriching this healthy habitat and maintaining the symbiotic relation of the institution with nature by

- Organizing annual tree plantation drives
- Encouraging student clubs to hold tree planting events

Clean Air Initiatives

We encourage our students and staff to use public transportation. The entry of automobiles inside the campus is restricted to discourage the use of private vehicles. Our campus is also located rural part of Bengaluru. For this reason, we feel responsible to maintain our green cover. The abundant natural landscape cleans the air on campus.

Infrastructural Initiatives

Renewable Sources of Energy

Gandhi Academy of Technology And Engineering is dedicated to minimize and sustainably manage its use of electricity. The college believes in reducing the consumption of electricity produced by non-renewable resources by switching to clean energy sources like solar energy for purposes like lighting the campus. Hence solar panels were installed on top roof of the college building.

Energy Saving and Energy Efficient Equipment

We commit to install environment-friendly electrical appliances that save energy and reduce wasteful inefficiencies. The college believes in using cleaner energy such as LED lighting.

Water Conservation through Rainwater Harvesting System

Gandhi Academy of Technology And Engineering has committed itself to the effort to replenish the groundwater table by practicing rainwater harvesting. This practice helps in the replenishment and recharge of the groundwater.

Waste Management Process

Gandhi Academy of Technology And Engineering strives to have a minimal impact on the environment and is dedicated to reduce and manage the waste generated by the college campus. The following specific procedures will be undertaken to ensure krupajal engineering college contribution in protecting the environment.

Solid Waste Management

With its aim to provide holistic education that also has a positive impact on the environment, the college will adopt practices that will mitigate the generation, and manage solid waste through the following methods

1. Systematically engage with the 3Rs of environment friendliness (Reduce, Reuse and Recycle).
2. Collect paper waste produced on campus and collaborate with scrap dealers for recycling.
3. Reduce solid waste by developing a technology-centric teaching and administrative model.

4. Reduce use of paper by supporting digitization of attendance and internal assessment records
5. Reduce requirement of printed books by updating the e-books and e-journals collection of the college library.
6. Take initiatives to spread awareness amongst students about
 - ◆ Food wastage and ways of minimizing it
 - ◆ Minimizing the use of packaged food
 - ◆ The habit of reusing and recycling non-biodegradable products
 - ◆ Organizing workshops for students on solid waste management.

Liquid Waste Management

- ◆ Maintain leak proof water fixtures
- ◆ Minimize the use of water by constructing more Indian style toilets instead of western style toilets.
- ◆ Continued employment of a caretaker to take immediate steps to stop any water leakage through taps, pipes, tanks, and toilet flush etc.
- ◆ Reuse of wastewater generated by the Reverse Osmosis (RO) system in washrooms.

E-Waste Management

Gandhi Academy of Technology and Engineering ensures that its usage of technology and generation of e-waste does not impact the environment. For this purpose, the college plans to strive towards:

1. More provisions for the disposal of the institutional e-waste.
2. Awareness amongst students about reduction of e-waste and environment friendly disposal practices for e-waste.
3. Encouraging department and society level activities pertaining to e-waste management

Awareness Initiatives

Outreach and education are of utmost importance so that all members of the campus community may value the objectives of the policy and aid in its implementation. This is why Gandhi Academy of Technology and Engineering supports and encourages awareness campaigns, seminars, workshops, conferences and other interactive sessions to facilitate effective implementation of the Green Campus, Energy and Environment policies.

Environment-centric Student Clubs and Department Activities

Gandhi Academy of Technology and Engineering encourages all the departments and specific student societies like Green warriors, NSS, and others to organize events, competitions and training sessions that will bring about positive environmental changes at the grass root level. The college supports departments and student clubs in molding the students into active agents of environment protection and conservation.

Green Warriors

Institutional changes towards sustainability and eco-friendly practices have percolated down to the students which have led more and more students to join Green Warriors. Making the club a compulsory one will provide it a bigger platform to broadcast the institution's environmental values to raise awareness. This will aid the green initiatives and practices that are a part of this policy to grow exponentially.

Green Audit

The college aims to regularly conduct a Green Audit of our college campus to assess our strengths and weaknesses to further our goals of long-term sustainability. A green audit is a useful tool to determine how and where most energy or water or resources are being used. The college can then consider how to implement changes and make savings. It can determine the type and volume of waste. Recycling projects or waste minimization plans can be adopted. It will create health consciousness and promote environmental values and ethics. It provides a better understanding of the impact of ecofriendly practices on campus. Green auditing will promote financial savings through reduction of resource use. It is imperative that the college evaluate its own contributions toward a sustainable future.

Energy Audit

An Energy Audit to be conducted as and when required to further reduce its carbon footprint. The importance of reducing energy consumption cannot be overstated. The energy audit, with its specialized tools will identify wastage of energy. Such an inspection often reveals several different flaws which cause a loss of significant

amounts of energy which the college will not be able to detect. These flaws often have easy and affordable solutions and provide significant savings.

Plastic-Free Campus

Gandhi Academy of Technology and Engineering has been observing most of its duties in terms of solid waste management since its inception. In view of the Government of India's resolution to ban all single use plastics due to the hazardous impact of plastic use and pollution, the college administration strictly bans the use of single use plastics in its premise to make it a 'Plastic Free Campus'.
